Owner/Contractor Agreement

- 1) Adequate control of erosion and sediment by temporary and/or permanent control practices and measures, as determined necessary by Clarke County, are required to be implemented during all phases of clearing, grading and construction in conformance with the Virginia Erosion and Sediment Control Handbook's Minimum Standards and the Clarke County Erosion and Sediment Control Ordinance.
- 2) Silt fence and designated construction entrance must be installed prior to land disturbing activity and must be maintained throughout the land disturbing activity.
- 3) The owner/applicant/contractor agrees that an agent of Clarke County shall be permitted entry to the site in which land disturbing activities are being conducted for the purpose to inspect the E&S control measures, and that failure to comply with the requirements of the Virginia Erosion and Sediment Control Handbook and/or the Clarke County Erosion and Sediment Control Ordinance may result in a Stop Work Order. Such order by the County will result in a re-inspection fee and possible fines and penalties.

**Note:** *Clarke County retains the right to require an Erosion and Sediment Control Plan at a later date, if deemed necessary by the County Erosion and Sediment Control enforcement officer. Applicant is responsible for the disposing of any fill materials from offsite areas, such as soil, rocks, etc. and must notify Zoning Department where materials are coming from and that it is clean and uncontaminated.*

I hereby accept these conditions as witnessed by my signature.
