

Sponsor the Spay/Neuter of a shelter animal At the Clarke County Humane Foundation

Donor's Information

Name: _____
 Address: _____

 Phone: _____

It is our policy at the Clarke County Animal Shelter that every animal “of age” is spayed or neutered **before** they go home. It is our organization’s promise that we will do our part to help reduce the number of animals who die due to the over-population problem. However our resources are limited and we need the help of our supporters.

You can choose a shelter animal from the list below to be Spayed / neutered and send a check for that amount to:
