VDOT Update

Public Information Officer/ClarkE-News Update

To: Board of Supervisors

From: Cathy Kuehner, public information officer

Re: ClarkE-News

Date: Nov. 21, 2023

ClarkE-News is designed to inform and engage residents, and it appears to be doing exactly that. Supervisors and department heads (17 total) received a test newsletter on June 16, 2023, with another test on July 5 to more employees and Berryville and Boyce town managers (27 total). Then, promotion began in earnest using the county website, Facebook, Clarke Monthly, and flyers with QR codes. Our contact list grows with new subscribers added almost daily.

Edition	Recipients	Open Rate*
July 19	42	64.3%
Aug. 2	171	68.4%
Aug. 16	240	70.8%
Aug. 30	274	69.3%
Sept. 13	398	73.9%
Sept. 27	500	67.6%
Oct. 11	671	73%
Oct. 25	705	71.8%
Nov. 8	740	71.1%
Nov. 22 (estimate)	760	

*In 2023, the average email open rate across all industries is 38.49 percent, according to HubSpot, an online marketing and content management resource.

Clarke County's email marketing vendor is iContact. Our contract allows for 2,500 subscribers with an unlimited number of emails ("sends"). Annual cost is \$390.

In addition to sending ClarkE-News to subscribers, iContact provides robust analytics, including:

- number of subscribers who opened each edition
- devices used by subscribers (computer, mobile, tablet) by percent
- number of individuals who clicked on hyperlinks
- specific hyperlinks that individuals clicked and how often they clicked
- number of individuals who unsubscribed (to date the number is zero)

In recent editions of ClarkE-News, individuals have most often clicked on these links:

- Farm Winery, Farm Brewery, and Farm Distillery Regulations explained
- All Points Broadband update
- U.S. 340 Harpers Ferry rockslide project
- Clarke County's web calendar
- Clarke County Election Day information (sample ballots, voting precincts, etc.)
- Clarke County's community resources
- Clarke County employment opportunities
- Town of Berryville website

Presently, subscribers receive ClarkE-News every other Wednesday, and all issues are archived on the county website, making it available to everyone.

Content is intentionally as brief as possible (with hyperlinks to more information), and each edition is limited to five or six news items. The goal is to engage readers without overwhelming.

It is conceivable that ClarkE-News may one day need to be a weekly publication because the county generates a lot of news and information. Certainly, it can be used any time for breaking news (e.g., snow closures, the budget process, Board actions, etc.).

October 17, 2023 Clarke County Board of Supervisors
Regular Meeting
Main Meeting Room

1:00 pm

At a regular meeting of the Board of Supervisors of Clarke County, Virginia, held in the Berryville Clarke County Government Center, 101 Chalmers Court, 2nd Floor, Berryville, Virginia, conducted on Tuesday, October 17, 2023, at 1:00 pm.

Board Members Present: (Afternoon & Evening Sessions)

Matthew E. Bass - Berryville District

Terri T. Catlett - Millwood/Pine Grove District

Doug Lawrence - Russell District

Beverly B. McKay - White Post District

David S. Weiss - Buckmarsh/Blue Ridge District

County Staff Present:

(Afternoon Session) Chris Boies, Catherine Marsten, Cathy Kuehner, Brenda Bennett, Wayne Whetsell, Brandon Stidham, Lorien Lemmon

(Evening Session) Chris Boies, Catherine Marsten, Cathy Kuehner, Brandon Stidham, Jeremy Camp

Constitutional Officers / State Offices / Other Agencies:

(Afternoon Session) Sheriff Tony Roper, Barbara Bosserman, Anne Williams, Ed Carter

(Evening Session) Sheriff Tony Roper

Press: (Afternoon & Evening Sessions) Mickey Powell, the Winchester Star

Others Present:

(Afternoon Session) Jeff Hinson, Mary Ivie

(Evening Session) Josh Johnson, John Foote, Marian Harders, Kyle Rosner, Jimmy Carr, Mark Ponton, Mary Ivie, Clyde Crosswell, Clay Brumback, Diane Harrison, Amy Keeler, various other citizens

Call to Order

Chairman Weiss called the meeting to order at 1:03 pm.

2) Adoption of Agenda

 Add "Closed Session pursuant to §2.2-3711(A)(7) to receive briefing from staff regarding actual or probable litigation" to the end of the afternoon session as item 18.

Supervisor McKay moved to adopt the agenda as amended. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

3) Citizen's Comment Period

No persons appeared to address the Board.

4) Employee of the Quarter Award – 3rd Quarter 2023

Chairman Weiss presented the award to Catherine Marsten and read aloud the following statement:

This employee has been described as irreplaceable by her coworkers and supervisor. She is master of the minutes, fabulous responder to FOIA requests, and the authority on all things administrative. In addition to being exceptional at her actual job, she regularly goes above and beyond to serve this community. She was recently at the animal shelter at six o'clock on a Monday morning to help with a large animal seizure. She not only worked that entire day with the seizure, she made sure the animals were fed and taken care of for the days that followed, and then led the effort to clean up once the animals were transferred out. This is not her only instance of doing "other duties as assigned" and for that and so many other reasons; Catherine Marsten is our employee of the quarter.

5) VDOT Update

Residency Administrator Ed Carter provided the following update for the month of October:

Maintenance Matters

- Completed the slide repair on Tilthammer Mill Road.
- Completed patching operations on Ebenezer Road.
- Trimmed trees on Ellerslie Road, Thornton Road, and Borden Spring Road; will continue additional trimming on Borden Spring Road this month.
- Stabilized road grading, stone application, and pipe cleaning finished on various routes throughout the county; will continue pipe cleaning and additional grading this month.
- Conducted a dry run and equipment preparation for winter weather.
- Primary fence-to-fence mowing is scheduled to begin this week, including the medians.
- Planning for a pipe installation on Featherbed Lane and shoulder repairs on Route 340.

Board Matters

- Norfolk/Southern will close Route 255/Bishop Meade Road October 22 to 26 for railroad bridge repairs.
- Met with representatives from Millwood to discuss the speed tables. A
 preliminary plan will be presented at a citizen meeting on October 30. VDOT
 will allow one speed table on each road coming in, for a total of four.

Supervisor Catlett

- Asked if speed tables cover the full span of the road.
 - Ed Carter affirmed and added that VDOT is waiting for the community group to determine where the tables should go.

Mr. Carter continued the update:

Traffic Engineering is performing a safety study at the Rt 601/Rt 50 intersection to evaluate the possibility of reducing the speed limit to 45 mph.

Chairman Weiss

- Shared a constituent's concern about gravel, dust, and wash boarding on Castleman Road.
 - Ed Carter responded that VDOT has two options to treat roads for dust.
 If there is enough moisture, they can apply chloride once a year. It has

been exceptionally dry this summer, so the only option is to treat the road with brine water, which does not last long.

Supervisor Lawrence

- Inquired how VDOT addresses wash boarding on paved roads.
 - o Mr. Carter answered that the only way to fix it is to dig the area out and build it up with base before putting the topcoat back on.
- Advised that, when the water table is high, there are several places where water runs across Old Charlestown Road and suggested installing larger pipes.
 It would be helpful to replace these pipes and allow traffic to run over them a for while prior to resurfacing.

6) Approval of Minutes

Supervisor McKay moved to approve the minutes of the September 19, 2023 Regular Meeting as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

7) Consent Agenda

Vice Chair Catlett moved to approve the consent agenda as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

Application for Easement Donation – Frank J. & Susan E. Guenther

MEMORANDUM

TO: Board of Supervisors

FROM: Conservation Easement Authority

DATE: October 3, 2023

SUBJECT: Application for easement donation – Frank J. & Susan E. Guenther

Frank J. & Susan E. Guenther have applied to the easement authority for approval of an easement donation. The property is located at 2862 Millwood Road at the intersection of Thornton Road. The property is identified by Tax Map# 30-A-17 and 30-A-29. The main property (TM 30-A-17) consists of 31.43 acres with an existing house (built in 1988) and 1 DUR. The adjacent property (TM 30-A-29) was a 16,497 square foot (0.38 acre) utility lot that the applicant purchased in 1990. The applicant plans to do a Boundary Line Adjustment increasing the utility lot to 3 acres and leaving 1 DUR on that property. The applicant proposes to retire 1 remaining DUR from the main property (TM 30-A-17).

The parcel is zoned AOC and is currently in use value taxation, therefore in accord with the Commissioner of Revenue's requirements, then a donation may be considered if at least two of the following four guidelines are met:

- 1) the parcel's Property Resource Score is at least 35;
- 2) at least one dwelling unit right is extinguished by the conservation easement;
- 3) the parcel is adjacent to a parcel already under permanent conservation easement;
- 4) the property has a minimum area of 40 acres.

The Authority requires that a property meet at least two of the four guidelines for acceptance.

The property meets 3 of the 4 criteria. The property resource score is 54.2, the applicant is retiring 1 DUR and it is adjacent to an existing easement. The property is less than 40 acres. Points were given for retiring 1 DUR, having frontage on Millwood Road, a state designated scenic byway, and being adjacent to an existing easement. The Easement Authority gave final approval for the donation at their September 8, 2023 meeting.

Recommendation: Approve the easement donation of Frank J. & Susan E. Guenther.

Book 26 Page 406

8) Resolution Delegating Authority on Open Burning Restrictions (2023-20R)

County Administrator Chris Boies presented the following:

- The proposed resolution would allow the County Administrator to impose restrictions on open burning when conditions warrant such.
- Any open burning restrictions would be handled like a declaration of a state of emergency: the County Administrator can take action and then Board would affirm or reject that decision at the next scheduled meeting.
- Delegating this authority to the County Administrator allows a more timely restriction to be put in place if conditions warrant it, rather than having to wait several weeks for the next Board of Supervisors meeting.
- This resolution and procedure follow the current ordinance; no code changes would be necessary.

Supervisor McKay moved to adopt the Resolution Delegating Authority on Open Burning Restrictions (2023-20R) as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

Berryville Voting District Matthew E. Bass (540) 955-5175

White Post Voting District Bev B. McKay (540) 837-1331 Russell Voting District Doug Lawrence (540) 955-2144

County Administrator Chris Boies (540) 955-5175

Resolution Delegating Authority on Open Burning Restrictions 2023-20R

WHEREAS Section 93.1(a) of the Code of Clarke County allows for open burning restrictions under certain circumstances; and

WHEREAS Section 93.1(b) of the Code of Clarke County allows the Board of Supervisors to delegate to the County Administrator the authority to promulgate, impose, or rescind open burning restrictions; and

WHEREAS atmospheric conditions or local circumstances may warrant an immediate ban on burning that cannot wait until a regularly scheduled Board of Supervisors meeting.

NOW, THEREFORE, BE IT RESOLVED by the Clarke County Board of Supervisors that the County Administrator is delegated the authority to promulgate, impose, or rescind open burning restrictions in accordance with Chapter 93 of the Code of Clarke County. In the absence of the County Administrator, the County Fire Chief is delegated the same authorities. Actions taken by the County Administrator or County Fire Chief are subject to review by the Board of Supervisors at their next meeting and the Board can affirm or reverse those actions as conditions warrant.

APPROVED AND ORDERED ENTERED in the official re-	cords by the unanimous vote of the Clarke
County Board of Supervisors' members assembled	on the 17 th day of October, 2023.
ATTEST 2023-20R	
	David S Weiss Chair

9) Hazard Mitigation Plan

Fire, EMS, & Emergency Management Chief Wayne Whetsell presented the following:

- The Hazard Mitigation Plan is regulated by FEMA and required to be updated every five years. This plan primarily addresses natural disasters.
- The Northern Shenandoah Valley Regional Commission hired a consultant who worked with the various localities and to complete this required update.
- The Town of Edinburg was the first locality to adopt the updated plan. Clarke will be the second, if the Board agrees. The consultants pulled data from various sources such as the county's website and GIS. Errors can be fixed and

minor edits can be made, but any substantial changes would require readoption by the governing bodies.

Chairman Weiss

- Asked how this Hazard Mitigation Plan (HMP) plays into the county's Emergency Operations Plan (EOP).
 - Chief Whetsell answered that the EOP outlines specific procedures and responses for natural or manmade disasters. The HMP is strategic and focuses on prevention and preparation.

Supervisor Lawrence moved to approve the Resolution to Adopt the Northern Shenandoah Valley Regional Commission Hazard Mitigation Plan (2023-21R) as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

County Administrator Chris Boles (540) 955-5175

Resolution to Adopt the Northern Shenandoah Valley Regional Commission Hazard Mitigation Plan 2023-21R

WHEREAS the Disaster Mitigation Act of 2000, as amended, requires that local governments develop and adopt natural hazard mitigation plans in order to receive certain federal assistance; and

WHEREAS a Hazard Mitigation Plan Update Steering Committee comprised of representatives from Clarke County, Frederick County, Page County, Shenandoah County, Warren County, and the City of Winchester was convened to study the Northern Shenandoah Valley's risks from and vulnerabilities to natural hazards, and to make recommendations on mitigating the effects of such hazards on the Northern Shenandoah Valley; and

WHEREAS a request for proposals was issued to hire an experienced consulting firm to work with the steering committee to develop a comprehensive natural hazard mitigation plan for the Northern Shenandoah Valley; and

WHEREAS the efforts of the steering committee members and the Northern Shenandoah Valley Regional Commission, in consultation with members of the public, private, and non-profit sectors, have resulted in the development of a Hazard Mitigation Plan for the Northern Shenandoah Valley, including Clarke County.

NOW, THEREFORE, BE IT RESOLVED by the Clarke County Board of Supervisors that the Hazard Mitigation Plan dated September 12, 2023, is hereby approved and adopted for the County of Clarke. A copy of the plan is attached to this resolution.

APPROVED AND ORDERED ENTERED in the official records by the unanimous vote of the Clarke
County Board of Supervisors' members assembled on the 17 th day of October, 2023.

10) Board of Supervisors Personnel Committee Items from October 10, 2023

A. Expiration of Term for Appointments Expiring through December 2023

2023-10-10 Summary: Following review, the Personnel Committee recommends the following:

 Reappoint Brian Ferrell to the Industrial Development Authority for a fouryear term expiring on October 30, 2027.

2023-10-17 Action: Chris Boies reviewed the above summary.

Supervisor McKay moved to approve the Personnel Committee recommendation as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

B. <u>Employee Enrichment Workshop Schedule</u>

2023-10-10 Summary: The Personnel Committee heard a brief overview of the county's new internal professional development program. Planned workshop topics include physical fitness, first aid & CPR, household budgeting, and wellness.

2023-10-17 Action: Chris Boies reviewed the above summary.

- Board members are welcome to attend workshop sessions.
- If interest and attendance are strong, staff will plan more workshops for the spring.

11) Board of Supervisors Work Session Items from October 10, 2023

Board of Supervisors Work Session Items
Berryville/Clarke County Government Center, 2nd Floor
101 Chalmers Court, Berryville, Virginia 22611
October 10, 2023, 10:00 am, Meeting Room AB

Board Members Present: David S. Weiss, Matthew E. Bass, Doug M. Lawrence

Board Members Absent: Terri T. Catlett

Officer / Staff Present: Chris Boies, Catherine Marsten, Brandon Stidham, Cathy

Kuehner, Pamela Hess

Others Present: None Press Present: None

2023-10-10 Summary: At 10:00 am, Chairman Weiss called the meeting to order.

A. <u>Legislative Priorities</u>: The Board discussed legislative priorities for the upcoming General Assembly session. The priorities from the previous year were reviewed and the Board asked staff to prepare changes discussed so that the Board may formally vote on the 2024 Legislative Priorities at the October 17 regular meeting.

At 10:38 am, Chairman Weiss adjourned the meeting.

2023-10-17 Action: Chris Boies reviewed the above summary and changes:

- Introductory paragraphs were added to each issue category.
- Under the issue of mental health, added that major state-level reforms are needed.
- Added language to the funding issue to clarify that the State should fulfill
 its financial obligations instead of pushing these costs onto localities and
 that Clarke opposes unfunded mandates and the shifting of fiscal
 responsibility from the state to localities. This is consistent with VACO's
 message.
- Updated the issue of state funding for schools to reference the recent JLARC study, which is something that VACO will bring forward as well. Added language about eliminating the cap on support positions, revising salary and cost assumption calculations, SOQ funding, and staffing ratios as requested by the schools.
- Added a section to the issue of public notice requirements seeking clarification on a recent Virginia Supreme Court ruling about public meeting attendance by members of governing bodies.

- Added the issue of renewable energy commitments, including language asking for closer study and slower implementation of these commitments, as there will be unintended consequences not yet fully understood.
- Updated the Route VA 7 Pedestrian Bridge issue to request state funding to perform studies as outlined in the updated Transportation Plan.
- Staff is still preparing supplemental materials to provide to legislators as attachments.

Supervisor Lawrence moved to approve the 2024 Legislative Priorities and Positions for Clarke County as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

- 12) Board of Supervisors Finance Committee Items from October 10, 2023
 - A. <u>FY23 to FY24 School Division Capital Projects Carryforward</u>: The total proposed FY23 School Division Capital Carryforward amount is \$1,077,519. The amount of the locally funded carryforward request is \$262,455. The remaining \$815,064 is for federal or state funded projects.
 - 2023-10-10 Summary: Following review, the Finance Committee recommends approving the requested carryforward as presented.
 - 2023-10-17 Action: Brenda Bennett reviewed the above summary.
 - The proposed end-of-year adjustments are made after looking at the FY23 ending balances for each project and evaluating project needs for the FY24 budget lines.
 - Most of those adjustments shift budget to cover FY24 expenditures and encumbrances for known HVAC needs.

Chairman Weiss

 Observed that the local portion of this request is significantly lower than in previous years.

^{*} To increase carryforward for HVAC and Security improvement needs in FY24

Supervisor McKay moved to approve the requested FY23 to FY24 School Division Capital Projects Carryforward as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

- B. <u>FY24 School Supplemental Request</u>: The CCPS School Board is requesting an FY24 supplemental appropriation for the ending FY23 School Operating fund balance of \$97,957.
- 2023-10-10 Summary: Following review, the Finance Committee recommends, "Be it resolved that FY24 School Capital Projects budgeted expenditure and appropriation be increased \$97,957, and that the designation of general fund balance for School Operating carryover be decreased in the same amount, all for the purpose of funding the FY24 Capital Projects needs as specified by the School Board at their September 2023 meeting".

2023-10-17 Action: Brenda Bennett reviewed the above summary.

Schools are requesting that the balance remaining in the FY23 School
 Operating Fund be reappropriated to their FY24 capital projects budget.

Vice Chair Catlett moved, be it resolved, that FY24 School Capital Projects budgeted expenditure and appropriation be increased \$97,957, and that the designation of general fund balance for School Operating carryover be decreased in the same amount, all for the purpose of funding the FY24 Capital Projects needs as specified by the School Board at their September 2023 meeting. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

C. <u>FY23 to FY24 Government Capital Projects Carryforward</u>: Per the attached spreadsheet, the proposed FY23 Government Capital Carryforward request amount is \$1,155,765.

2023-10-10 Summary: Following review, the Finance Committee recommends, approving the requested carryforward as presented.

2023-10-17 Action: Brenda Bennett reviewed the above summary.

Supervisor McKay moved to approve the requested FY23 to FY24 Government Capital Projects carryforward as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

- D. <u>FY23 General Fund Transfers</u>: Budgeted expenditure transfer requests for the purpose of covering overdrawn FY23 accounts from underdrawn FY23 accounts.
- 2023-10-10 Summary: Following review, the Finance Committee recommends approving this request as presented.

2023-10-17 Action: Brenda Bennett reviewed the above summary:

- Proposed transfers are adjustments needed to make department budgets whole.
- In general, transfers are made between budgets and departments that are related.

<u>Supervisor Bass</u>

- Inquired about the animal control budget.
 - Chris Boies answered that new shelter personnel was hired at a higher salary and that the sheer number of animals requiring care at the shelter was much higher than before. That budget line should be re-named "Animal Shelter".

Vice Chair Catlett

- Asked the difference between "Refuse Disposal" and "Solid Waste Convenience".
 - Chris Boies answered that "Solid Waste Convenience" is the convenience center at Quarry Road. "Refuse Disposal" covers trash pickup at all dumpster sites and the county's portion of the convenience center sites at Double Tollgate and Shenandoah Farms.

Board of Supervisors Meeting Minutes – October 17, 2023 – Regular Meeting

Book	26
Page	419

Vice Chair Catlett moved to approve the FY23 General Fund Transfer requests as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

E. FY24 Parks Donation Fund Transfer Requests:

1. The Parks and Recreation Department is requesting permission to transfer \$3,908.71 from the Parks Donation Fund to the Parks and Recreation Operating Fund for the purpose of covering the purchase of park benches (\$969.01) and swim team lap lanes (\$2,939.70).

2023-10-10 Summary: Following review, the Finance Committee recommends, "Be it resolved that FY24 Parks Administration expenditure and appropriation be increased \$3,908.71, that donation revenue of the same amount be recognized, and that this amount be transferred from the Parks Donation Fund to the General Fund, all for the purpose of purchasing a park bench (\$969.01) and swim team lap lanes (\$2,939.70)".

2023-10-17 Action: Brenda Bennett reviewed the above summary:

- Request to have amount appropriated into operating budget.
- The revenue will be transferred from the parks donation fund; there
 is no additional local money involved.

Supervisor Bass moved, be it resolved, that FY24 Parks Administration expenditure and appropriation be increased \$3,908.71, that donation revenue of the same amount be recognized, and that this amount be transferred from the Parks Donation Fund to the General Fund, all for the purpose of purchasing a park bench (\$969.01) and swim team lap lanes (\$2,939.70). The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

2. The Parks and Recreation Department is also requesting the remaining balance of the Parks Donation Fund in the amount of \$58,805.96 be transferred to the Capital Projects Fund to help cover the cost of the FY24 Zero Depth Entry Pool project.

2023-10-10 Summary: Following review, the Finance Committee recommends, "Be it resolved that FY24 Capital Projects expenditure and appropriation be increased \$58,805.96, that donation revenue of the same amount be recognized, and that this amount be transferred from the Parks Donation Fund to the Capital Projects Fund, all for the purpose of providing additional funds for the Zero Depth Entry Pool project".

2023-10-17 Action: Brenda Bennett reviewed the above summary.

Supervisor Bass moved, be it resolved, that FY24 Capital Projects expenditure and appropriation be increased \$58,805.96, that donation revenue of the same amount be recognized, and that this amount be transferred from the Parks Donation Fund to the Capital Projects Fund, all for the purpose of providing additional funds for the Zero Depth Entry Pool project. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

F. Sheriff's Office – PSAP Retention Grant

2023-10-10 Summary: Following review, the Finance Committee recommends, "Be it resolved that FY24 Sheriff's Office budgeted expenditure and appropriation be increased \$27,500, and that budgeted revenue from the State by increased and recognized in the same amount, all for the purpose of receiving an FY24 PSAP Staffing Recognition grant for Communications Staff bonus payments".

2023-10-17 Action: Brenda Bennett reviewed the above summary:

- The communications office sought this grant funding in order to provide bonus payments to help alleviate staffing shortages at the communications center, where there are still two vacant positions.
- PSAP stands for Public Safety Answering Point.

Supervisor McKay moved, be it resolved, that FY24 Sheriff's Office budgeted expenditure and appropriation be increased \$27,500, and that budgeted revenue from the State by increased and recognized in the same amount, all for the purpose of receiving an FY24 PSAP Staffing Recognition grant for Communications Staff bonus payments. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

G. FY25 Budget Calendar

2023-10-10 Summary: Following review, the Finance Committee recommends adopting the proposed FY25 Budget Calendar.

2023-10-17 Action: Brenda Bennett reviewed the above summary:

There are no substantive changes to this calendar from last year's version.

Vice Chair Catlett moved to adopt the proposed FY25 Budget Calendar as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

H. Bills and Claims

2023-10-10 Summary: Following review, the Finance Committee recommends approving the September 2023 Invoice History report.

2023-10-17 Action: Brenda Bennett reviewed the above summary.

Supervisor McKay moved to approve the September 2023 Invoice History Report as presented. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

I. Standing Reports

- a. Year to Date Budget Report
- b. Reconciliation of Appropriations
- c. Capital Projects Report

2023-10-17 Action: Information Only.

13) Joint Administrative Services Board Update

Brenda Bennett advised the following:

- The Joint Administrative Services Board met in September and heard an update on the outstanding issues with Benefit Plan Administrators (BPA).
- Staff is still working to resolve specific issues in order to finally close out that contract.
- Progress is being made: two issues are now resolved and two remain. Staff
 intends to resolve all issues and close that fund account out by the end of
 December.
- The auditors will be onsite to conduct fieldwork for the FY23 audit during the week of October 30. There will be a tight turnaround to meet all deadlines, but the auditors should be able to present their finalized report to the Board of Supervisors at the December meeting.
- The newest staff member is fully on-boarded and is a welcome addition. He is working more with payroll and is taking on human resources and benefits tasks.

14) Government Projects Update

Chris Boies provided the following update:

- All Points Broadband will present an update on the broadband project this evening.
- Rappahannock Electric Cooperative has scheduled a call on Monday October
 23 to provide an update from their perspective as well.
- Demolition of the old air handler and chiller is complete at the courthouse.
 Installation of the new air handler and chiller should begin this week.
- Two new generators were included in the capital projects budget. One is needed at the Westwood tower now that emergency communications equipment has been moved there; right now this location is covered by a portable generator. The generator that serves the 911-dispatch center also needs to be replaced. An engineering firm is designing specifications for those projects so that they can be bid out.
- A contract to complete the zero-depth entry at the pool was awarded. Work should begin soon, as all color decisions and tile selections have been made. This project is expected to be complete in time for the regular summer pool season.

15) Miscellaneous Items

None presented.

16) Summary of Required Action

<u>Item</u>	<u>Description</u>	<u>Responsibility</u>
1.	Process approved minutes	Catherine Marsten
2.	Execute approved resolutions	David Weiss
3.	Execute appointment letters	David Weiss
4.	Process appointment to IDA	Catherine Marsten
5.	Process Employee of the Quarter award	Catherine Marsten
6.	Process bills & claims and finance items	Brenda Bennett

Book 26 Page 424

7. Process application for easement donation

Lorien Lemmon

8. Process Hazard Mitigation Plan and forward revisions to NSVRC

Chris Boies/Wayne Whetsell

9. Send legislative priorities to candidates

Catherine Marsten

17) Board Member Committee Status Reports

Supervisor Matthew Bass

Board of Septic and Well Appeals

Nothing to report.

Library Advisory Council

 Submitted a request to the Joint Building Committee to relocate a bench to the exterior of the BCCGC building.

Litter Committee

- Picking suitable locations to install signs and will need to make applications to VDOT.
- o Looking for volunteers to help with litter pickup on October 21.

Josephine School Community Museum Board

Nothing to report.

Legislative Updates

VACO is working on their legislative priorities as well.

Northwestern Regional Adult Drug Treatment Court Advisory Committee

o Meets next week.

Northwestern Regional Juvenile Detention Center Commission

Has not met recently.

Sheriff's Office

o Recently re-accredited.

Town of Berryville

 Holding a public hearing October 24 on D.R. Horton's rezoning proposal for the Friant property.

Parks and Recreation Advisory Board

o Excited for the zero-depth pool entry project.

Supervisor Bev McKay

Town of Boyce

Nothing to report.

Northern Shenandoah Valley Regional Commission

Meets October 19.

Regional Airport Authority

Nothing to report.

Conservation Easement Authority

Nothing to report.

Sanitary Authority

• The sewer plant is very sensitive to temperature changes and the weather has caused some high phosphorus levels recently.

Berryville-Clarke County Joint Building Committee

The library has a bronzed statue bench that was donated to them in 2008. The bench is currently in children's section and the library has requested to place it outside the building. The building committee agreed to bring the request to the Board and the Town Council.

Vice Chair Catlett

 Observed that many visitors come to the building for the library and that seeing the statute bench outside reinforces the library's presence.

Supervisor Bass

 Agreed, adding that the request is consistent with the other Handley Regional Library locations as they all have similar statue benches.

Supervisor Lawrence

Suggested installing in in a gravel area close to the building.

Chairman Weiss

Shared that this request has been in the pipeline for many years. According
to meeting minutes from various groups from 2008-2012, the statue bench
was originally intended to be placed outside the building. The library is part
of the existing building, not an outside agency that is asking to put up a
memorial or statue.

By consensus, the Board agreed to allow the library to place the statue bench outside the Joint Government Center at a location to be determined by the Joint Building Committee, pending agreement by the Berryville Town Council.

Vice Chair Terri Catlett

Career and Technical Education

o Will meet next month.

Historic Preservation Commission

 Held a public hearing for a Certificate of Appropriateness, which was declined. The applicant may appeal the decision within thirty days.

Clarke County Humane Foundation

O Discussing the high number of animals at the shelter and the challenges that presents.

Village of Millwood

Ongoing discussions about speed tables.

Planning Commission

 Condolences to the family of longtime Planning Commissioner Charlie Kackley, who recently passed away.

Community Policy & Management Team

- New CSA Coordinator was hired.
- o Preparing for audit.

Supervisor Doug Lawrence

Berryville-Clarke County Joint Committee on Economic Development & Tourism

Meets October 27.

Board of Social Services

- o Page County director held a great workshop on compassion fatigue.
- Annual report to come in next Board packet.

School Board

Good newspaper coverage recently.

Regional Jail Authority

- Next meeting is in November.
- o Jail seems very well run and is almost fully staffed.

Chairman David Weiss

Fire/EMS Commission

- o Reports on calls and response time show steady improvement.
- The FRAG is working well but there are concerns that it is not a public body and that could create transparency concerns in the future.
- o Will meet again in December and make an official recommendation.

Industrial Development Authority

o Meets October 26.

18) Closed Session pursuant to §2.2-3711(A)(7)

At 2:54 pm, Supervisor Bass moved to enter closed session pursuant to §2.2-3711-(A)(3) for briefings by staff pertaining to probable litigation, where such briefing in open meeting would adversely affect the negotiating or litigating posture of the public body. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

At 3:16 pm, with the members of the Board of Supervisors being assembled within the designated meeting place with open doors and in the presence of members of the public and/or the media desiring to attend, Supervisor Bass moved to reconvene in open session. The motion carried as follows:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

Supervisor Bass further moved to execute the following Certification of Closed Session:

CERTIFICATION OF CLOSED SESSION

WHEREAS, the Board of Supervisors of the County of Clarke, Virginia, has convened a closed meeting on the date pursuant to an affirmative recorded vote and in accordance with the provisions of the Virginia Freedom of Information Act; and

WHEREAS, Section 2.2-3700 of the Code of Virginia requires a certification by the Board of Supervisors of the County of Clarke, Virginia, that such closed meeting was conducted in conformity with Virginia law.

NOW, THEREFORE BE IT RESOLVED, that the Board of Supervisors of the County of Clarke, Virginia, hereby certifies that, to the best of each members knowledge, (i) only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting to which the certification resolution applies, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed or considered by the Board of Supervisors of the County of Clarke, Virginia. The motion was approved by the following roll-call vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

No action was taken following the Closed Session.

At 3:17 pm, Chairman Weiss recessed the meeting.

At 6:32 pm, Chairman Weiss reconvened the meeting.

19) Citizen's Comment Period

Mary Carol Ivie of Dorsey Street in Berryville

I am not against farmers making a living on agriculturally zoned land, used for agriculture. I am against random development and urban sprawl. I oppose the solar farm and established event and wedding venues on agriculturally zoned land.

My family moved to the planned community of Dale City, Prince William County, in 1973. The Rural Crescent was established in 1974 along the western border to preserve the rural part of the county and restrict the urban sprawl. The eastern part of the county, Woodbridge, Manassas, and Dumfries was designated for residence and commercial growth. The Rural Crescent restricted water and sewer. Rural Residential zoning allowed one house to five acres, later changed to ten acres, and agriculture, the dairy farms and the horse farms. It was to stay green and keep that portion of Prince William green.

Slowly, the county chipped away at the Rural Crescent. When Disney announced they were coming, zoning allowances were made to permit water and sewer and build homes in the Gainesville/Haymarket area. This was done secretly by the Board of Supervisors under the guise of bringing revenue into the county. Then came the need for a grocery store (driving 20 minutes to the closest chain grocery store was unthinkable) and next Target and Walmart. New schools and roads were needed to accommodate the urban sprawl. All in the former Rural Crescent.

Today, the Rural Crescent is almost gone. Data centers are threatening the remaining northwestern section. Threatening the Manassas Battlefield and the surviving horse farms. People are asking how could this happen?

We moved to Berryville, Clarke County, to get away from the madness in our once rural home in western Prince William. I am seeing the same thing happen here in our new home in Clarke. Protect the green areas. Don't let Clarke County become like Prince William.

<u>Clyde Crosswell</u> of Crums Church Road in Berryville

I have a couple of questions that might help the information that we gain about the broadband implementation. I wonder how many people have, thus far, signed up in the county. What are the potential numbers of individual sites or hookups? How many are we looking at for homes or businesses or individual hookups? What is the criteria where we will begin hookups instead of just building the infrastructure? What can we as citizens do to assist the planning and decision-making for expediting and easing the process of implementation along the way?

20) All Points Broadband Update

Jimmy Carr, Chief Executive Officer of All Points Broadband, presented the following:

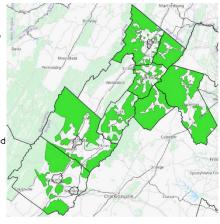

October 17, 2023

- Clarke County is part of the largest broadband deployment project in the history of the Commonwealth of Virginia, as part of an eight county regional project.
- The cost to the county is fixed so the county's contribution to the project will not increase but the cost to All Points Broadband (APB) is likely to increase.
- "Unserved locations" were identified according to the definition of "unserved" was when the grant was applied for.

26

VATI Project Overview

- ~\$300M project
- VATI grant awarded 7/2022, starting 36-month project timeline for substantial completion
- ~3,100 miles distribution fiber and middle mile infrastructure
- Making FTTH broadband available to 41,690 unserved locations
- In partnership with Dominion, Rappahannock Electric Cooperative, Shenandoah Valley Electric Cooperative

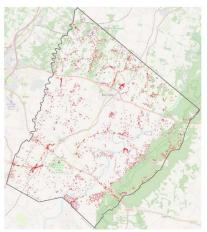

© All Points Broadband 2023

11

Clarke Overview

- Partners:
- · Clarke County
 - NSVRC
- · All Points Broadband
- · Dominion Energy
- Rappahannock Electric Cooperative
- Shenandoah Valley Electric Cooperative
- ~270 miles of fiber infrastructure
- Connecting 3,278 currently unserved locations

© All Points Broadband 2023

| 2

- The Northern Shenandoah Valley Regional Commission (NSVRC) serves as fiscal agent for the project. They handle reporting and compliance, check APB work and reimbursement requests, and manage the grant on behalf of the eight participating counties.
- "Unserved locations" were not served with wired broadband capable of delivering 25 megabits per second (MBps) down and 3MBps up at the time the grant was submitted.

Supervisor Lawrence

- Asked if locations that are already served would be able to hookup if the lines being installed if they so choose.
 - Mr. Carr answered that, until the grant is closed out, APB is only able to build to eligible locations that were included in the grant application.
 When the grant obligations are satisfied, APB could then use private capital to expand the network or offer service to other locations.

Project Status

- · Key dependencies for last-mile deployment:
 - 1) Middle mile capacity in place
 - 2) Utility Make Ready
 - 3) Significant queue of constructable miles

© All Points Broadband 2023

- OSP materials deliveries on schedule and inventory levels consistent with plan
 Reminder: APB does not seek reimbursement or report progress when materials are purchased, only when specific contract milestones achieved
- Project-wide low-level design and utility pole fielding underway in advance of attachment requests for tens of thousands of poles and make-ready construction for tens of thousands of poles

Countywide Network Layout 4 Fiber Service Areas designated based on location density, geography, and network redundancy 25 active and passive cabinets Redundant countywide fiber ring (orange) Field validation complete and QA/QC underway 1st VATI contract milestone to be

NSVRC Initiative Timeline

achieved on schedule in Q4

2023

- · Q3 2022: Low-level design underway
- Q1/Q2 2023: Make ready fielding, engineering and construction commence
- Q4 2023: APB/NSVRC and county partners collaborate to finalize newly eligible locations to add to project
 - Changes in eligibility and base mapping will create opportunity to extend fiber to additional locations
- Q2 2024: Last-mile fiber construction commences
 - · Augusta County initial focus of construction activity

© All Points Broadband 2023

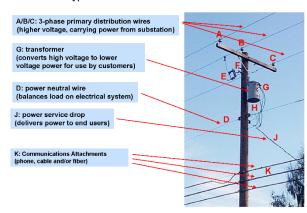

- Q1 2025: Projected commencement of Clarke County fiber construction
 - · Primary schedule determinant is pole make ready cadence
- Q2 2025: Projected commencement of installations in completed FSAs in Clarke County
- · Q3 2025: Substantial completion of last-mile network

© All Points Broadband 2023

| 5

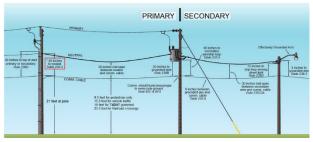

- At the time of the grant application (end of 2021), the definition of broadband was 25MBps down/3MBps up. That definition has changed to 100MBps down/20MBps up. This means there are more locations in the county that will be eligible for state and federal broadband money.
- APB will continue to work with the county to seek additional state or federal money and will not ask the county for any additional funds.
- About 90 days after last-mile fiber construction starts in Clarke, APB expects to start "lighting" customers within the service area.

What is on a Typical Pole?

© All Points Broadband 2023

Why is Make Ready Required?

- The National Electric Safety Code (NESC) establishes certain minimum clearances that must be maintained between various components of the electric grid, telecommunications infrastructure, and the ground
- Some utilities condition access to their poles on compliance with requirements in addition to the NESC, such as the requirement to conduct Pole Loading Analysis (PLA) when certain conditions are present (span length, angle change, etc.)

© All Points Broadband 2023

17

Page

What Does Make Ready Mean?

- Make ready is the process of preparing utility poles to accommodate new communications attachments
- Make ready generally consists of increasing clearances between lines and/or the ground through one or more of the following:
 - 1) relocating communications lines
 - 2) relocating electric equipment
 - 3) adding additional "mid-span" poles
 - 4) replacing existing poles with taller poles
- The first step in the make ready process is pole "fielding", during which data about current conditions is collected in the field to inform subsequent engineering and analysis

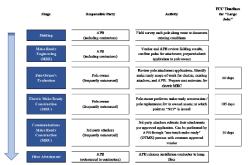

Make Ready Process Overview (oversimplified)

© All Points Broadband 2023

 FCC has established 165-day timeline for "large jobs"

 REC and SVEC have committed to achieving ~1,250 poles/month of NTPs (system-wide)

 APB, REC & SVEC are employing new methods and procedures to meet the shared challenge

© All Points Broadband 2023

| 9

Pole Attachment Status

- To date, APB has completed fielding on 15,364 poles
- 7,834 poles are currently pending pole owner review
- 1,054 poles have received Notice to Proceed (NTP)
- Oldest pending ticket 182 days old, average pending ticket 89 days old
- APB and utility partners ramping make ready cadence to ~4,500 poles/month

 The volume of make-ready work underway in Virginia (and nationally) is <u>unprecedented</u>

© All Points Broadband 2023

| 10

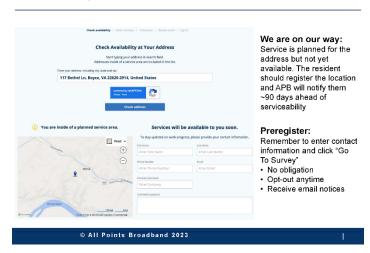

Remaining Eligible Locations Outside the FY22 VATI Project

- The FY22 VATI grant is set for the specific locations included in the polygons included with the application that were not successfully challenged – FY22 VATI grant funding cannot be used for locations outside the approved project
- Because of changes in eligibility criteria and shift to new federal mapping, there
 are additional locations outside the project area eligible for additional state and/or
 federal broadband funding in the future
- APB, NSVRC and County staff are actively working to identify specific solutions for newly eligible locations:
 - 1. APB direct investment
 - 2. FY24 BEAD program (no County match)
 - 3. Referral to other programs / providers
- · How can Clarke help?
 - Send resident inquiries to APBfiber.com
 - · Continue sharing data regarding other unserved areas/locations
 - Assume that most recent FCC data is more helpful but not 100% accurate

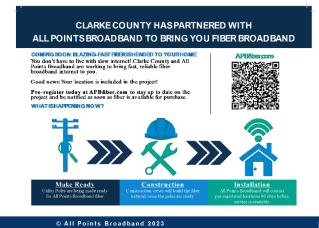

© All Points Broadband 2023 | 11

- Once APB reaches certain milestones, they can start using their own money to build to locations that were not identified in the grant.
- If newly eligible locations are identified, APB will apply for additional state or federal money and permission to expand the project area to serve those locations, without asking the county for additional financial contribution.

Customer Preregistration: APBfiber.com

October Mailer To All Project Locations

1 13

Supervisor Bass

- Inquired about hosting a distribution cabinet on private property.
 - Jimmy Carr responded that engineers will identify potential locations and a site acquisition team will contact property owners to negotiate specific terms if the property owners are interested. The process is privately negotiated and wholly voluntary.

Chairman Weiss

- Thanked Mr. Carr for the update, adding that APB has a daunting timeline for such a large project.
- 21) Public Hearing: REC/Virginia Port Authority Conditional Rezoning (PH2023-11: CZ23-01)

Brandon Stidham, Director of Planning, presented the following:

<u>CZ-23-01</u>, Rappahannock Electric Cooperative (applicant)/Virginia Port Authority (owner)

- Re-zone 65 acres from Agricultural-Open Space-Conservation (AOC) to Highway Commercial (CH) and Historic Access Corridor Overlay District (HAC) subject to conditions proffered by the applicant.
- Located on south side of Lord Fairfax Highway (US 340) between intersections of Featherbed Road (Rt. 644) and Highland Corners Road (Rt. 669).
- Double Tollgate Plan Area Sub-Area B
- Tax Map #27-A-10C
- · White Post Election District (McKay)

Page

Proposed Use

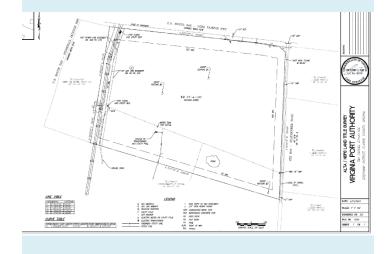

- "Public utility facility" a new regional office for REC to include:
 - Offices
 - Auditorium (for REC training and briefing purposes)
 - Storage yard
 - Fuel tanks and fueling stations for REC vehicles
 - Maintenance shop with wash bay for REC vehicles
 - Indoor storage for vehicles and mobile substations
- Communications tower of approximately 60 feet in height Approximately 41 acres to be developed remainder would be left vacant except for cattle grazing
- Rezoning to CH District is necessary to allow the proposed
- Rezoning to HAC Overlay District is recommended by the Double Tollgate Area Plan "to ensure high-quality, compatible architectural design for structures at the County's southeastern gateway"

Conditional Zoning Generally

- Rezoning "subject to certain conditions proffered by the zoning applicant for the protection of the community that are not generally applicable to land similarly zoned."
- · Va. Code limitations on proffers include:
 - · Rezoning must give rise for the need for the conditions.
 - · Conditions shall have a reasonable relation to the rezoning.
 - Limits on payment for or construction of off-site improvements.
 - Cannot have a proffer that is not related to the physical development or physical operation of the property.
 - Shall conform to the Comprehensive Plan.
- Locality cannot deny a conditional zoning application on grounds that the applicant did not proffer something that was requested by the locality.

Conditional Zoning Generally

- Proffers must be provided in writing prior to advertised public hearing and in accordance with Zoning Ordinance deadlines.
- · Site development plan is not required.
- A survey plat showing the area to be rezoned is required.
- Applicant has provided a "concept development plan (CDP)" that is proffered to govern the overall development of the property.

Key Issues

- Property access:
 - Transportation improvements turn lanes and partial paving of Featherbed Road
 - Citizen concerns regarding the partial paving of Featherbed Road
- Provision of wastewater pump station site per Frederick Water report
- Proffered conditions are provided by applicant to address these issues and mitigate other impacts of the proposed development

Board of Supervisors Meeting Minutes – October 17, 2023 – Regular Meeting

VDOT Comments

- VDOT comments (8/30/2023):
 - No overall objections to the applicant's proposed entrances and improvements
 - Continue to recommend upgrades to Featherbed Road as proffered by the applicant $% \left(1\right) =\left(1\right) \left(1\right) \left$
 - Recommend proffering the U.S. 340 right turn lane onto Featherbed Road this is currently proffered by the applicant subject to warrant analysis to be conducted at site development plan review
 - All transportation improvements should be constructed prior to issuance of an occupancy permit for the facility the applicant has proffered to do this
- Traffic impact analysis (TIA) is required by Zoning Ordinance but not by VDOT requirements $\,$
 - VDOT staff stated that they do not believe a TIA would identify any other required improvements
 - Recommends applicant instead conduct turn lane warrant analyses to determine need for turn lanes and tapers at intersections and access points this will be done for the two improvements noted in the proffers

VDOT Comments (cont.)

- VDOT comments (10/17/2023):
 - Staff asked whether VDOT would require the entrance to be located on Featherbed Road if the applicant was only proposing one entrance
 - VDOT staff "strongly suggest the entrance be on Featherbed Road to help preserve safety and capacity on
 - If a future signal or median is needed on US 340, applicant's US 340 entrance may have to be converted to a right in/right out only entrance
 - Featherbed Road entrance "would both reduce the number of vehicle conflict points and be further away from the US 340/522 signal"
 - VDOT will allow the US 340 entrance "if this is what the Clarke BOS desires'

Proffers 1.1 - 1.3, Development and Use of Property

- Applicant has proffered that the only allowable use will be a "public utility facility" – a new regional office for REC
- "Agriculture" is a permitted use in the CH District cattle grazing can continue until property is developed, may continue on undeveloped area after development at REC's discretion
- No other uses would be allowed unless the applicant applies for a proffer amendment

Proffers 2.1 - 2.2, Building and Site Design

- Development to be in "substantial conformance" with the Concept Development Plan (CDP) - material alterations at site development plan review would require proffer amendment, minor modifications are allowed
- Oil/water separators to be installed and/or collection/ containment facilities to be provided in maintenance and wash areas and will be cleaned at least annually

Proffers 3.1 - 3.5, Transportation

- Property access limited to one entrance on US 340 and two entrances on Featherbed Rd as generally shown on CDP – actual locations to be determined at site development plan review
- US 340 entrance improvements to be constructed prior to issuance of occupancy permit:
 - · Eastbound 200' right turn lane with 200' taper
 - · Westbound 100' left turn lane with 200 ' taper
- US 340/Featherbed Road intersection improvements to be constructed prior to issuance of occupancy permit:
 - Eastbound 200' right turn lane with 200' taper, if warranted at the time of site development plan review
 - · Westbound 100' left turn lane with 200' taper

Proffers 3.1 - 3.5, Transportation

- Featherbed Road improvements to be constructed prior to issuance of occupancy permit:
 - Improve 150' of existing pavement and add 115' of new pavement to point just beyond full property entrance, 24' pavement width with 3' shoulders
 - Southbound 100' right turn lane with 100' taper, if warranted at the time of site development plan review
- Provision of 30' wide interparcel access easement to Tax Map #27-A-10 in a location that is mutually agreeable to both property owners.

Proffers 4.1-4.3, Water and Sewer

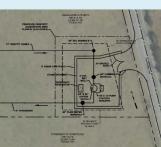

- Connection to future service provided by Frederick County via Frederick Water
- Applicant shall not be responsible for any delays to implementing service
- Applicant to design and construct at their expense all onsite and offsite improvements necessary to provide the service for the demand generated by their development
- Possibility of using well and onsite sewage disposal system on a temporary basis if water and sewer is not available at time of development – shall connect to water and sewer when it is available within 1,000 feet of property line

Proffers 4.1-4.3, Water and Sewer (cont.)

- · Wastewater pump station site
 - If or when requested by Frederick County Sanitation Authority, prior to or as a condition of site plan approval, applicant shall cooperate in good faith with the Authority to identify a mutually acceptable location for a wastewater pump station site.
 - If such a location is identified, the applicant shall dedicate the land for the site and associated easements at no cost to the Authority.
 - Construction of the pump station improvements shall not require a proffer amendment.

Wastewater Pump Station Lot and Easement

Proffer 5.1, Miscellaneous

- Security plan to be provided to Clarke County Fire, EMS, and Emergency Management Department and Sheriff's Office if facility is developed as a secured campus
- · Plan to include information regarding site access

Review Factors

- Conditional zoning regulations require evaluation of applications against 10 review factors set forth in Zoning Ordinance Section 6.3.3(D)
- These 10 factors can be used along with any other factors deemed applicable to determine action on a conditional zoning application.

Review Factors

- Consistency with the Clarke County Comprehensive Plan and any applicable implementing component plans (Double Tollgate Area Plan).
 - · Property is located in Sub-Area B of the Double Tollgate Plan Area
 - Sub-Area B allows for CH District zoning if development is served by public water and public sewer
 - Facility generally would not be expected to cause significant degradation of natural resources (karst, erosion and sediment, and stormwater management plan reviews); proffer to provide collection/separation facilities for waste fluids
 - Transportation improvements are proffered to address impacts to the public road network
 - The proposed use as proffered is generally in accord with the Comprehensive Plan and Double Tollgate Area Plan

Review Factors (cont.)

- Impacts on the County's short-term and long-term fiscal resources (e.g., education, water, sewage, fire, police, rescue, solid waste disposal or other services) and compatibility with the County's capital improvement goals and objectives
 - Facility will have minimal impact on County resources and is expected to provide significant tax revenues
- Potential impacts that would reduce the conservation value of adjacent or nearby agricultural or forestal land or would impede the operations of an active agricultural or forestal operation
 - · Facility will not impact adjacent agricultural land
 - · Cattle grazing will be permitted to continue

Review Factors (cont.)

- Compliance with Virginia Department of Transportation (VDOT) regulations and recommendations of VDOT deemed necessary for safe and efficient movement of traffic
 - VDOT has no outstanding concerns with the applicant's proposed entrances and improvements
- No destruction of or encroachment upon historic or archeological sites, particularly properties under historic easement
 - Applicant's cultural resources desktop review found no adverse impacts to historic or archaeological sites – County's architectural historian concurs

Review Factors (cont.)

- Will not cause an undue adverse impact on the following important resources located on the subject property or surrounding properties:
- · Surface or groundwater resources
- <u>Natural areas</u> (e.g., unique geological features, rare plant habitats, or wildlife nesting areas)
- Areas designated for conservation, recreation, or natural preservation
 - No impacts to environmental resources are noted at this time final determination would be made in conjunction with site development plan review

Review Factors (cont.)

- · Will not cause undue noise, light or glare, dust, odor, fumes, or vibration.
 - Facility is not expected to generate excessive noise, odor, fumes, or vibration that would impact nearby properties
- · Availability of sufficient water for foreseeable needs.
- No unreasonable depletion of or other undue adverse effect on the water source(s) serving existing development(s) in adjacent areas.
 - Sufficient capacity will exist to serve the facility with public water
 - If temporary well is needed, applicant will use water stored in above ground tanks for washing vehicles and equipment
- Effective screening and buffering is provided, or the proposed development will be situated away from adjacent properties, in a manner to avoid causing detrimental visual impacts.
 - Applicant indicates that they will fully comply with the County's landscaping design standards

Citizen Comments

- Two nearby residents expressed concerns with the partial paving of Featherbed Road at the 9/1 Commission public hearing
 - Concerned that improving the Featherbed Road entrance and extending the pavement would encourage more drivers to use the road
 - Questioned the need for a second property entrance given the limited number of regular employees in the office building
 - Noted there are other design options to separate passenger vehicle from truck traffic

Planning Commission Recommendation

- · Duly advertised public hearing was held on July 7
- · Continued public hearing was held on September 1
- Commission voted unanimously to recommend approval of the conditional zoning request subject to the applicant's proffered conditions (dated August 31, 2023)

Staff Recommendation

- Staff has no outstanding concerns with the application.
- Recommend approval subject to the applicant's proffered conditions dated October 4, 2023.

Supervisor Bass

- Opined that the proffer related to water and sewer delays is ambiguous.
 - o Brandon Stidham clarified that the applicant is proffering that they will not be responsible for causing any delays to implementing service.

Mr. John Foote, attorney for the applicant, presented the following:

- Planning Director Brandon Stidham has been a joy to work with.
- Conditional zoning is relatively new to this Board and is a hugely useful tool for the administration of land use because it allows tailoring.
- Proffers would become a part of the zoning of the property, and therefore become enforceable just like the zoning ordinance.
- The applicant worked with staff, VDOT, and Frederick Water to develop this set of proffers to mitigate potential concerns.
- Regarding Featherbed Lane: the prior proposal would have required an extension of pavement that citizens shared concerns about.
- The applicant has no intention of doing anything to disturb the long-term considerations of those who use Featherbed Lane and therefore eliminated 567 feet of pavement from the proposal, after extensive discussions with staff, citizens, and VDOT.
- The office building is not a customer service building, though there will be a kiosk available for customers to pay their bill.
- Two separate entrances are required: one for the office area and one for the lay-down yard area, which is only for use by the applicant.
- Improvements will make it possible for traffic to keep moving safely in both areas.

- The project will increase the assessed value of the real estate and the county will receive tax revenue.
- The project is expected to end up on public water and sewer service provided by Frederick Water.

Supervisor Bass

- Asked if there would be any additional signage on Featherbed Lane.
 - Mr. Foote advised that the applicant is prepared to install a sign saying "End of Pavement" and can discuss additional signage with VDOT.

Chairman Weiss opened the public hearing at 8:04 pm.

Clay Brumback of White Post

No other residents could be here tonight, so I'm representing them as well. We don't have any problem with REC having this facility and what that means. It is a good thing and a whole lot better than the state owning it.

In general, we are taking 65 acres of farmland and turning it into Highway Commercial. I know it is on the plan for Double Tollgate. But, I would like to stop it there at Featherbed. Our issue is really not with paving Featherbed, it is just that it's going to be a really big change for this area. All the extra turning lanes and all that frames it for future stuff down the line and that's where everybody's concerned.

It would be great, when this project does happen, if maybe something could be brainstormed to use the entrance off of 522 through the VDOT area. It's a dual lane, it may be the safest, and it may be the cheapest route. It's just something to consider. As that end of the county is faced with a lot of pressure, with Lake Frederick, Stephens City, and Frederick County all around, I don't want our county to forget about our boundaries either. We need to stick to the plan for the Double Tollgate area and stop it right there. That's the only concern. We certainly appreciate backing off of the paving and the signage offers. But, we just want to make the Board aware that it is a big change down there and we don't want to lose little chunks of our county at a time as we get closer and closer.

Chairman Weiss closed the public hearing at 8:07 pm.

<u>Supervisor Lawrence</u>

- Asked if a traffic impact analysis would be done.
 - Brandon Stidham advised that VDOT recommends performing a turn lane warrant analysis instead.

Vice Chair Catlett

 Agreed that it is a big change and added that this is as good of a change as the county can influence.

Chairman Weiss

Offered compliments on the teamwork and efforts of all involved. The Board does not take this lightly and it is a big action for Clarke. The Double Tollgate plan was developed intentionally and with established boundaries that this Board has no intention of changing. The Board feels it has systematically created the right atmosphere and appropriate legal boundaries for this change, which is a keystone for economic development in that area.

Supervisor McKay moved to approve conditional zoning application CZ23-01 (Rappahannock Electric Cooperative/Virginia Port Authority) to re-zone the property identified as Tax Map #27-A-10C from Agricultural-Open Space-Conservation (AOC) to Highway Commercial (CH) and Highway Access Corridor Overlay District (HAC) subject to the applicant's proffered conditions dated October 4, 2023. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

22) Public Hearing: Campground Regulations Text Amendment (PH2023-12: TA23-01)

Brandon Stidham, Director of Planning, presented the following:

TA-23-01, Campground Regulations

- Proposed text amendment to add a new temporary use, "camping," to Zoning Ordinance Section 5.4 (Uses, Definitions, and Use Regulations – Temporary Uses) and to delete the current uses "campground" and "summer camp" from Section 5.2D (Recreation/Education/Assembly Uses).
- Purpose:
 - Prohibit new permanent campgrounds including those operated as a business, as a non-profit, or as a summer camp.
 - Establish new regulations for the duration of camping activities, the long-term lease of a lot for camping, and temporary event camping.
 - Prohibit temporary or permanent onsite connections for recreation vehicles.

Proposed Text Amendment

- "Camping" would be re-defined as a temporary activity listed as a new temporary use in Section 5.4.
- Current zoning uses "campground" and "summer camp" would be removed from the Zoning Ordinance.
- Development of new permanent campgrounds both as businesses and as year-round facilities for groups and organizations would be prohibited.
- Any existing campgrounds and summer camps previously approved by the County would become non-conforming and would have limited capability to expand.

Proposed Text Amendment (cont.)

- The new temporary use, "camping," would limit <u>all</u> camping activities to:
 - · A total of 30 days in any 60-day period
 - · A maximum of 14 consecutive days
- Allows 180 days of camping in a calendar year and establishes a reasonable limit on the duration of a continuous camping activity.
- Applies to all camping activities being conducted on a lot of record (e.g., time limit would apply to three separate groups camping separately on a lot as a whole, not separate time limits for each group).
- Property owners can have friends and family camp including groups (e.g., church groups, scouts); new regulations would prevent group camping activities from becoming permanent.
- Would help to better distinguish between a legitimate camping activity and persons residing on a lot in a camping structure or RV.

Proposed Text Amendment (cont.)

- New regulations to emphasize temporary nature of camping:
 - Limited to recreational vehicles and temporary structures such as tents or yurts or similar forms of temporary shelter not permitted for permanent residential use.
 - Use of cabins or residential structures for a fee would be regulated as a short-term residential rental.
 - Temporary or permanent onsite connections for recreational vehicles to water, sewage disposal, electric power, or other utilities are prohibited.
 - Does not apply to generators, propane tanks, satellite dishes, and other portable utilities brought to a site on board an RV.

Proposed Text Amendment (cont.)

- Camping activities cannot be publicized as being open to the public or as being the permanent campground for a non-profit or similar organization.
- Temporary campground approval from the Virginia Department of Health (VDH) shall be obtained if required and maintained in good standing.

Proposed Text Amendment (cont.)

- · Long-term lease of a lot (e.g., "river lot camping"):
 - Must have a written agreement between the property owner and each lessee for a minimum term of 30 days.
 - · Limited to two campsites per lot of record.
 - "Campsite" Area designated in a lease for camping by a specified lessee.
 - Each campsite is limited to no more than one RV including travel trailers, fifth-wheel campers, motor homes, pickup campers, and similar vehicles.
 - $\bullet \quad \text{Time limitations apply one lessee with a 4-month lease could:} \\$
 - $\bullet \quad \text{Camp for consecutive three-day weekends throughout the lease period} \\$
 - Camp for 14 days in a row and still have 16 camping days to use over the remaining 46 days in the 60-day period
 - Use the campsite during the day without staying overnight without having the day count towards the total number of camping days used
 - Two lessees camping at separate times would count against the total time limitation for the lot of record

Proposed Text Amendment (cont.)

- Temporary event camping in conjunction with a special event permit or agritourism activity zoning permit:
 - Requires a zoning permit unless approved in conjunction with an agritourism activity zoning permit
 - Temporary campground approval from VDH is required and must be maintained in good standing throughout the event.
 - · Duration is limited to the duration of the event.
 - Camping plan is required with the zoning permit application including:
 - · Areas reserved for campsites
 - $\bullet \quad \text{All facilities required by VDH temporary campground permit} \\$
 - · Any other pertinent information required by the zoning administrator

Citizen Comments

- Planning Commission held public hearing on June 2
- Speaker Lowell Smith text amendment should take into account the possible future need for camping facilities along the Appalachian Trail (AT)
- Proposed that new camping facilities be allowed, either by-right or by special use permit, on lots that meet the following requirements:
 - · Adjacent to AT corridor land owned by the National Park Service
 - Are owned or operated by an IRS-qualified charitable organization with the principle mission being the maintenance and protection of the AT
 - Organization must have an established record of serving the public interest in providing access to and maintenance of the AT including its campground operations

Citizen Comments (cont.)

- Commission deferred discussion of the text amendment to the July 5 Work Session and continued the public hearing to the September 1 Business Meeting
- Commission requested no changes to the text amendment following discussion on July 5

Planning Commission Recommendation

- Continued public hearing was held on September 1
- Commission voted unanimously to recommend adoption of the proposed text amendment

Staff Recommendation

 Staff has no outstanding concerns with the adoption of this text amendment.

Supervisor Bass

 Asked, and Brandon Stidham affirmed, if Watermelon Park would be grandfathered as an existing business.

Chairman Weiss opened the public hearing at 8:23pm.

Diane Harrison of Berryville

This is very complicated. Too complicated, actually. How is enforcement of it going to happen? Eliminating campgrounds from our potential economic development or tourism at this point is crazy, to be honest. If you want a campground, we can put in requirements so you don't have big RVs going down roads. You can look at the state and the national parks regulations for theirs and adopt those into the county. I camp, I do mostly state and national parks. We have some creative capabilities for some of our properties that are just getting auctioned off over the last few months. We could have a camp, we could have ag-camps, where people actually want to come and be participating in those types of things. We have to be creative in what we're doing and this shuts it down. So, I ask that this not happen.

Amy Keeler of Frederick County

We have an adjoining property owner who is a Clarke County resident and who is currently operating a hipcamp business. Our property lines are now being impacted. According to what we've been told he is only allowed two campsites but right now he is operating six campsites. Five are in use pretty regularly. The reason we are

here tonight is that we are experiencing a lot of adverse impacts because of this hipcamp operation. We have had one of the camper's dogs come across the creek and try to bite, which we have on video. If this amendment were to pass, our adjacent property owner would not be able to expand his operation and would not be legally allowed to operate five campsites, as he is doing. He would be limited to just two.

<u>John Levi</u> of Berryville

I have a question on the prohibition for utility hookups. I understand why you would want that. If existing lot owners that have one or two campsites have electrical power already there, are they going to be forced to pull it out or just secure it so it's not usable by campers?

 Brandon Stidham clarified that installing utility hookups would not be permitted.

Supervisor Bass

 Opined that it feels counter-intuitive for county with the Shenandoah River and Appalachian Trail running through it to restrict camping and suggested the matter warrants further discussion.

Vice Chair Catlett

 Shared, and Supervisor McKay agreed, that the county needs to find a balance because it is important to minimize the impacts to neighbors.

Supervisor Lawrence

- Asked if someone could establish a campground through a special use permit process.
 - o Mr. Stidham advised that the proposed text amendment would eliminate that option.

Chairman Weiss closed the public hearing at 8:39 pm.

Supervisor Bass moved to defer action on the proposed text amendment to the December 19 regular meeting and to discuss the matter at the November 6 work session. The motion carried by the following vote:

Matthew E. Bass - Aye
Terri T. Catlett - Aye
Doug M. Lawrence - Aye
Beverly B. McKay - Aye
David S. Weiss - Aye

23) Ad	jou	rn	me	nt

Chairman Weiss adjourned the meeting at 8:41 pm.

24) Next Regular Meeting Date

The next regular meeting of the Board of Supervisors will be held on Tuesday, November 21, 2023, at 1:00 pm in the Berryville Clarke County Government Center, Main Meeting Room, 101 Chalmers Court, Berryville, Virginia.

David S. Weiss, Chairman
Chris Boies, County Administrator
Recorded and Transcribed by Catherine D. Marsten

Board of Supervisors Legislative Luncheon Summary The Barns of Rose Hill 95 Chalmers Court, Berryville, Virginia 22611

November 9, 2023, 11:00 AM

Board Members Present: David S. Weiss, Terri T. Catlett, Matthew E. Bass, Beverly B. McKay

Board Members Absent: Doug M. Lawrence

State Representatives Present: Senator-Elect Timmy French, Delegate-Elect Delores Oates

Other Elected Officials Present: Donna Peake – Commissioner of the Revenue, Anne Williams – Commonwealth's Attorney, Carol Coffelt – Boyce Town Councilor, William Steinmetz – Berryville Town Councilor, Emily Windle – Winchester City Councilor

County Staff Present: Chris Boies – County Administrator, Catherine Marsten, Cathy Kuehner – Public Information Officer, Wayne Whetsell – Chief of Fire, EMS, & Emergency Management

Press Present: Mickey Powell, Winchester Star

At 11:10 am, Chairman Weiss opened the meeting by welcoming Senator-Elect Timmy French and Delegate-Elect Delores Oates to Clarke County and offering congratulations to all the elected officials for their successful campaigns.

Chairman Weiss presented the following 2024 Legislative Priorities and Positions for Clarke County. The legislators asked questions, gave feedback, and discussed the various issues. Staff and local officials provided context and background information as needed.

Top Priorities for 2024

Issue: Local Land Use Control <u>Introduction:</u> Local citizens through their local elected governing body should retain the right to control how their communities grow and develop over time. We strongly oppose any legislation eroding this authority.

Nutrient Credit Trading Program: According to DEQ, 1,082 acres in Clarke County have been converted to generate nonpoint source nutrient credits. This represents the second highest acreage converted of Virginia's ninety-five counties despite Clarke County being 89th out of 95 counties in land area. Entire farms in Clarke County have been converted to trees in order for development to occur in northern Virginia. The impact to prime agricultural land has been real. We request that local governing body approval be required before new nutrient banks are allowed to be created in our locality.

<u>Solar:</u> Goals created by the Commonwealth are placing a lot of pressure on farmland to be converted to solar. Clarke County has allowed a solar installation in the county and our zoning ordinance provides direction on where these facilities may be located. We request the continued authority to locally control zoning for solar so we can prevent important farmland from being consumed. We encourage urban and suburban solar siting alternatives to prevent rural areas from bearing the burden of solar development.

<u>Fill Dirt:</u> We support legislation that allows the County to regulate the dumping of fill dirt, especially dirt hauled from other localities, through local zoning and erosion and sediment control ordinances. We have had properties in Clarke County receive tremendous amounts of dirt from construction sites in adjoining jurisdictions and have received numerous citizen complaints about the truck traffic and erosion and sediment control issues. Statewide exemptions for agricultural fill operations prevent localities from ensuring neighboring lands are not adversely affected by these dumping operations.

lssue: Mental Health <u>Introduction:</u> People who have mental health issues are not always able to receive the help they need. The system is broken and major state-level reforms are needed.

<u>Hospital Beds:</u> The demand for State adult and juvenile mental hospital beds exceeds supply. More capacity needs to be created and initiatives like the crisis stabilization center at Winchester Medical Center and converting the CITAC Center through Northwestern Community Services Board into a 24-hour center need to be fully funded.

<u>Student Mental Health:</u> We support increased budget allocations to address student mental health issues in our local school system.

Alternative Transportation Plan: Law enforcement has no problem transporting clients to a receiving facility but waiting with a client for up to 72 hours or more in the Emergency Room while they wait on placement is not sustainable.

Issue: Funding

<u>Introduction</u>: The State should fulfill its financial obligations instead of pushing these costs onto localities. We oppose unfunded mandates and the shifting of fiscal responsibility from the state to localities.

State Funding for Schools: We urge the General Assembly to address funding issues outlined in the recently released JLARC study on the K-12 funding formula. We support eliminating the cap on support positions, revising how salary and other cost assumptions are calculated, adjusting SOQ funding, and revising staffing ratios. We support a review and rewrite of the local composite index formula. We support using the land-use assessment value rather than full market value in the composite index. We also support eliminating the income factor given that local governments cannot tax personal income. There is a flaw in the formula when a small rural county like Clarke has a higher composite index (.5728) than one of the richest counties in the country, Loudoun County (.5450).

<u>Employee Compensation</u>: We urge the Commonwealth to meet its full funding obligations for Constitutional Officers and their state mandated positions. In addition, if the state provides pay increases for local, state-supported positions, the state should fully fund these increases. We request significant support for teacher pay increases to help retain and attract teachers.

<u>Regional Jails:</u> We appreciate movement in a positive direction on the funding of state prisoners housed in our regional jail. We request funding be based on actual costs as determined by the Annual Jail Cost Report, published by the Compensation Board.

Other Issues of Importance

Issue: Education

Teacher licensing requirements should be made more flexible to enhance the availability of qualified teachers to address the growing teacher shortage. We also support legislation which increases penalties for fake school threats and legislation supporting school antihazing efforts.

Issue: Public Notice/Public Meeting Requirements Support legislation which allows localities to use their websites and social media accounts, instead of print media, to post legally required advertising for public hearing notices, procurement solicitations, and similar items requiring advertisement in a local newspaper. We also seek legislation which makes it clear governing body members can, for informational purposes, attend meetings held on public business matters without public meeting notices so long as the governing body members aren't actively participating in the meeting.

Issue: Renewable Energy Commitments We feel the General Assembly should closely study, and slowly implement, major commitments related to renewable energy. The Virginia Clean Economy Act and legislation requiring Virginia to follow emissions limits set by California will have unintended consequences which have not been fully understood.

Issue: Route VA 7 Pedestrian Bridge The number of people attempting to cross VA 7 on foot at the top of the mountain, near the Clarke County and Loudoun County boundary, continues to increase. This location is very dangerous for pedestrians to cross because of the topography, along with the speed and volume of vehicular traffic. We request state and federal funding sources to construct the proposed elevated pedestrian crossing. We also request state funding to perform studies outlined in our updated Transportation Plan which address the Route 601/Route 7 intersection as well as other critical transportation infrastructure in the County.

Issue: Availability / Quantity and Quality of Water Resources

Availability / Quantity: Clarke supports proactive state action in reviewing and establishing regulations and programs to ensure that localities water sources are protected and that water quantity, as well as quality be protected.

Clarke supports the Commonwealth allowing localities to regulate quantity.

Clarke believes that protecting water availability for residents and local businesses should be a priority by ensuring that future large water users are required to demonstrate through scientific research and water availability studies adequate water supply for the proposed use.

Quality: Clarke supports cost effective measures aimed at reducing loadings of pollutants in state waters from both point and non-point sources but urges the Commonwealth to consider the impacts of such measures will have on both local governments and agriculture.

Clarke believes reliable forms of financial and technical assistance will be required to help localities and agriculture meet the Commonwealth's goals with regard to water quality and quantity.

Issue: Land Conservation Clarke County supports the Purchase of Development Rights program, the Tax Credit program for the donation of easements, the transferability of tax credits.

At 12:45 pm, Chairman Weiss ended the meeting by thanking the legislators for their efforts and willingness to serve as representatives.

Clarke County Board of Supervisors

Consent Agenda:

- Application for Easement Donation Joe& Tamara Myer
- Abstract of Votes November 2023

MEMORANDUM

TO: Board of Supervisors, Chris Boies

FROM: Conservation Easement Authority Alison Teetor

DATE: November 7, 2023

SUBJECT: Request for final approval for easement donation – Joe and Tamara Myer

Joe and Tamara Myer have applied to the easement authority for approval of an easement donation. The property is located at 1689 Brigg Road and is identified by Tax Map# 23-A-55. It consists of 40.2 acres with 2 existing houses that were built prior to 1980, including the main house which is a contributing structure in the Greenway Rural Historic District. The applicant proposes to retire 2 of the 3 remaining DURs.

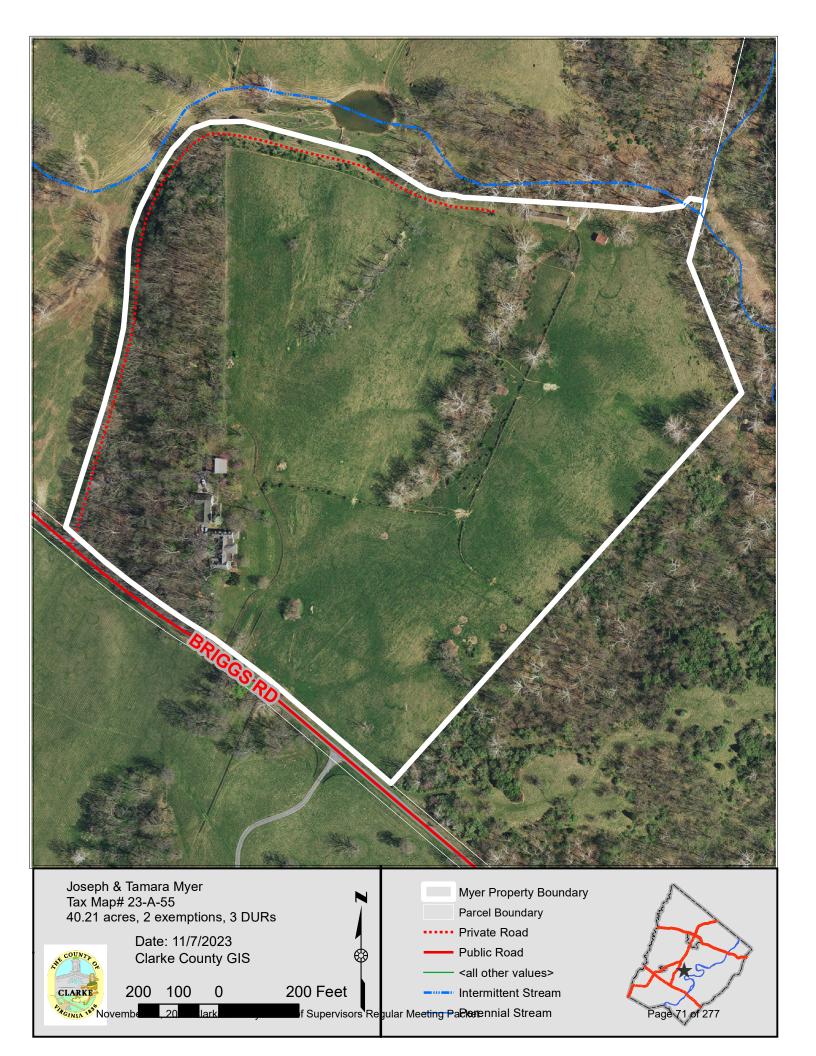

The parcel is zoned AOC and is currently in use value taxation, therefore in accord with the Commissioner of Revenue's requirements, then a donation may be considered if at least two of the following four guidelines are met:

- 1) the parcel's Property Resource Score is at least 35;
- 2) at least one dwelling unit right is extinguished by the conservation easement;
- 3) the parcel is adjacent to a parcel already under permanent conservation easement;
- 4) the property has a minimum area of 40 acres.

The property meets all 4 of the criteria. The property resource score is 78.8, the applicant is retiring 2 DURs, it is adjacent to 2 existing easements and it is just over 40 acres. Points were given for retiring 2 DURs, being within the Greenway Rural Historic District, being adjacent to 2 existing easements, containing a small stretch of Lewis Run and about 1 acre of steep slopes. Site visits occurred on September 19th and September 27th. The easement authority gave final approval and recommended approval to the Board of Supervisors October 13, 2023.

Recommendation

Give final approval to the easement donation for Joe and Tamara Myer, Tax Map# 23-A-55 and authorize the Chair to sign all necessary documents.

ABSTRACT of VOTES

Cast in CLARKE COUNTY, VIRGINIA at the 2023 November General and Special Elections held on November 07, 2023 for,

Clarke County Board of Supervisors

Consideration of 2024-2029 Capital Improvements Plan

TO: Planning Commissioners

FROM: Brandon Stidham, Planning Director

RE: Draft Capital Improvement Plan for Clarke County (2024-2029)

DATE: October 26, 2023

Enclosed you will find a draft Capital Improvement Plan (CIP) for Clarke County (2024-2029) provided by County Administration for your review and formal recommendation to the Board of Supervisors.

As noted previously, the Code of Virginia designates the Planning Commission as the entity that is responsible for preparing the County's annual CIP. Your role in this process is to evaluate the list of proposed projects for the following:

- Conformance with the 2022 Clarke County Comprehensive Plan and any applicable implementing component plans.
- Whether the project descriptions include a justification or need for the project.
- Whether the project maximizes public convenience and accessibility.
- Whether the project avoids extension of public infrastructure outside of designated growth areas which could cause new development pressures (where applicable).

The Commission's role does not include evaluating the cost, phasing, or sources of funding for the projects.

Planning Department Staff has evaluated each of the proposed CIP projects and offers the following recommendations for the Commission's consideration:

Broadband (1 project)

Grant Contribution for Virginia Telecommunication Initiative (VATI) (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	See comments

Planning Staff Comments

Staff has no concerns with the proposed project as it is fully supported by Objective 13, Policy #1 in the 2022 Comprehensive Plan to facilitate the successful completion of this project. While fiber-optic broadband internet may be considered "public infrastructure," it should be noted that

Policy #8 in Objective 1 (Agriculture) specifically excludes "telecommunication and high-speed internet facilities" from "public utilities and other growth inducing public facilities" that should not be extended into agricultural areas and conservation easement lands.

Double Tollgate Sewer (2 projects)

Project 1 Construction of the Double Tollgate Pump Station and Force Main		
(2024-2025, 2025-2026)		
Conforms to Comprehensive Plan?	YES	
Statement of justification/need provided?	YES	
Maximizes public convenience and accessibility?	YES	
No extension of public infrastructure outside of designated growth areas?	YES	

Project 2 – Clarke Portion of Crooked Run Force Main (2024-2025, 2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	YES

Planning Staff Comments

These two projects conform to the 2022 Double Tollgate Area Plan's Guidance. Goal 1 of the Area Plan specifically states that the Plan Area should be served with public water and public sewer to aid in the development of regionally-serving commercial and State government uses. Objective 1 Strategy A states that the County should continue working with Frederick County to extend public water and public sewer to the Plan Area. Staff has no concerns with this project.

Fire & Rescue (4 projects)

Project 1 – Radio System Upgrade – Repeaters (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 2 – Radio Replacement (2024-2025, 2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 3 – Cardiac Monitors (2024-2025, 2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 4 – Apparatus Replacement (each year)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Planning Staff Comments

Staff has no concerns with the proposed projects. All four projects involve scheduled maintenance, replacement, and improvements to existing equipment. All five projects are also directly consistent with Objective 11 (Capital Improvement Planning and Fiscal Responsibility), Policy #7:

Ensure that sheriff, fire, rescue, and emergency management provide the highest level of citizen protection within the fiscal resources of the County. Work with these agencies and departments to ensure that performance measures are established to effectively plan for future capital, personnel, and equipment needs.

Health and Human Services (1 project)

Project 1 – New Building and/or Space (2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	YES

Planning Staff Comments

Staff has no concerns with the proposed project. The current project description does not propose a specific location for the new building but does indicate that it would be located in an area that is currently served by public water and public sewer. This would be consistent with Objective 11, Policy #3 which prohibits extension of capital improvements into areas not designated for growth. Areas currently served by public water and public sewer would also most likely be within a designated growth areas. The ideal location would be in the Town of Berryville where state and local government offices are centralized.

Judicial (2 projects)

Project 1 – Courthouse Green Design (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 2 – Reconfigure Circuit Court Courtroom (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Planning Staff Comments

Staff has no concerns with these proposed projects. Both projects involve maintenance and improvements to the existing Court House and grounds.

Parks & Recreation (4 projects)

Project 1 – Parking for VFW Shelter and Baseball (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 2 – Pool House Renovations (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 3 – Soccer Shelter/Restrooms (2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 4 – Recreation Center Addition (2026-2027)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Planning Staff Comments

Staff has no concerns with the proposed projects. All projects involve maintenance and improvements to an existing facility (Chet Hobert Park) and are generally consistent with the Park's Master Plan.

Sanitary Authority -- CCSA (6 projects)

Project 1 – Building, Roof, and Ventilation Repairs (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 2 – Wastewater Treatment Plant (WWTP) 10-Year Recoating of Tanks (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 3 – Virginia Avenue Lift Station Upgrade (2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 4 – Roseville Lift Station Renovation (2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 5 – Replace Millwood Grinder Pump Stations (2026-2027)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 6 – Replace WWTP PLC Controls (2027-2028)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Planning Staff Comments

Staff has no concerns with the proposed projects. All projects involve maintenance and improvements to existing CCSA facilities and infrastructure.

School System (13 projects)

Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A
140 extension of public infrastructure outside of designated growth areas:	11/11
Project 2 – Boyce Elementary Roof Replacement (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A
Project 3 – Cooley Upper Campus Secure Vestibule (2024-2025)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A
Project 4 – Cooley Lower Roof Top Units (2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A
Project 5 – Cooley Upper Roof Replacement (2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A
No extension of public infrastructure outside of designated growth areas:	1 \ /A
Project 6 – Cooley Upper Roof Top Units (2025-2026)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A
Project 7 – Cooley Lower Replace Exterior Doors and Doorjambs (2026-2	2027)
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 8 – High School HVAC Building Automation (2026-2027)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 9 – Cooley Lower HVAC Building Automation (2026-2027)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 10 – Cooley Lower Roof Replacement (2027-2028)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 11 – Boyce Replace Gym HVAC (2027-2028)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 12 – Central Office Replace Roof Top Units (2028-2029)					
Conforms to Comprehensive Plan?	YES				
Statement of justification/need provided?	YES				
Maximizes public convenience and accessibility?	YES				
No extension of public infrastructure outside of designated growth areas?	N/A				

Project 13 – Softball/Baseball Field Lights (2028-2029)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Planning Staff Comments

Staff has no concerns with the proposed projects. All projects involve maintenance and improvements to existing schools and scheduled replacement of existing vehicle inventory.

Sheriff's Office (5 projects)

Project 1 – Replacement Vehicles (each year)					
Conforms to Comprehensive Plan?	YES				
Statement of justification/need provided?	YES				
Maximizes public convenience and accessibility?	YES				
No extension of public infrastructure outside of designated growth areas?	N/A				

Project 2 – Replacement Radios (each year)	
Conforms to Comprehensive Plan?	YES
Statement of justification/need provided?	YES
Maximizes public convenience and accessibility?	YES
No extension of public infrastructure outside of designated growth areas?	N/A

Project 3 – Upgrade of In-Car Video and Body Worn Camera Systems (2024-2025)				
Conforms to Comprehensive Plan?	YES			
Statement of justification/need provided?	YES			
Maximizes public convenience and accessibility?	YES			
No extension of public infrastructure outside of designated growth areas?	N/A			

Project 4 – Emergency Communications Center Recorder Equipment (2025-2026)				
Conforms to Comprehensive Plan?	YES			
Statement of justification/need provided?	YES			
Maximizes public convenience and accessibility?	YES			
No extension of public infrastructure outside of designated growth areas?	N/A			

Project 5 – Emergency Communications Center Phone System Replacement/Upgrade (2026-2027)					
Conforms to Comprehensive Plan?	YES				
Statement of justification/need provided?	YES				
Maximizes public convenience and accessibility?	YES				
No extension of public infrastructure outside of designated growth areas? N/A					

Planning Staff Comments

Staff has no concerns with the proposed projects. All projects involve maintenance and improvements to existing infrastructure and scheduled replacement of vehicles and equipment. All five projects are also directly consistent with Objective 11 (Capital Improvement Planning and Fiscal Responsibility), Policy #7:

Ensure that sheriff, fire, rescue, and emergency management provide the highest level of citizen protection within the fiscal resources of the County. Work with these agencies and departments to ensure that performance measures are established to effectively plan for future capital, personnel, and equipment needs.

Transportation (1 project)

Project 1 – Pedestrian Bridge over Route 7 (2025-2026)					
Conforms to Comprehensive Plan?	NO				
Statement of justification/need provided?	YES				
Maximizes public convenience and accessibility?	YES				
No extension of public infrastructure outside of designated growth areas?	N/A				

Planning Staff Comments

This project is not currently consistent with the Comprehensive Plan or the Transportation Plan. The project's concept is potentially consistent with Comprehensive Plan Objective 12 (Transportation), Policy #3:

Maintain the existing primary road system at its present level and upgrade it only for safety purposes or planned traffic increases to the extent funds are provided by the Virginia Department of Transportation.

The VDOT study that was completed in the spring and presented to the Board of Supervisors in June provided the following data and information needed to ensure Comprehensive Plan and Transportation Plan conformance:

- Develop a planning-level cost estimate for the project's design, right of way acquisition, and construction and identify funding sources for the project. This will help to determine the project's anticipated time to complete and whether the project would need to be phased for CIP purposes.
- Provide data to support level of service and safety degradation including a justification of how this project would maintain or improve level of service and safety.

Additionally, the Planning Commission is currently working to update the 2015 Transportation Plan and tentatively has included this project in the list of un-prioritized projects. If the revised Transportation Plan is adopted with this project included, it would be consistent with the Comprehensive Plan. Staff recommends continuing to maintain this project on a list to be evaluated in future CIP reviews.

If you have any questions about this review or the Commission's role, please do not hesitate to contact me.

Capital Improvement Plan Clarke County

2024-2029

Section 15.2-2239 of the Code of Virginia assigns the responsibility for preparation of the local Capital Improvement Plan (CIP) to the Planning Commission. The CIP is a five year plan that projects capital expenditures for the County. The County has defined capital expenditures for this plan to include expenditures of \$50,000 and up. The Board of Supervisors ultimately approves the CIP. The CIP is intended to assist the Board of Supervisors in preparation of the County budget; Year 1 items will automatically flow into the upcoming budget year's requests.

In addition to determining priorities for capital expenditures, the County must also ensure that projects contained within the CIP conform to the County's Comprehensive Plan. Specifically, the projects are reviewed with considerations regarding health, safety, the general welfare of the public, and the policies of the Comprehensive Plan.

The inclusion of projects to the CIP is in no way an indication that Clarke County will be undertaking these projects. The CIP is strictly advisory, it is a planning document and does not obligate the expenditure of any future funds. In fact, a number of included projects will not likely be funded unless significant outside funding sources are obtained (like grants or private donations). In many cases, including these projects in the CIP helps the County's chances of receiving certain grants or outside funding sources.

The CIP includes both a spreadsheet of future projects broken down by year with estimated costs and a written narrative describing each project.

2024-2029 Capital Improvement Plan Project Descriptions

Broadband

Project 1: Grant Contribution for VATI

Description: Clarke County has been awarded a state grant under the Virginia Telecommunications Initiative for a regional project submitted by the Northern Shenandoah Valley Regional Commission. This multiyear project will provide universal broadband to unserved areas of the County. The County's total contribution is \$5.4 million with \$2,160,000 being paid in 2022-23, \$2,160,000 being paid in 2023-24, and \$1,080,000 being paid in 2024-25 per an agreement approved between the Board of Supervisors and the regional commission. These payments are made to the regional commission who will pay the vendor, All Points, using these funds and those received from the Commonwealth.

Capital Cost: \$1,080,000

Justification: The lack of broadband infrastructure in Clarke County is the most common complaint received from our citizens. This project will provide universal coverage to the County. The County's contribution is being paid from federal American Rescue Plan Act funds received and operating carryforward provided by the Clarke County Public Schools.

Years Requested: 2024-25

Double Tollgate Sewer

Project 1: Construction of the Double Tollgate Pump Station and Force Main

Description: This project includes the construction of the Double Tollgate Pump Station which will be located near Featherbed Lane, south of Route 340. The pump station will transfer wastewater from properties in Clarke County at the Double Tollgate intersection to the Parkins Mill Wastewater Treatment Plant in Frederick County. The force main leaving the Double Tollgate Pump Station will run west and connect with the force main being constructed by Frederick Water somewhere on the west side of Route 522, south of Dinosaur Land. This project would be built in conjunction with the larger project being managed by Frederick Water.

Capital Cost: \$3,500,000 over two years

Justification: Frederick Water's construction of a force main to transfer sewer from the Crooked Run Wastewater Treatment Plant at Lake Frederick provides Clarke County an opportunity to have sewer service available at Double Tollgate. This is one of the few areas identified for commercial development in the County Comprehensive Plan.

Years Requested: 2024-25, 2025-26 (project is expected to go for bid in early 2024 and be completed by the end of calendar year 2025).

Project 2: Clarke Portion of Crooked Run Force Main

Description: This project is the Clarke County proportionate cost for the force main Frederick Water is building to transfer wastewater from the Crooked Run Wastewater Treatment Plant to the Parkins Mill Wastewater Treatment Plant. Clarke County is buying 150,000 gpd of capacity in this force main from the point where our force main connects near Dinosaur Land to the Parkins Mill plant. This project will go to bid in early 2024 which will help us confirm the construction costs.

Capital Cost: \$3,500,000 over two years

Justification: Being able to participate in this project and pay a proportionate amount is much cheaper than having to build a smaller force main line by ourselves to the Parkins Mill plant. This is critical infrastructure needed for commercial development at the Double Tollgate intersection.

Years Requested: 2024-25, 2025-26 (project is expected to go for bid in early 2024 and be completed by the end of calendar year 2025).

Fire & Rescue

Project 1: Radio System Upgrade-Repeaters

Description: This project involves installing repeater equipment in fire/rescue vehicles. The plan is to test these repeaters in various vehicles in 2023-24, and if significant improvements are realized, additional fire and rescue vehicles would be equipped with repeaters.

Capital Cost: \$105,000

Justification: It is critical that fire and rescue personnel have radio communications when on scene, especially when in an IDLH (Immediately Dangerous to Life or Health) environment.

Year Requested: 2024-25

Project 2: Radio Replacement

Description: This project would replace the aging radios currently used by fire and rescue personnel. We were unsuccessful in obtaining a grant for radios this past year and will spread the costs over two years.

Capital Cost: \$300,000 for two years

Justification: The radios currently in use are over 15 years old and have been discontinued by Motorola. Repair and replacement of these radios has become increasingly difficult and very costly. Radio functionality issues have been increasing over the years. New radios/headsets will improve radio functionality, improve compliance with safety hearing standards, increase interoperability with regional partners, and reduce repair costs.

Year Requested: 2024-25 and 2025-26

Project 3: Cardiac Monitors

Description: These devices are a critical component of care for volunteer and career EMT's and are used in every day responses. The devices can perform functions as simple as reading blood pressure

to as complex functions such as defibrillation. There are currently seven of these devices in the System and this project would replace three devices.

Capital Cost: \$50,000 for two years

Justification: The industry standard for these units is typically between 10-15 years and some of our units are approaching this age. The manufacturer may also choose to suspend support on these older units at any time (they do provide sufficient notice). We are applying for a Rescue Squad Assistance Fund (RSAF) grant for this equipment but if unsuccessful would need County funds for this replacement project. The RSAF is typically a 50/50 split for the County and an 80/20 split if the fire company applies.

Year Requested: 2024-25 and 2025-26

Project 4: Apparatus Replacement

Description: This is a placeholder to create a fund to assist the fire companies in replacing aging apparatus. A system will need to be developed by the companies and county to assess needs, develop funding formulas, and to forecast the timing of major purchases.

Capital Cost: \$50,000 annually

Justification: It is prudent to plan ahead for major apparatus replacement.

Year Requested: Each Year

Health & Human Services

Project 1: New Building and/or Space

Description: This new building would house the Department of Social Services, Health Department, and potentially Northwestern Community Services. We have funds in the current capital budget to perform a more detailed space study and preliminary architectural design to assist with cost estimating. This building would be located in an area currently served by public water and sewer.

Capital Cost: \$1,750,000

Justification: The Department of Social Services is currently located in a former restaurant building and has configuration challenges. There are also limitations to the current Health Department office space. Northwestern Community Services currently uses a small building located next to the School Board office. There are benefits to having the services provided by each entity located close to one another. The County owns the Social Services Department so if that building was sold, the proceeds could be used to help recoup the costs of the new building and the county has started setting aside money in the designated fund balance for this project.

Year Requested: 2025-26

Judicial

Project 1: Courthouse Green Design

Description: This project could involve the next stage of design for the courthouse green. The BOS accepted a master plan level concept plan for the courthouse green which includes improvements to the landscaping, sidewalks, site grading, and a space for an additional feature. A possible next phase would be more detailed drawings of the proposed improvements.

Capital Cost: \$ TBD by BOS

Justification: The Clarke County Courthouse Green Master Plan identified a number of deficiencies in the grounds surrounding the two courthouses and Sheriff's office. Further, the Board has accepted the recommendations of the Monument Committee who recommended a second feature be added on the courthouse green.

Year Requested: 2024-25

Project 2: Reconfigure Circuit Court Courtroom

Description: This project would reconfigure the layout of the existing Circuit Court Courtroom and address ADA issues. The jury sitting area would be squared up with the room and made level for ADA compliance. We are currently working with an architect on a preliminary design. The project would include new furnishings such as new juror chairs in the courtroom and juror room, new juror room table, AV equipment with speakers, a possible white noise machine, lighting, and other improvements.

Capital Cost: \$300,000

Justification: The existing Circuit Court Courtroom layout creates challenges for court proceedings. There are ADA issues because of the sunken floor in the middle of the courtroom. In addition, the current space places jurors very close to the audience with some jurors actually having their back to the audience.

Year Requested: 2024-25

Parks & Recreation

Project 1: Parking for VFW Shelter and Baseball

Description: Extend current parking lot at the VFW shelter to provide more parking for the shelter and for the tee ball field. This project replaces the previous project of adding a new baseball field as Little League and the Parks & Recreation Advisory Board felt this was more of a priority.

Capital Cost: \$125,000

Justification: At certain times, parking demand in the park exceeds the number of available spaces.

Park patrons are parking in the grass or along roads which is creating safety issues.

Year Requested: 2024-25

Project 2: Pool House Renovations

Description: This project would renovate the existing pool house at Chet Hobert Park. This would include upgrading the fixtures, a new roof, and painting the exterior and interior.

Capital Cost: \$50,000

Justification: The existing pool house is showing its age. We receive complaints about the condition of the restrooms and the exterior is showing wear.

of the restrooms and the exterior is showing wear.

Year Requested: 2024-25

Project 3: Soccer Shelter/Restrooms

Description: The Soccer League has requested a shelter and restrooms near the soccer fields. This project would include the extension of water and sewer to this area of the park or could possibly involve the installation of a drainfield and the use of the existing agricultural well.

Capital Cost: \$100,000

Justification: The soccer fields are heavily used but there is not currently infrastructure on that side of the park to accommodate players, coaches, and parents who participate in soccer events. We will explore grant opportunities and possible matching contributions from the Soccer League for this project.

Year Requested: 2025-26

Project 4: Recreation Center Addition

Description: Add new 40 x 30 multi-purpose room to the back of recreation center and convert the current multi-purpose room to a weight room. The current weight room then would become a small meeting room.

Capital Cost: \$650,000

Justification: The current exercise room is extremely small and can accommodate a limited number of people at a time. We would like to expand that into the current multi-purpose room and add a larger multi-purpose room that could accommodate more people for bigger rentals and classes. Our current room can only accommodate 75. We would also make the current weight room into a small meeting room that could be used for programs for individuals or small groups as well as a meeting room that could be rented to accommodate smaller groups.

Year Requested: 2026-27

Sanitary Authority

Project 1: Building, Roof, and Ventilation Repairs

Description: This work involves building, roof, and ventilation repairs over the old portion of the

wastewater treatment plant in Boyce.

Capital Cost: \$445,000

Justification: This work has been recommended by consultants for safety and upkeep reasons.

Year Requested: 2024-25

Project 2: WWTP 10-year Recoating of Tanks

Description: This project involves recoating tanks at the Boyce wastewater treatment plant.

Capital Cost: \$225,000

Justification: This is regular maintenance of these tanks to extend the effective life expectancy of

these assets. Recoating of these tanks protects the tanks from wear and tear over time.

Year Requested: 2024-25

Project 3: Virginia Avenue Lift Station Upgrade

Description: The Virginia Avenue lift station is planned to be upgraded with new controls, piping, and

valves.

Capital Cost: \$60,000

Justification: Consultants have recommended reviewing this station for capacity as well as replacing

the pumps.

Year Requested: 2025-26

Project 4: Roseville Lift Station Renovation

Description: This project involves renovating the existing Roseville lift station to provide new controls,

piping, and valves.

Capital Cost: \$60,000

Justification: This is regular maintenance of this lift station as recommended by our consultants.

Year Requested: 2025-26

Project 5: Replace Millwood Grinder Pump Stations

Description: This project would replace the grinder pump stations currently in use for the sewer line

in Millwood.

Capital Cost: \$120,000

Justification: This follows a replacement schedule as recommended by our consultants.

Year Requested: 2026-27

Project 6: Replace Wastewater Treatment Plant PLC Controls

Description: The PLC controls at the wastewater treatment plan in Boyce would be replaced.

Capital Cost: \$175,000

Justification: This follows a replacement schedule as recommended by our consultants.

Year Requested: 2027-28

School System

Project 1: School Bus Replacement

Description: The schools have a schedule to replace one school bus each year.

Capital Cost: \$119,000 with an inflationary increase each year

Justification: The school bus replacement schedule has been developed to replace older, high mileage

buses.

Year Requested: Each year

Project 2: Boyce Roof Replacement

Description: The existing (shingle) roof at Boyce Elementary would be replaced.

Capital Cost: \$300,000

Justification: The existing roof is beyond the warranty period and shingles have become brittle

indicating the need for replacement.

Year Requested: 2024-25

Project 3: Cooley Upper Campus Secure Vestibule

Description: The Cooley Upper Campus needs a secure vestibule for safety and security.

Capital Cost: \$50,000

Justification: The current entrance to Cooley Upper Campus does not have a secure vestibule and the

safety team strongly recommends it. All other schools have a secure point of entry.

Year Requested: 2024-25

Project 4: Cooley Lower Roof Top Units

Description: The HVAC unit over the Boy's Locker Room would be replaced.

Capital Cost: \$125,000

Justification: The current units require significant maintenance. The equipment is old and not easily

repaired.

Year Requested: 2025-26

Project 5: Cooley Upper Roof Replacement

Description: This project involves the replacement of roof at Cooley Upper.

Capital Cost: \$300,000

Justification: It's anticipated that enrollment increases will require additional grade levels to be added to CUC. By this timeframe, this roof will be beyond the warranty period and expected life. The integrity of the roof protects all assets located within the building. When replacing the roof, the RTU's

need to be replaced simultaneously.

Year Requested: 2025-26

Project 6: Cooley Upper Roof Top Units

Description: This project involves the replacement of the 3 large RTU's in the Kitchen/Cafeteria and

20 RTU's for classrooms.

Capital Cost: \$500,000

Justification: One large RTU has failed and 3 classroom RTUs have been replaced. Remaining RTU's

need to be replaced.

Year Requested: 2025-26

Project 7: Cooley Lower Replace Exterior Doors and Doorjambs

Description: Replace all exterior doors and doorjambs at Cooley Lower.

Capital Cost: \$100,000

Justification: The current frames and doors are original to the building and are beginning to rust and

not function properly. Replacement would increase the level of building security.

Year Requested: 2026-27

Project 8: High School HVAC Building Automation

Description: The building automation system which control the heating and cooling in the building

would be upgraded.

Capital Cost: \$300,000

Justification: The BAS would be an upgrade of software and operating system. The existing system is

no longer supported by the manufacturer. Recommend bundling with Cooley Lower BAS.

Year Requested: 2026-27

Project 9: Cooley Lower HVAC Building Automation

Description: The building automation system which controls the heating and cooling in the building

would be upgraded.

Capital Cost: \$200,000

Justification: The BAS would be an upgrade of software and operating system. The existing system is

no longer supported by the manufacturer. Recommend bundling with High School BAS.

Year Requested: 2026-27

Project 10: Cooley Lower Roof Replacement

Description: This project involves the replacement of the roof at Cooley Lower.

Capital Cost: \$300,000

Justification: By this timeframe, this roof will be beyond the warranty period and expected life. The

integrity of the roof protects all assets located within the building.

Year Requested: 2027-28

Project 11: Boyce Replace Gym HVAC

Description: The HVAC units over the gym at Boyce Elementary would be replaced.

Capital Cost: \$100,000

Justification: The current units require significant maintenance. The equipment is old and not easily

repaired.

Year Requested: 2027-28

Project 12: Central Office Replace Roof Top Units

Description: This project involves the replacement of the RTU in the main conference room.

Capital Cost: \$60,000

Justification: This unit is original to the space and will need to be replaced.

Year Requested: 2028-29

Project 13: Softball/Baseball Field Lights

Description: Install lights at the CCHS Softball and Baseball fields.

Capital Cost: \$600,000

Justification: The CCHS fields are the only fields in our district without lights. A community group has expressed interest in fundraising to support this project and has collected a turnkey estimate of

\$596,000 and a materials-only estimate of \$353,000.

Year Requested: 2028-29

Sheriff's Office

Project 1: Replacement Vehicles

Description: This is a standard rotation schedule of three new police cruisers each year.

Capital Cost: \$177,000 with an inflationary increase each year

Justification: This replacement schedule ensures older cruisers are retired when mileage and vehicle

maintenance thresholds are reached.

Year Requested: Each year

Project 2: Replacement Radios

Description: This project would over time replace the 2007 radios currently in use by Sheriff's

Deputies. The plan is to replace these units only as they discontinue working.

Capital Cost: \$50,000 each year

Justification: The existing radios are no longer being serviced by the manufacturer and performance

issues of this critical equipment continue to become more prevalent.

Year Requested: Each year

Project 3: Upgrade of in-car video and body worn camera systems

Description: Purchase a new in-car camera and body worn camera system

Capital Costs: \$270,000

Justification: The current provider of camera systems are not meeting the needs of the Sheriff's Office. With limits in storage capability, Deputies are frequently investigating incidents, and their equipment stops working due to the storage being full. Also, the service provided has become worse. There are no local shops that can work on our equipment. We have to un-install equipment and mail it back to the company in Kansas. While this takes place, our Deputy is without recording capability. The public expects Law Enforcement to record their interaction with the public. The vendor we have chosen has a shop located in Winchester. The vendor also has a program where the costs can be spread out over 5 years.

Year Requested: 2024-25

Project 4: Emergency Communications Center Recorder Equipment

Description: This equipment records all 911 calls, administrative lines, and radio traffic.

Capital Cost: \$50,000

Justification: The projected cost in 2025-26 is based on a normal replacement schedule. This

equipment will not be replaced if it is still functioning properly and can be serviced.

Year Requested: 2025-26

Project 5: Emergency Communications Center Phone System Replacement/Upgrade

Description: This project is the switchover from copper lines in the emergency communications (911)

center to IP based NextGen 911.

Capital Cost: \$150,000

Justification: This is a Commonwealth initiative and will be covered by state funds (Commonwealth of Virginia 911 Wireless Fees). The first phase was completed this past year and the second phase in 2026-27 is based on the expected normal phone replacement schedule. This phase will not occur if the equipment is still current and functioning properly.

Year Requested: 2026-27

Transportation

Project 1: Pedestrian Bridge Over Route 7

Description: This project would involve the construction of a pedestrian bridge over Route 7 at the top of the mountain near the Loudoun County boundary.

Capital Cost: \$5 million

Justification: Pedestrian traffic crossing Route 7 at the top of the mountain continues to increase. This has created a serious safety issue as vehicles traveling in both directions are moving at a high rate of speed and the topography and curves limit visibility. This project would require state and federal funds to construct. The County has participated with other partners in a study this year to examine the feasibility of this improvement.

Year Requested: 2025-26

Personnel Committee Items

Berryville/Clarke County Government Center, 2nd Floor 101 Chalmers Court, Berryville, Virginia 22611

Board of Supervisors Work Session Items Berryville/Clarke County Government Center, 2nd Floor 101 Chalmers Court, Berryville, Virginia 22611

November 6, 2023, 10:00 AM, Meeting Room AB

Board Members Present: David S. Weiss, Matthew E. Bass, Terri T. Catlett, Beverly B. McKay, Doug M. Lawrence

Board Members Absent: None

Officer / Staff Present: Chris Boies, Catherine Marsten, Cathy Kuehner, Brandon

Stidham

Others Present: None

Press Present: Mickey Powell, The Winchester Star

2023-11-06 Summary: At 10:02 am, Chairman Weiss called the meeting to order.

- A. <u>Budget Priorities</u>: The Board reviewed budget priorities from last year and decided that the two most important priorities are employee recruitment/retention and equalizing the real estate tax rate after the reassessment is completed.
- B. <u>Capital Improvements Plan</u>: Staff went through the entire Capital Improvements Plan included in the packet. There was discussion about removing the pedestrian bridge because the Transportation Plan of the Comprehensive Plan has not yet been adopted and there was also discussion about moving the project out one more year. By consensus, the Board agreed to forward the Plan for consideration at the regular meeting in November.
- C. <u>Campground Regulations Text Amendment (PH2023-12: TA23-01)</u>: The Board continued discussion from the October 17 regular meeting on the proposed text amendment. Some members of the Board felt there were no viable places for commercial campgrounds in the county, while others advocated to keep commercial campgrounds in the ordinance as a special use permit, possibly with additional regulations and criteria. After a lengthy discussion, it was decided that each Board member would reach out to their respective Planning Commissioners about this topic. By consensus, the Board decided to continue discussion of the text amendment at the December work session. The Board requested that staff provide examples of related ordinances from other localities.

At 11:27 am, Chairman Weiss adjourned the meeting.

Re: FY 25 Budget Priorities

Date: October 31, 2023

The November 6th work session agenda includes a discussion item on the Board's FY 25 budget priorities. Staff is looking for general direction as we begin the FY 25 budget process. The budget calendar adopted by the Board notes department heads can meet with the Finance Director and County Administrator during December for input before budgets are due in January. Having some general direction from the Board helps guide these conversations. Last year, the Board prioritized a tax cut, employee compensation, and broadband as significant priorities.

Re: Capital Improvements Plan

Date: October 31, 2023

The attached Capital Improvements Plan (CIP) is a compilation of requests submitted by various county departments, the school system, and the sanitary authority. The CIP is a planning document that allows the County to forecast future capital needs. There is no obligation for the Board to fund any of the projects in the plan and we will pursue grant funding for some of the items listed. We define capital projects as those estimated to cost \$50k or more.

The Code of Virginia calls for the Planning Commission to develop and recommend the CIP to the Board. The Planning Commission will review the CIP at their October 31st work session meeting and will possibly take action at their November 3rd business meeting. If the Planning Commission makes a recommendation at the November 3rd meeting, the Board could act on the plan at their November 21st meeting. The CIP is being placed on the Board's November 6th work session agenda to allow for a thorough review of the requests before the Board is asked to act on the CIP.

RE: TA-23-01, Campground Regulations

DATE: October 27, 2023

The following documents are provided to assist with the Board's deliberation of the campground regulations text amendment:

- Excerpts from Planning Commission minutes. This document contains excerpts from the minutes of the ten meetings at which the Planning Commission (5 meetings) and their Policy & Transportation Committee (5 meetings) discussed the text amendment. This should provide a good overview of the policy issues that commissioners deliberated in developing the text amendment.
- July 5 Commission staff report and supporting documents. As you may recall, the Commission deferred action on the text amendment at their June public hearing in order to consider comments from speaker Lowell Smith regarding allowances for commercial campgrounds along the Appalachian Trail (AT). The enclosed staff report was drafted to assist the Commission in discussing this issue at their July 5 work session. Also enclosed are two maps depicting property ownership along the AT (Federal, State, private) and a copy of Mr. Smith's comments.

A copy of last month's staff report is also attached for your reference. If you have any questions in advance of the work session, please do not hesitate to contact me.

EXCERPTS FROM MINUTES OF PLANNING COMMISSION DISCUSSIONS TA-23-01, CAMPGROUND REGULATIONS

October 26, 2022 Policy & Transportation Committee meeting

Mr. Stidham reviewed the Staff memo for this policy discussion to evaluate the current campground regulations and determine whether they need to be updated.

Commissioner Kreider noted that the current regulations do not address sanitary facilities for campgrounds. Mr. Stidham agreed and noted that the Virginia Department of Health (VDH) requires permits for temporary and permanent campgrounds that regulate bathroom facilities and drinking water. He added that VDH staff recently informed him that any event held at the fairgrounds that has three or more campsites will require a temporary campground permit. Commissioner Glover asked if there are zoning regulations that dictate when portable toilets need to be removed from a property. Mr. Stidham replied that those regulations are included in the Zoning Ordinance requirements for development along the river.

Mr. Stidham reviewed the list of policy questions in the Staff memo beginning with what the scope of camping should be. Commissioner Glover stated that the seasonal rental of lots along the river has been taking place for many years. He said he does not see this practice conforming to the current regulations and also does not think that the lot owners would comply with any regulations we develop. Mr. Stidham asked Commissioner Glover if he knew of any river lots with more than two campsites or that appear to have more than two campers at a time. Commissioners Glover and Kreider replied yes and Commissioner Dunning said it is his understanding that people do what they want to do with their river lots. Commissioner Glover said that owners of lots with significant frontage will often delineate separate lots for rental either with ropes or markers. He gave one example of a lot owner with 40 delineated lots that are rented throughout the year and there will usually be more than two campers or tents at any given time there. Mr. Stidham asked if the delineated lots are on a single lot of record or multiple lots. Commissioner Glover replied that it is all on one lot of record.

Commissioner Dunning asked if the focus of the camping issues is only on properties along the river or whether there are camping problems elsewhere in the county. Mr. Stidham said that there are no specific examples that come to mind but he gave the example of a property owner hosting frequent private camping parties in which 12-15 RVs come to the property each weekend. He said if this occurs on a private road and neighbors complained, technically this volume of camping would constitute a campground.

Mr. Stidham stated that a policy decision to make is whether we want to regulate private camping activities or whether we want to treat them as private parties/activities and not regulate them at all. He reiterated that the current regulations leave it open to interpretation as to whether private camping of three or more campsites constitutes a campground, adding that the previous example of 12-15 RVs at a private weekend camping event would be considered a campground. Commissioner Dunning noted that this example would likely be a problem but we should not create regulations if this type of activity is not currently taking place in the county. Commissioner Kreider agreed unless money was exchanging hands for the camping activity.

Commissioner Glover said that the renting of river lots would fall into this category and Commissioner Dunning agreed that this activity should be regulated. Mr. Stidham noted that a good thing about the current regulations is that we do not need to prove that money is exchanging hands in order for the activity to be considered a campground, adding that this is often difficult to prove. He noted that it would be very difficult to prove that the river lots are being leased unless a tenant provided the evidence.

Mr. Stidham moved on to the next policy question about what constitutes a campsite. Commissioner Dunning asked if there is a minimum lot size for a campsite and Mr. Stidham replied that the definition only refers to a delineated area. Mr. Stidham added that any complaints that we receive about camping activities would likely be based on the volume of people camping and not necessarily on a delineated area. He added that we may not need to regulate based on the number of campsites, although that would be more relevant if we expanded the use regulations for commercial campgrounds.

Commissioner Glover suggested focusing on what the overall goal of the regulations should be for the county. He said that he did not know about the volume of zoning complaints for camping on river lots but that residents know to call the police if noise from the camping activities becomes excessive. He noted that his biggest concerns along the river are portable toilets being carried away in floods and unauthorized disturbance of the river banks. He added that the actual camping activities are not a problem. Mr. Stidham said that this is an important point because all of Commissioner Glover's concerns are currently regulated by other parts of the Zoning Ordinance. He added that river camping is not seen as a problem because it is part of the character of the river, and Commissioner Kreider added that river camping has been going on for a long time. Mr. Stidham said that these camping activities would likely be a problem everywhere else in the county, in particular if conducted on vacant lots served by private roads.

Mr. Stidham asked the members if they wanted to continue not regulating private camping as a use. Commissioner Dunning said if you have a delineated area on your property for regular camping, you can almost assume that it is being used as for-profit camping. Commissioner Kreider said that there are clearly delineated camping lots along River Road. Mr. Stidham asked if someone came in today to rent out 40 lots along the river for camping, would we want to regulate that activity. Commissioner Kreider said that should be treated as a commercial campground and the other Committee members agreed. Commissioner Dunning suggested creating regulations based on the number of delineated camping areas on a lot. Mr. Stidham asked the members what they thought about allowing a maximum of two delineated areas for camping per lot of record. Commissioner Dunning replied that he thought this was fair. Commissioner Kreider suggested using a per acre basis for the regulations. Commissioner Glover suggested using a per night metric. Mr. Stidham replied that when considering new regulations you also have to consider their enforceability and it would be very difficult for Planning Staff to prove how many nights a camping activity took place. Commissioner Dunning said that this is especially true on weekends. Mr. Stidham noted that the property owner with 40 lots is probably in violation of the current regulations. He asked Commissioner Glover if there are a significant number of lots along the river that are taped off or otherwise delineated and Commissioner Glover replied yes.

Mr. Stidham asked the members if it would be possible to approve a new commercial campground in a compatible location anywhere in the county, or is commercial campgrounds a use that we should consider prohibiting. Commissioner Dunning asked if it would be fair to require someone to go through the application process while all the illegal camping activities are still occurring. Mr. Stidham clarified that this would be for an actual commercial campground with delineated lots and amenities operated as a full-time business. Commissioner Glover said that the impacts of a full-time business would be greater than the current weekend operations. Commissioner Kreider asked who would complain if the use were removed. Mr. Stidham replied that none of the existing campgrounds should complain. He added that this is similar to the commercial kennel use that was removed from the Zoning Ordinance several years ago as it was determined that the use was no longer compatible in any location in the county. He noted that if you cannot constrain a use to a compatible level with any use regulations, then it might be better to remove the use. Commissioner Glover said a big concern with commercial campgrounds is onsite sewage disposal and this becomes an issue when the business is being run full-time. Mr. Stidham said that you can come up with several reasons why a commercial campground could not be approved along the river but said it becomes more difficult if, for example, a KOA Campground was proposed to be located in the AOC District away from the river. Commissioner Glover said that onsite sewage disposal remains an issue. Mr. Stidham suggested the members contemplate whether a campground application in which onsite sewage disposal and all other technical requirements could be worked out would be compatible in any county location.

Commissioners pondered whether there is an interest in developing new commercial campgrounds and Mr. Stidham noted that two campgrounds were recently considered in Loudoun along Blue Ridge Mountain Road. Commissioner Dunning asked where people are currently camping in that area. Commissioner Glover noted Bear's Den lodge and various cabins and shelters along the Appalachian Trail. Mr. Stidham said there may be interest in high end camping or "glamping" and Commissioner Dunning noted that this could draw interest from people wanting to host weddings and events. Commissioner Kreider said we should consider prohibiting commercial campgrounds like we did with commercial kennels. He added that these uses have numerous impacts on surrounding properties including noise and light. Mr. Stidham said that if we want to continue allowing commercial campgrounds, we would need to develop a more robust set of use regulations than what we currently have. Members briefly discussed Watermelon Park's recent focus on RV camping and exclusion of tent camping. Mr. Stidham replied that this could be a sign that there is a demand for RV camping. Commissioner Kreider noted that there has not been serious interest in some time for a new campground. Commissioner Dunning asked what would happen to the existing campgrounds if the use was prohibited. Mr. Stidham replied that they would become nonconforming uses.

Mr. Stidham said that if you prohibit commercial camping, the next level is the leased lot camping. He added that we could create a new set of regulations for this form of camping. Commissioner Dunning asked for confirmation that there is currently no minimum lot size requirement for leased lot camping and Mr. Stidham replied that this is correct. Mr. Stidham added that most of the lots being leased along the river are very small, ½ acre to one acre. Commissioner Dunning noted that this is similar to the issues we discussed with the short-term residential rental regulations. Mr. Stidham said that you could create a limit on the number of

RVs and tents on a leased lot. Commissioner Dunning replied that this would be difficult to enforce and potentially ignored by lot owners. Mr. Stidham said that this metric could be the easiest to prove – if you had a limit of 5 RVs/tents per lot, the complainant would only need to provide a photo of more than 5 RVs/tents to prove a violation. Commissioner Dunning suggested limiting to one RV per lot. Mr. Stidham asked members if we want to regulate leasing and Commissioner Glover noted that it is not being regulated now. Mr. Stidham said that you could stick with the three or more campsites rule and apply it to leased lot camping. Commissioner Glover suggested requiring three delineated campsites to be adjacent to one another for enforcement purposes in particular on lots with a large amount of river frontage. Mr. Stidham added that a property owner could get around the requirement by stating that the camping areas will not be delineated on the lot. Commissioner Dunning said that it would be harder to manage multiple leased lots if they are not delineated. Commissioner Glover also noted that lot lease fees are typically minimal, around a couple hundred dollars per season.

Mr. Stidham suggested creating special camping regulations for lots with river frontage to allow camping without limitation so long as no improvements are made to the lot. Members liked this idea. Mr. Stidham added that "unauthorized" improvements would be allowed so if someone wanted to install a boat ramp, they would have to follow the Zoning Ordinance requirements to construct it. Commissioner Dunning asked about whether we can prohibit tree cutting as lot owners often cut down the trees for firewood. Mr. Stidham noted that the area along the river is a buffer area. Commissioner Glover said he is mostly concerned with the trash that is left behind by campers.

Mr. Stidham noted that we currently do not allow permanent structures such as cabins to be used in a campground. He added that use of dwellings would potentially fall under the short-term residential rental regulations as opposed to the campground regulations. He also noted that yurts can be constructed as tents or as dwellings if they meet building code requirements.

Mr. Stidham asked what the members want to do with private camping. Commissioner Kreider said that it should only be regulated if the camping is being advertised to the public and members agreed.

Regarding temporary event camping, Mr. Stidham suggested that we require a zoning permit and proof that the applicant has obtained a temporary campground permit from VDH. Going back to river camping, Commissioner Dunning asked if any of the roads along the river are scenic byways and whether we could regulate camping using this distinction. Mr. Stidham said that the county has numerous designated scenic byways and any rules created would have to be applied on all properties fronting a scenic byway. He also noted that enforcement would continue to be an issue. Commissioner Kreider asked who enforces the scenic byway requirements. Mr. Stidham replied that it is largely an honorary designation by the state but that we use the designation in some of our zoning regulations. Commissioner Dunning asked if there are required buffers at the existing campgrounds. Mr. Stidham replied no because they were constructed well before our current buffering requirements.

Mr. Stidham asked if the members thought we needed additional regulations for event camping. Commissioner Kreider asked whether you would want to allow 300 people to camp on a 20 acre

lot that is hosting an event. Mr. Stidham noted that the new Special Events ordinance increased the minimum lot sizes for events with the largest events requiring at least a 50 acre lot. Commissioner Glover asked about any recent concerns with event camping and Mr. Stidham replied that it has not been a problem in the past. He noted that the recent application to move the Watermelon Park bluegrass festival to a new location on Tilthammer Mill Road caused the Special Events ordinance to be scrutinized in general including camping. He also noted that all the aspects of event camping should be covered by the VDH temporary campground permit. He added that other types of event camping include overnight camping by vendors at agritourism activity events and by participants at horse shows. Commissioner Dunning said that he thinks horse show camping is becoming less popular.

To summarize the discussion, Mr. Stidham said that he will create a draft text amendment that would prohibit commercial campgrounds, create new rules for leased lot camping starting with a two campsite limitation, no regulations for private camping, and require a zoning permit and proof of VDH temporary campground permit issuance for event camping. Members agreed with this approach. Commissioner Glover asked whether the process is for the committee to agree on text amendment language at the next meeting, then forwarding that language to the full Commission for review and public hearing, and finally to the Board of Supervisors for adoption. Mr. Stidham replied yes.

January 6, 2023 Policy & Transportation Committee meeting

Mr. Stidham reviewed the Staff memo outlining the initial draft text amendment for campground regulations. He noted that Staff developed the text amendment using guidance provided by the members at the October 26 meeting.

Mr. Stidham stated that the proposed text amendment would prohibit commercial campgrounds and any legally approved campgrounds in the County would become nonconforming. Chair Ohrstrom asked if this means they could continue to function and Mr. Stidham replied yes but with limited ability to expand. Chair Ohrstrom asked if a change of ownership of a nonconforming campground would trigger anything. Mr. Stidham replied no and noted that the nonconforming status would be lost if the campground use were to be discontinued for two or more years.

Mr. Stidham outlined two new policy questions regarding how the members wanted to regulate public/non-profit campgrounds and summer camps. Commissioner Glover noted that the Northern Virginia Lions Youth Camp is a summer camp that is also rented out to church groups, scouts, and other groups throughout the year. He also noted that they operate a waterworks there and Mr. Stidham added that they have a waterworks permit from the Virginia Department of Health (VDH).

Mr. Stidham asked for the members' thoughts on the draft text amendment and the two new policy questions. Chair Ohrstrom asked if the Lions Youth Camp is the only summer camp in the county and Mr. Stidham replied yes. Mr. Stidham added that if Staff was asked to make a zoning determination on the use of the Lions Youth Camp and they are operating year round, they could be considered a commercial campground and not a summer camp. Commissioner

Dunning asked if a day camp would be considered a campground. Mr. Stidham replied that he is not certain whether it would fall under summer camp or be a use that is not listed in the ordinance. He also said it could be considered a recreational park if there is no overnight camping. He added that there is a connotation that a campground has overnight stays. Commissioner Dunning noted that all of the issues associated with a campground can occur in a 10-hour period with a children's day camp. Chair Ohrstrom said there are some residents that hold day camps on their property for a fee such as art camps and in some cases the county provides transportation for kids to attend the camps. He added that it is more of a daytime educational activity than a camping activity. Mr. Stidham said you can have a property owner that allows scouts to spend a weekend camping on their land which would fall more under a public/non-profit campground. Commissioner Glover noted that the Boy Scouts have gotten stricter with camping requirements including running water and toilet facilities.

Mr. Stidham suggested revisiting the question from the previous meeting regarding prohibiting commercial campgrounds. He asked the members if they still felt as though commercial campgrounds will have compatibility issues regardless of where they are located in the county. All members replied yes. Mr. Stidham then noted that public/non-profit campgrounds would have the same impacts as commercial campgrounds but the camping activity is usually for a good cause. Chair Ohrstrom and Commissioner Dunning asked if there is a time or usage limit for public/non-profit campgrounds. Mr. Stidham replied that if the members wanted to allow this type of campground, they could create use regulations for it. Commissioner Dunning replied that he did not think that would be a good look to allow public/non-profit campgrounds and prohibit commercial campgrounds. Chair Ohrstrom asked how they differ from summer camps. Mr. Stidham replied that you might be able to treat public/non-profit campgrounds like leased lot camping in which you do not allow amenities to be constructed. He added that he did not think that the leased lot camping regulations would fit with a large non-profit camping activity such as a church or scout camp. Commissioner Kreider noted that most scout camping takes place at established campgrounds. Mr. Stidham said that if you allow this activity, you will likely need more stringent use regulations than what is proposed for leased lot camping to address impacts on surrounding properties. Chair Ohrstrom agreed and said he did not know whether they should be totally prohibited.

Mr. Stidham said that the benefit to removing the use from the ordinance is that it saves potential applicants time and money if they are going to face heavy opposition from neighbors in nearly all cases. Commissioner Kreider said that if you get rid of private campgrounds, are you also prohibiting someone from allowing their friends to stay in a camper on their property or limiting the activity to weekends only. Mr. Stidham replied that there will be a fine line between someone allowing an outside group such as a scout troop to camp on their property on a weekend versus someone allowing 50-100 scouts to camp on their property multiple times a year. Chair Ohrstrom said that this would have a big effect and you might want to cap the number of people allowed to camp. Commissioner Glover said private camping is similar to current river lot camping, adding that leased lot camping does not say that it is not open to the public and maybe should say "for the property owner and guests." He said technically all of the river lot lessees are guests of the property owner.

Mr. Stidham reviewed the draft definition of "public, for-profit, or non-profit campground" starting at the bottom of page 10 of 13. He noted the Fraternal Order of Police property off Wright's Mill Road as an example of a recreational property owned by a non-profit entity which may have had member camping in the past. He said that under the draft definition, this type of activity would be prohibited. Commissioner Glover said that there is a hunt club near his home that might be another example. Mr. Stidham said that if the camping is operated by a non-profit or similar organization, it would not be allowed under the draft definition. He added that if a property owner allowed scouts to camp on their property regardless of size or frequency, it could be considered private camping as the scouts would be their guests and the property owner is not a non-profit entity. Chair Ohrstrom agreed but said that if the activity takes place 52 weekends out of the year with 50 kids, then that would be pretty substantial. Mr. Stidham noted that there is a fine line between that type of camping and someone that has friends over as guests to camp at the same frequency and numbers. Mr. Camp said that you could specify in the definition that the camping has to be accessory to the primary use of the property such as a single-family dwelling. Mr. Stidham replied it would be subjective to determine when such camping activity becomes more intensive than the primary use and that an impacted neighbor may have a stricter viewpoint than staff. He added that he did not think we should regulate private camping because we do not regulate private parties.

Mr. Stidham asked the members what they wanted to do with this topic and noted that they can definitely take more time with it. Chair Ohrstrom said that he does not know what the right answer is. Commissioner Dunning said he does not think private camping is not an issue right now. Mr. Camp said that he receives a frequent complaint about private camping on a river lot where parties are taking place, adding that loud parties at night often trigger complaints. Commissioner Kreider said that this is more of a noise complaint and law enforcement issue than a camping issue. Commissioner Glover said that this happens with some river lots, adding that tenants who generate too many complaints do not get their leases renewed the next year. Mr. Stidham said that noise is the number one issue followed by traffic. He noted that there have been complaints about RV traffic on Chilly Hollow Road since Watermelon Park Campground eliminated tent camping in favor of RV camping.

Chair Ohrstrom said that it sounds like members support the current draft ordinance but still need to decide what to do with church camps. Mr. Stidham noted that they need to decide what to do with summer camps. Chair Ohrstrom asked if they are the same thing and Mr. Stidham replied that a summer camp is a separate delineated use in the ordinance. Commissioner Glover said that summer camps can be changed to reference the proposed campground amendments. He added that there are existing summer camps that have numerous impacts but that our regulations should mitigate most of them if a new summer camp were developed here. Mr. Stidham noted that the current summer camp use allows camping in buildings such as cabins and that the proposed text amendment only allows camping in tents and RVs. He added that cabin camping would fall under the short-term residential rental regulations. Commissioner Kreider said that he did not have a problem with the proposed text amendment language.

Mr. Stidham asked the members if they wanted to incorporate the new proposed language that would prohibit public and non-profit campgrounds in addition to commercial campgrounds. Chair Ohrstrom said he is still confused as to the difference between a public/non-profit

campground and a summer camp. He also asked if summer camps would be prohibited if they prohibited public/non-profit campgrounds. Mr. Stidham replied no because summer camps are a separately delineated use but that language can be added to clarify that a prohibition on public/non-profit campground does not extend to summer camps. He asked members if there is a consensus to keep summer camps as an allowable use. Chair Ohrstrom asked if they have historically been a problem. Mr. Stidham said that there is only one in the county and it has not been a problem. Chair Ohrstrom noted the Fraternal Order of Police example and Mr. Stidham noted that this would not be a summer camp as summer camps are only for children. Chair Ohrstrom asked if we would be prohibiting camps like the Fraternal Order of Police and Mr. Stidham replied yes.

Mr. Stidham suggested drafting up some information to discuss at the next meeting in order to help members work through this issue. He added that he can develop a chart similar to the one developed for work on the short-term residential rental issue and members agreed that this would be helpful.

January 31, 2023 Policy & Transportation Committee meeting

Regarding the summer camp use, Commissioner Glover asked whether the limitation on when during the year a summer camp may operate is a State requirement. Mr. Stidham replied yes and that it comes from the State's definition of summer camp. Mr. Camp added that the early approvals for the Northern Virginia Lions Youth Camp note that they operate primarily between Memorial Day and Labor Day as their peak season but do operate year-round. Chair Ohrstrom asked about the 12 persons under the age of 18 limit for a summer camp and asked what the use would be if there were 11 or fewer persons. Mr. Stidham replied that it would not be considered a summer camp. Commissioner Glover asked whether this also comes from the State's definition. Mr. Stidham replied yes and noted that in the past, the county has used definitions from State sources such as this example. Commissioner Glover asked about all of the listed purposes for a summer camp and Mr. Stidham said that the definition is attempting to describe most types of youth summer camps that can be operated. Commissioner Glover asked if we can change the definition and Mr. Stidham replied yes. Regarding the Lions Youth Camp, Mr. Stidham noted that this facility has been in operation since the 1950s and is most likely nonconforming. He also noted that it appears staff's interpretation over the years is that the entire property is considered to be nonconforming for the youth camp and that they can add buildings at will. Commissioner Malone asked if they are required to get a permit and Mr. Stidham replied that they have to get zoning permits for each new building.

Mr. Stidham asked Committee members how they want to address the issue of summer camps as it related to the campground regulations issue. He also noted that no one has proposed a new summer camp in many years and if the use were removed from the Zoning Ordinance, the Lions Youth Camp would remain nonconforming. Commissioner Glover asked about the Fraternal Order of Police facility discussed at the last meeting and whether this is an overnight camp. Mr. Stidham replied that this facility is used for recreation and he is not aware of it ever being used as a campground or a summer camp. He also noted that classes advertised for children during the summer as "art camps" or similar day events are not considered to be summer camps because there are no overnight stays. Commissioner Malone asked for confirmation that in order for a

facility to be a summer camp, it must have overnight stays. Mr. Stidham replied yes and that it must be for 12 or more youths. Commissioner Malone asked what a day camp would be. Mr. Stidham replied that it would likely be a recreational facility or community services facility which requires a special use permit. He also said that the use may also fit under the home occupation regulations depending on the scope. Mr. Camp asked what an adult day camp would be and Mr. Stidham said it would probably be the same thing.

Commissioner Glover asked if staff is looking for direction on whether to leave the summer camp use in the ordinance or to take it out, and Mr. Stidham replied yes. Chair Ohrstrom said if the use is taken out, then a local church would not be allowed to host a youth camp. Mr. Stidham said that it depends on what they are doing and he suggested putting a pin in the discussion of this topic and moving on to public/non-profit campgrounds where church camps are addressed. Chair Ohrstrom said he has more of a problem with campgrounds operated as a business and would have less concern with a church camp as some people find these activities quite valuable. Mr. Stidham said that he has some experience with church camps and noted one type in which the church owns the land and hosts overnight camping a few times per year for their membership as a low-impact activity. He described a second type in which one church owns land containing a summer camp facility and allows other churches to use it throughout the year.

Chair Ohrstrom asked what campgrounds for over 12 people do for bathrooms. Mr. Stidham replied that the Virginia Department of Health would regulate bathroom facilities depending upon whether the facility is a temporary or permanent campground under their regulations.

Mr. Camp asked if a church camp would be considered a private campground under the current text amendment draft. Mr. Stidham said that a private campground is for the use of the property owner and their friends and family. He added that they are not held out as the permanent location for an organization's camping activities. He noted that there may be an issue in which a property owner frequently allows outside groups such as scouts to camp on their property but does not identify the property as that organization's campground. Mr. Camp asked how we would treat the organization's collection of fees to cover the cost of the camping event being hosted on private property. He added that he did not think that money exchanging hands would be the best metric to use. Mr. Stidham said that a private camping event in which people are bringing food or supplies or contributing money to buy food/supplies for the camping group would not be considered a commercial campground. He added that someone holding out their property as a place that you can camp for a fee would be a commercial campground.

Mr. Stidham reviewed the public/non-profit campground issue outlined in the staff memo. Chair Ohrstrom stated that a key point for the Committee to resolve is whether they want to allow public/non-profit camping on a temporary and limited basis, which he thinks that the Committee wants to do. Commissioner Glover agreed but noted that we should define what permanent camping is. Mr. Stidham noted new recommended text amendment language to prohibit non-profit camping offered in excess of 14 days in any 60-day period which is VDH's threshold for requiring a permanent campground permit versus a temporary campground permit. He added that under this language, non-profit camping up to 14 days in a 60-day period would be considered private camping. Chair Ohrstrom asked for confirmation that we would be

prohibiting permanent camping and Mr. Stidham replied yes. Commissioner Glover said that this appears to be conflicting with river lot camping. Mr. Camp suggested that a camping activity could be moved between two lots to avoid exceeding 14 days in a 60-day period. Commissioner Glover added that river camping typically does not occur for more than four days in a row but is often frequent enough to exceed 14 days in a 60-day period. Regarding Mr. Camp's comment, Mr. Stidham said that a "campground" would be defined as a lot or lots under common ownership, so a camping activity moving between two lots under common ownership would be treated as one campground.

Chair Ohrstrom said that he could support the 14 days in a 60-day period metric but added that the issue is still very confusing. Commissioner Glover asked about the differences between VDH's temporary and permanent campground requirements. Mr. Stidham said that the temporary campground permit is really designed to address special event camping. Commissioner Glover said that in his experience with camping, 14 days is not unusual but he has not heard of camping 14 days in a 60-day period. Mr. Stidham said long-term camping becomes a problem when people are staying in one campsite for so long that they might be living there. He added that this problem can be compounded when permanent improvements are constructed around the camper such as decks or porches.

Mr. Stidham reviewed the spreadsheet at the end of the meeting packet to better depict the current and proposed regulations. He said it sounds like the Committee is in favor of eliminating the summer camp use and folding the public/non-profit campground use into the prohibition of commercial campgrounds with the added language to allow camping up to 14 days in a 60-day period. He asked the Committee if they were comfortable with treating cabin camping as a short-term residential rental and members said yes. Chair Ohrstrom added that if these changes are adopted, they can always be revisited if a future applicant proposes something that was not contemplated and makes sense. He also asked if it is illegal to build cabins on your property. Mr. Stidham replied that it depends on how the cabins would be used, noting that cabins for overnight stays would be regulated as dwellings and require use of a dwelling unit right or minor dwelling approval. He added that you can build multiple accessory buildings on your property but they cannot be used as residences or for overnight stays unless permitted as a dwelling.

Mr. Stidham said that he will provide an updated text amendment draft and chart for the next meeting and will contact members later regarding the meeting date.

February 15, 2023 Policy & Transportation Committee meeting

Mr. Stidham stated that he spoke with Commissioner Kreider before the meeting and he said that he has no concerns with the proposed text amendment. Mr. Stidham also said that he understands that some members may have concerns and recommended that they start the meeting with questions.

Chair Ohrstrom suggested discussing the proposed limitation of 14 days in a 60-day period for a public/non-profit campground to be treated as a private campground. He said that this may be too restrictive for uses like church camps and suggested 30 days in a 60-day period with a one week break in between each camping activity. He added that this would allow for two camping

activities during the summer. Mr. Stidham offered a scenario of a non-profit campground that operates during the summer and can be for as many as 300 campers. Chair Ohrstrom said that we do not want that and added that 300 campers would be a huge impact. He added that he had in mind a small camping activity such as 15 kids camping for 10 days at a time. Mr. Stidham noted that the 14 days in a 60-day period limitation prevents someone from establishing a permanent campground facility but does not prevent a property owner from allowing his church group or scout troop to camp on their land. Chair Ohrstrom asked if it would be different if the church was the property owner. Mr. Stidham replied that a church could do it but would have to operate it as a private campground and could not hold it out as the church's permanent campground. Chair Ohrstrom asked if camping would still be limited to 14 days in a 60-day period and Mr. Stidham replied yes. Mr. Stidham added that the property owner would also have to have an approved Virginia Department of Health (VDH) temporary campground permit if required. Commissioner Dunning asked who would check on this permitting and Mr. Stidham replied that VDH probably operates on a complaint basis like the Planning Department.

Chair Ohrstrom asked if all zoning violations are investigated on a complaint basis. Mr. Stidham replied yes except for violations that may result in imminent harm to public safety or property, or if another agency is initiating the enforcement action. He added that the leased lot campground use will likely be difficult to police. Chair Ohrstrom asked for confirmation that we reduced the number of RVs allowed. Mr. Stidham replied that we are proposing to go from 3 campsites to a maximum of 2 RVs on a lot.

Chair Ohrstrom says he is OK with the text amendment but said that he found the chart provided by Staff to be confusing. He also said that the inclusion of "commercial campground" in the text amendment is confusing because we are proposing to prohibit them. Mr. Stidham said that we are trying to define the different forms of camping for the purpose of stating which forms are allowed and which forms are prohibited. He added that he could incorporate the prohibition on commercial campgrounds into the definition. He also said that he could add a second sentence to the definition which says, "Commercial campgrounds are a prohibited use." Committee members said they prefer the latter approach.

Regarding leased lot campgrounds, Commissioner Glover asked how "lot" is defined and Mr. Stidham replied that it means a lot of record. Mr. Stidham added that any time you see the word "lot" in the Zoning Ordinance, it refers to a lot of record. Commissioner Dunning asked if it can be any size and Mr. Stidham replied yes. Commissioner Dunning then asked if it means a taxable lot and Mr. Stidham replied yes. Commissioner Glover asked if "lot" could be defined better in the text amendment because there can be a number of "river lots" in a "lot," and Commissioner Malone agreed. Mr. Stidham said that we do not use or define the term "river lot." Commissioner Dunning noted that this is the problem because people are accustomed to the term "river lot." He gave the example of someone referencing their river lot which can be one of many located within a single lot of record. Commissioner Glover noted that you can also have a specified lessee that rents more than one river lot. Mr. Stidham suggested addressing the difference between a river lot and a lot of record in outreach materials rather than in the text amendment. Commissioner Glover said that he thinks river lot needs to be defined in the leased lot campground description. He also said that the river lots likely will not comply with these

regulations. Mr. Stidham added that we probably would not receive many complaints about them unless the activities got out of control.

Mr. Stidham asked the members if they thought the concept of leased lot campgrounds is too complicated. He added that it is an attempt to allow the river lot practice to continue without prohibiting it along with commercial campgrounds. He noted that if a complaint is filed that a property owner is operating a commercial campground, they can resolve the complaint by producing evidence of long-term leases. Chair Ohrstrom asked if they can also use this to address more than two RVs on the lot and Mr. Stidham replied yes. Commissioner Glover said that he thinks the leased lot campground definition in the text amendment is OK but added that the language is not intuitive. Mr. Stidham said that they have more flexibility to explain the regulations in the outreach materials. Commissioner Dunning asked if we could use different terminology like "property lot" to better explain the river lot practice. Mr. Stidham asked what issue are we specifically trying to clean up and Commissioner Dunning replied just the common use of the word "lot." Chair Ohrstrom said we are dealing with the cultural experience in Clarke County of people referring to a "lot" in this context as a small "river lot" within a lot of record. Mr. Stidham said what he is trying to avoid is introducing local slang into the Zoning Ordinance. He added that Staff has a lot more flexibility with the language in the guidance manual and brochures that can be created to explain the regulations.

Mr. Stidham asked the Committee if they are comfortable with the concept of leased lot campgrounds. Commissioner Glover said that he is comfortable with it but would like for it to better reflect what currently happens in reality. Mr. Stidham said that while the practice predominantly occurs along the river, it could also occur in other areas away from the river. Commissioner Dunning asked if there is a maximum time limit for leased lot camping and could someone have a lease for five years on a river lot. Mr. Stidham replied yes. Commissioner Dunning asked if this is something we should allow as it can cause problems if the property is sold or if new neighbors move in. Mr. Stidham replied that if someone wants to give away camping rights for five years, they are not operating a commercial campground. Commissioner Dunning asked if we can place a cap on the maximum amount of time a lessee can camp on a leased lot campground. Mr. Stidham noted that the 14 day in a 60-day period camping limitation referenced in the public/non-profit campground language is not referenced in the leased lot campground language. He added that someone leasing a river lot for the summer could easily exceed this time duration. He asked whether the definition of "campground" should include a maximum time limit for camping activities. Commissioner Glover noted that it is customary for river lot leases to be renewed on an annual basis. Commissioner Dunning said that we should have some limit on the maximum time that camping activities can take place. Mr. Stidham noted that one safeguard in leased lot camping is that the activity must be "primitive camping" and site improvements are limited. Chair Ohrstrom asked if water and sewer hookups are allowed and Mr. Stidham replied no. Chair Ohrstrom added that this means that RVs will have to leave the site to re-fill with water and to dump their septic tanks. Mr. Stidham noted that the regulations would prevent someone from building porches or decking around an RV and allowing it to remain on the property as a permanent structure. Mr. Stidham then briefly explained how Staff investigates complaints of people living in RVs. Commissioner Dunning commented that a person can live for a long time in an RV depending on how it is equipped.

Mr. Stidham said that if the 14 day in a 60-day period limitation were applied to leased lot campgrounds, he would also interpret this to apply to how long an RV can remain on the property. Chair Ohrstrom said that camping activities on leased lot campgrounds can take place all summer, and Mr. Stidham noted that applying the aforementioned time limitation would potentially interfere with how river lots are being used. Mr. Stidham also noted that limiting camping activities to primitive camping reduces the likelihood of someone living in an RV. Commissioner Glover asked how primitive camping is defined and Mr. Stidham explained how the proposed text amendment language would be applied. He also stated that Staff has a good process in place to address complaints of people living in RVs. Commissioner Dunning asked what would happen to the lessees if a leased lot campground owner sells the property, and Mr. Stidham replied that it depends on the wording of the lease. Mr. Stidham also referenced current zoning regulations that allow for temporary use of an RV for residential purposes if you are constructing a new home on the lot or your existing home has been destroyed.

Commissioner Glover said that he has reservations about the word "primitive" because it can be open to interpretation. He noted that camping in an RV without hookups would be considered primitive in the text amendment but he grew up with the understanding that primitive camping is tent camping. Mr. Stidham noted that a lessee would not be allowed to connect an RV to a private well and onsite sewage disposal system in a leased lot campground situation because only primitive camping is allowed. Commissioner Dunning said this is a good idea and should help to ensure that RVs remain mobile and leave the property.

Chair Ohrstrom asked whether these proposed regulations will change current camping activities along the river, and he also asked whether people are actually renting out multiple river lots. Commissioner Glover replied yes and said that he has observed RVs coming in and staying for a long time, perhaps the entire summer. He added that on the weekends, some river lots can fill up with multiple RVs and noted one lot that contains 30 river lots. He said this does not comply with current rules and would not be in compliance with the proposed text amendment, but he also noted that there are not many problems occurring right now including septic issues. Mr. Stidham said that they typically will not receive a complaint if the property owner runs a clean operation. He also stated that the metric of three or more campsites requiring a special use permit was created with river lot camping in mind as two campsites should be plenty for a single river lot. He said that today, any river lot camping activity with three or more campsites would have to get a special use permit. He added that the only thing we would be changing with the text amendment is prohibiting commercial campgrounds. Chair Ohrstrom asked if they can get a special use permit to have more than two campsites. Mr. Stidham replied yes under current rules but they would lose that option if the text amendment is adopted. Chair Ohrstrom said this could be a big impact and Mr. Stidham replied only if we were to receive a complaint.

Mr. Stidham asked the members about the proposed public/non-profit campground regulations and the concept of allowing property owners to host groups for camping on a short term basis. He added that we do not want to prohibit commercial campgrounds and allow public/non-profit campgrounds to operate which may have similar impacts. Commissioner Glover said that the proposed private/non-profit campground regulations would prohibit camping similar to the Lions Club from operating. Mr. Stidham replied that the elimination of the "summer camp" use would accomplish that. Commissioner Dunning asked how easy it would be to be considered a "similar

organization" to a non-profit organization. Mr. Stidham replied that this would apply to not-for-profit organizations and unincorporated clubs. Chair Ohrstrom asked if this would put the Lions Club camp out of business and Mr. Stidham replied no because they would be considered nonconforming.

Regarding 14 days in a 60-day period, Commissioner Dunning asked if there could be multiple 60-day periods that occur in sequence. Mr. Stidham and Chair Ohrstrom replied yes. Mr. Stidham added that the egregious violations would be the ones that would generate complaints. Chair Ohrstrom asked about the use of yurts in campgrounds. Mr. Stidham replied that a yurt can be used for camping so long as it is not constructed as a single-family dwelling per the Building Code. He noted that single-family dwellings and accessory dwellings cannot be used for camping – they would be regulated as a short-term residential rental. Chair Ohrstrom asked if this would apply to "glamping" and Mr. Stidham replied yes. He noted that renting out highend RVs would be prohibited as a commercial campground but renting out cabins or yurts could be approved as a short-term residential rental.

Commissioner Glover said that he wants to make sure that any changes that are adopted can be understood by the public. Mr. Stidham suggested eliminating the chart which is confusing and instead he will write up a draft of how the regulations would be explained in the guidance manual. He then asked the members if they were ready to make a motion to forward the draft text amendment to the full Commission but they indicated that they wanted to see the guidance manual draft first. He said he would provide this at the next committee meeting. Commissioner Dunning added that it is important to explain what is "grandfathered" so that people will understand that existing facilities were built under previous rules.

March 22, 2023 Policy & Transportation Committee meeting

Mr. Stidham reviewed the Staff memo describing the revised and simplified camping text amendment.

Regarding river lot camping, Chair Ohrstrom asked Commissioner Glover if the proposed text amendment would be an overreach on our part and would change how river lot camping has traditionally operated. Commissioner Glover replied not really. Commissioner Glover asked whether a 90-day period should be used instead of a 60-day period to cover an entire summer seasons, and also what defines a 60-day period. Chair Ohrstrom said that he does not want to write regulations that would interrupt a significant source of income for people who have been doing this for a number of years. Commissioner Glover said they will get the same amount because the lots are rented out for the year. Chair Ohrstrom said that Mr. Stidham said there has always been a time limit on campgrounds and he was not aware of this. Commissioner Glover said we are trying to create rules to keep camping from getting out of hand. He also said that 30 days in a 60 day period is fine but would prefer 90 days to cover the summer season. Mr. Stidham said that he could have used the Virginia Department of Health's (VDH) threshold for a temporary campground permit, which is 15 days in a 60 days period and 3 campsites, but thought it would be too restrictive. He added that VDH may interpret some river lot camping situations as requiring a permanent campground permit and that the draft regulations should make it clear that there should be no new permanent campgrounds established. He also said that these

timeframes will prevent people from having their campers on the lot all summer long whether they are there or not, and from building permanent improvements such as decks and porches around the campers. Commissioner Glover said that there will still be some people camping past the time limits and the new rules will help address complaints about obnoxious situations. He added that the problem of constructing improvements is another issue of concern. Mr. Stidham noted that property owners could be allowed to construct ramps or docks if they follow the rules but would not be allowed to build decks around their RVs or a lean-to in the flood plain. Commissioner Kreider said that most people use river lots on the weekends and may stay for a full week, and he knew a few people that would stay all summer.

Commissioner Glover asked again about whether the camping duration should be a 90-day interval instead of 60 days. Mr. Stidham explained that if a complaint is received pertaining to camping duration, Staff would need evidence from the complainant on the days that camping took place and would also ask to see the terms of the camping lease. He added that this ordinance could be used by property owners to prove that the camping activity conforms to the rules. Mr. Camp noted that if a violation is found, the property owner would be issued a 30-day notice to come into compliance which could theoretically allow camping to continue for an additional 30 days. Commissioner Glover said that he thinks the rule may be perceived as too restrictive because it is based on 60 days rather than 90 days that would cover the summer season. Mr. Stidham replied that camping would still be allowed 15 days per month but if you want to provide more flexibility, you would change the number of days per month instead of the period in which the time is measured. He added that the 60-day limit is not a per calendar year metric, it is the interval of time used for measurement in any 60 day period. Commissioner Glover said that he thought it was a 60 days in a calendar year based on the way it is written. Mr. Stidham said we are not attempting to limit the total number of camping days in a year, we are limiting the number of camping days within a 60-day time period. Commissioner Glover said the wording should be "60-day consecutive period." Mr. Stidham suggested adding language to the Guidance Manual chapter to clarify that the rules would ultimately allow camping up to 180 days in a calendar year. He added that he thinks the ordinance language is clear and Commissioner Glover said he respectfully disagreed. Commissioner Kreider noted that at first reading he thought the language meant 60 days in a calendar year. Mr. Stidham suggested changing the wording in use regulation 1 to read "any 60-day period" rather than "a 60-day period." Commissioner Glover said that would resolve the issue.

Mr. Stidham explained the changes to address public/non-profit camping, noting how large events where fees are likely to be charged would be prohibited but not small groups invited by the property owner free of charge. Chair Ohrstrom said that he agrees with the changes and noted that we will probably need to test the new rules over time and can make future changes if they do not work.

Mr. Stidham explained the new rules that would prohibit RVs from using onsite utilities. Mr. Camp noted that this could be a problem where river lot owners have already installed electrical hookups for this purpose. Mr. Stidham asked if there are any setups like that along the river. Commissioner Glover replied that he did not know of any on the east side of the river.

Regarding temporary event camping, Chair Ohrstrom asked Mr. Camp if he would require an emergency egress plan to be included in the camping plan for a temporary event. Mr. Camp replied that he would if he thought it was an issue, particularly if the event was being held in the floodplain. He added that this would make sense to do on a larger event. Mr. Stidham added that emergency egress would be vetted in the event permit process – either for agritourism activity events or special events.

Mr. Camp noted that in use regulation 5 it does not specifically state that short-term lease of a lot for camping is prohibited and that it may be a good idea to include this. Mr. Stidham said that he could add language to the end of subsection A to say short-term lease of less than 30 days is prohibited. He also noted that the definition of "camping" specifically prohibits camping for a fee unless the provisions of use regulation 5 are met.

Mr. Stidham said that it occurred to him that camping regulations may be more appropriately located in Section 5.4, Temporary Uses in order to emphasize that camping is not a permanent use of land. Members said they thought this would be a good idea.

April 4, 2023 Planning Commission Work Session

Mr. Stidham reviewed the staff report for this proposed text amendment, noting that the Commission last fall identified a need to evaluate the campground regulations and later assigned this work to the Policy & Transportation Committee.

Regarding a private camping situation in which the property owner allows a group to camp on their property, Commissioner Staelin asked if the property owner is required to be present on the property during the camping activity. Mr. Stidham replied that such a requirement was not included in the draft text amendment. He added that group camping would be limited by the duration requirements and by the prohibition on the construction of permanent amenities.

Commissioner Glover entered the meeting at 3:26PM.

Chair Ohrstrom asked whether Virginia Department of Health (VDH) temporary campground permits are required for leased lot camping. Mr. Stidham replied that VDH staff said that there are some camping activities along the river that have three or more campsites and should have temporary campground permits. He added that VDH staff primarily issues permits for camping at temporary events such as camping at the Ruritan Fairground events and multi-day music festivals such as Pasture Palooza.

Regarding leased lot camping, Commissioner Staelin said that he thinks there would be more complaints about camping activities during the day instead of the evening. He asked if lessees can use a lot for daytime activities only and not count against the limit of camping days, then how would Staff handle enforcement of the camping limitation rules. Mr. Stidham replied that Staff primarily receives complaints about noise at night and complaints about illegal river accesses being constructed. He said that daytime use of a leased lot for recreational purposes does not fall under the camping regulations but if they have tents and RVs set up on the lot, overnight camping is likely taking place.

Mr. Stidham concluded his presentation by stating that this item is not on the agenda to schedule public hearing this month. He said since this is a complex issue, commissioners should take the month to study the text amendment and generate questions for discussion in May. Chair Ohrstrom said that he attended the committee meetings on this text amendment and agreed that it is a very complicated issue. Mr. Camp said that Staff initially tried to define all of the different potential types of campgrounds but it was too confusing, and Chair Ohrstrom added that this is the third iteration of the text amendment.

Vice-Chair Buckley asked whether members of the public attended the committee meetings. Mr. Stidham replied that the applicants with the pending campground special use permit application attended the first meeting. He added that they did not speak during the meeting but did talk with some committee members afterwards. Vice-Chair Buckley asked if they provided any feedback on the text amendment. Mr. Stidham said no and added that they filed their application so they would fall under the current rules.

Chair Ohrstrom asked for other thoughts and comments on the draft. Commissioner Kreider said that the draft is close to where we want it to be. Commissioner Catlett said that tents and RVs are mentioned in some places but not others. Mr. Stidham said that use regulation 2 lists the types of structures and vehicles that can be used for camping. He also said that he could add this to the definition of camping but he did not think that it would condense the use regulations. Mr. Camp noted that this might be redundant.

Chair Ohrstrom asked if the text amendment would prevent property owners from allowing guests to plug their RVs into house utilities. Vice-Chair Buckley said that theoretically it would stop them. Chair Ohrstrom asked if this is something we want get involved with regulating. Vice-Chair Buckley replied that this gives the regulations teeth when you have someone that has been staying in a parked RV for six months. Chair Ohrstrom noted that we developed these regulations with the intent of prohibiting new commercial campgrounds. Mr. Stidham added that VDH regulations would prevent RVs from being temporarily connected to a dwelling's septic system cleanout and building code requirements would likely prohibit connecting an RV to a dwelling's electric system with an extension cord. Commissioner Lee asked if this would be enforced on a complaint basis and Mr. Stidham replied yes. Vice-Chair Buckley said in practice there would likely not be complaints for an RV parked at a dwelling for a week but there would be complaints if it was there for three months. Mr. Camp also noted that zoning violations require a 30 day notice to property owners either to cure the violation or to file an appeal. Mr. Stidham said that currently these situations require a three-pronged enforcement approach with involvement by VDH and Building Department staff. Under the proposed regulations, Planning Department staff would be able to initiate an enforcement action without relying on participation by the other departments.

Mr. Stidham asked the Commission if anyone has concerns with prohibiting new commercial campgrounds and no commissioners had concerns. Chair Ohrstrom asked if Mountain Lake Campground would be affected by the new regulations. Mr. Stidham said that if they are still operating and maintain a business license in good standing, they would likely be considered nonconforming. Chair Ohrstrom asked if any of the existing campgrounds would be impacted

by the text amendment. Mr. Stidham said that there would be limitations on expansion per the rules for nonconforming uses.

Commissioner Lee asked about outdoor camping at Bear's Den. Mr. Stidham said he thought that this is Federal property. Commissioner Glover asked about the property where the hostel is located and Mr. Stidham replied that he was not sure about the ownership. Commissioner Staelin said that if you wanted to create an exemption for camping in this area in addition to Federal properties, you could also include Appalachian Trail properties. Mr. Stidham said that for non-Federal properties, it would almost be considered private camping because the property owners are not collecting a fee. Commissioner Staelin said he is not sure that this is the case. Mr. Camp noted that there are websites similar to AirBNB such as Hipcamp that allow people to pay a fee to camp on properties. Mr. Stidham said that there are only two listings on the Hipcamp site and one is the applicant for the campground special use permit.

Commissioner Glover noted that river lot camping peaked during the pandemic as evidenced by increased parking along roads, and he added that this has gone down quite a bit recently. Mr. Stidham reiterated that most of the complaints are noise related or complaints about illegal river accesses.

Mr. Stidham said he will add this as a continued discussion item for the May Work Session with the goal of scheduling public hearing at the Business Meeting.

May 2, 2023 Planning Commission Work Session

Mr. Stidham said the Commission tasked him to look into whether this amendment would adversely affect camping takes place along the Appalachian Trail (AT) particularly the Bears Den campground. He said he found that the property is not owned by the federal or state government and, therefore, would not be exempt from zoning regulations. He added that it is owned by the Appalachian Trail Commission and that the hostel was approved in 1984 by special use permit. Mr. Stidham continued that the campground has five campsites and that they do charge a fee for overnight camping in which the entire site can be rented for a group. He said the campground does not have county approval from what he can tell unless they can find an old approval that is not in our records. He continued that if the rules were to change to prohibit commercial camprounds, they will be operating as a prohibited use as they charge an overnight camping fee and that they would not be grandfathered or non-conforming as they have not obtained any sort of county approval under the current regulations.

Mr. Stidham said that under the current rules that are in effect, Bears Den campground would be out of compliance as they have five campsites and that anything with more than two needs to have a special use permit. He said that the worst case scenario is that the come forward before the rules change and apply for a campground special use permit under the current rules.

Mr. Stidham said there are two shelters that are along the AT that are on federal property which would be exempt. He noted Staff is not recommending making any sort of allowances or changes at this time to the text amendment.

Commissioner Glover asked about the Lions Club to which Mr. Stidham replied that they have had a number of zoning approvals over the years and that they operate more as a campground than they do a summer camp since they operate year-round.

Mr. Stidham said he has it on the upcoming agenda to set public hearing, however, he would only recommend doing so if the Commission is comfortable and has no further questions as there is no pressing need.

Commissioner Glover asked how much it would cost to apply for the special use permit. Mr. Stidham replied the special use permit fee is \$825 but that they would also need to do a site plan in which there is an additional fee.

Commissioner Catlett asked what someone should do if they have concerns about a resident setting up a campsite. She asked how does one find out the proper approval process to pitch a tent, RV, or even a yurt. Mr. Stidham responded that a case would need to be built with sufficient evidence and that assistance from the original complainant may be needed. He said one would come forward and complete a complaint form to start and that Mr. Camp would send a letter to the property owner addressing the potential violation. Commissioner Catlett then asked if it is still a violation even if the tent or structure was vacant for several weeks. Mr. Stidham said that Mr. Camp would contact the property owner to make them aware of the violation and then we continue to monitor the situation. He said the situation that will get the most traction is one where someone is living in a camper.

There were no further questions from the Commission.

June 2, 2023 Planning Commission Business Meeting – PUBLIC HEARING

Mr. Stidham reviewed the Staff Report for this proposed campground regulations text amendment. He said the proposed text amendment is to add a new temporary use, "camping," to Zoning Ordinance Section 5.4 and to delete the current uses of campground and summer camp from Section 5.2D. He continued that the purpose of the amendment is to prohibit new permanent campgrounds to establish new regulations for the duration of camping activities, the long-term lease of lot camping, and temporary event camping. He said it would include those operating as a business, a non-profit, or as a summer camp and that it would also prohibit temporary and permanent on-site connections for recreation visits.

With no questions or comments from the Commission, Vice-Chair Buckley read the public hearing rules and opened the public hearing at 9:12AM.

Lowell Smith (2548 Crums Church Rd) suggested that the proposed amendment changes consider the Appalachian National Scenic Trail as it is an important resource for the county and noted that it is owned and operated by the National Park Service as a National Park. He added that the trail is not only a path in which one walks, it also surrounds individual property owners ranging from 100 feet to 1,000 feet on each side of the trail. He added that the Appalachian Trail (AT) management is a complex situation in that the trail located on the county side is entirely on National Park Service lands and involves one shelter for camping purposes on Federal land. He

said the most important thing to keep in mind is that it is the management system is a public private partnership between the park service, the state organizations, local government, and nonprofit organizations that are all key in the maintenance and protection of the trail's long-term life. He continued that the AT is special in that it is eligible to be listed on the National Register of Historic Places and also as a national landmark.

Commissioner Lee said he understood that the AT wants to have additional camping available and noted that the county would have no control over the camping regulations as it is on federal land. Mr. Stidham confirmed this point and that the county has no control over Federal or State owned land. He added that federal land allows dispersed camping in which hikers are able to camp wherever they like as long as they are doing so on Federal land. Commissioner Lee then asked if adjacent properties to the AT corridor and not owned by the National Park Service come under the county's purview of the camping regulations. Mr. Stidham replied said that during the review process, they did look at the trail corridor to see if there could be a reasonable distance from the centerline of the trail which encompassed several private properties. He continued that any sort of distance created to form a corridor to potentially allow camping is going to be arbitrary as there is no metric to establish it. He said this was brought up mainly due to Bears Den Campground which was beyond 500 feet from the trail. Commissioner Lee asked if there was any situation where the landowner would have to give permission to allow camping on their property. Mr. Stidham replied private property owners could allow hikers to camp on their property as long as they did not charge a fee, however, they would be required to adhere to the duration timeframe and would be considered private camping as long as the property owner is not charging a camping fee. Mr. Stidham confirmed that the regulations would affect any minor properties on the trail not owned by federal or state agencies.

With no further questions from the Commission, Mr. Stidham said Staff's recommendation is to make a motion to recommend approval to the Board of Supervisors for adoption if there are no outstanding concerns. He continued that the Commission could also take additional time for review by deferring discussion to July and continuing the public hearing to September. Commissioner Lee commented his preference is to further review and defer.

Vice-Chair Buckley asked if there were additional comments from the public. With none, Vice-Chair Buckley closed the public hearing.

The Commission voted 8-0-3 to defer the <u>TA-23-01</u>, Campground Regulations discussion to July and continue the public hearing to the September Business Meeting.

July 5, 2023 Planning Commission Work Session

Mr. Stidham reviewed the Staff Report for the campgrounds text amendment and noted the Commission deferred the amendment at the last meeting due to a public speaker's concerns.

Chair Ohrstrom commented that it would be nice to have access to the campgrounds should an emergency occur. Mr. Stidham said there would be access but not a commercial entrance.

Commissioner Lee said he feels comfortable with the text amendment and current regulations as presented after seeing the amount of available land. He said he does not believe a separate exclusion is needed at this time but perhaps as future discussion. He commented that he wished to see topography on the map to better understand camping possibilities.

Commissioner Catlett said she agrees with Commissioner Lee's comments but that she prefers to wait to make a change. Chair Ohrstrom agreed and thanked Mr. Smith for his insight and bringing the information forward to the Commission but that the present language of the text amendment as it stands will suffice.

<u>September 1, 2023 Planning Commission Business Meeting – CONTINUED PUBLIC</u> HEARING

Mr. Stidham reviewed the Staff Report for the proposed text amendment. There were no questions or comments from the Commission.

Chair Ohrstrom opened and closed the public hearing as there were no public speakers for comment.

Chair Ohrstrom thanked Mr. Lowell Smith for his comments.

Commissioner Lee commented that he requested a deferral on this text amendment so he could do his own research on the matter and noted he is an ongoing member of the Appalachian Trail Conservancy for 25 years. He said he reviewed the topography for this section of the trail and said it is called the roller coaster because it is difficult for anyone to hike. He said there are camping opportunities within the boundaries of the Appalachian Trail (AT) and that he does not feel it is necessary to have additional camping besides what is currently offered.

The Commission unanimously voted to recommend adoption of <u>TA-23-01</u>, Campground Regulations as presented by Staff.

ZONING ORDINANCE TEXT AMENDMENT (TA-23-01)

Campground Regulations
July 5, 2023 Planning Commission Work Session
STAFF REPORT – Department of Planning

The purpose of this staff report is to provide information to the Planning Commission and Board of Supervisors to assist them in reviewing this proposed ordinance amendment. It may be useful to members of the general public interested in this proposed amendment.

Description:

Proposed text amendment to add a new temporary use, "camping," to Zoning Ordinance Section 5.4 (Uses, Definitions, and Use Regulations – Temporary Uses) and to delete the current uses "campground" and "summer camp" from Section 5.2D (Recreation/Education/Assembly Uses). The purpose is to prohibit new permanent campgrounds including those operated as a business or as summer camps, and to establish new regulations for the duration of camping activities, the long-term lease of a lot for camping, and temporary event camping. The regulations would also prohibit temporary or permanent onsite connections for recreation vehicles.

Requested Action:

Discuss the issue raised by last month's public hearing speaker and provide direction to Staff.

Update:

The Planning Commission held a public hearing on this proposed text amendment at the June 2, 2023 Business Meeting. In response to speaker Lowell Smith's comments, the Commission voted to defer discussion of the text amendment to the Commission's July 5 Work Session and to continue the public hearing to the September 1 Business Meeting. The public hearing was continued to a later meeting in the event that the Commission decides to make changes to the text amendment requiring changes to the public hearing notice.

In his public hearing comments and written handout provided to the Commission, Mr. Smith said that the proposed text amendment should take into account the possible future need for public camping facilities along the Appalachian Trail (AT). He proposes that new camping facilities be allowed, either by-right or by special use permit, on lots that meet the following requirements:

- Such lot must be adjacent to the AT corridor land owned by the National Park Service and be owned by, or if under lease be operated by, an entity/entities that are IRS-qualified charitable 501(C)(3) organizations (possibly in conservation easement)
- The principle mission of such entity/entities shall be the maintenance and protection of the Appalachian National Scenic Trail
- The entity/entities have an established record of serving the public interest in providing access to and maintenance of the AT including its campground operations

Mr. Smith notes that while dispersed camping is allowed on Federal lands, increased usage of the AT and impacts to it in the future could result in prohibition of dispersed camping. Currently,

the only other camping facilities for hikers are a trail shelter on National Park Service property and the Bears Den Trail Center facility which includes the lodge and its existing primitive campground containing two campsites.

A copy of Mr. Smith's written comments is enclosed for your reference.

Staff Analysis:

The issue of allowing public camping along the AT was previously discussed during the development of this text amendment. It was noted that in addition to dispersed camping allowed on National Park Service lands, camping and campgrounds in any form would be permitted on any Federal and State-owned lands as they are exempt from local zoning regulation. This theoretically provides substantial land area in which camping may occur without being subject to the County's campground regulations. Staff has included a map from the County's GIS depicting all lots that directly border the AT and whether they are in Federal, State, or private ownership. The vast majority of lands adjoining the AT corridor are in Federal or State ownership. Area totals for these lots are as follows:

- Federal 2375.36 acres
- State 1798.86 acres
- Private 3730.16 acres

The primary goal of the text amendment is to prohibit the development of new permanent campgrounds in the County regardless of how the campgrounds are operated. It is a policy decision for the Commission to create separate rules for new permanent campgrounds along the AT. Staff cautioned previously against creating exemptions in ordinance language for specific groups or organizations as a use should be evaluated based on its scope and potential impacts and not necessarily on the entity that would operate the use. Mr. Smith proposes a permanent campground exemption for certain qualified charitable organizations with the principle mission of maintaining and protecting the AT. This describes the Potomac Appalachian Trail Club which currently operates the Bears Den Trail Center but it is unclear whether it describes any other organizations in the County.

Additionally, Mr. Smith states that his proposal is intended to plan for the future need for camping alternatives along the AT. Since there is currently not a documented need for new camping and there is significant land area where camping can take place outside of the County's zoning regulations, Staff recommends evaluating a text amendment in the future if such a need for camping arises. Any future need for camping would likely be accompanied by a specific proposal for a camping facility that could be used to define the scope of a potential text amendment. Given that no such facility is currently proposed, creating an exemption for AT camping would be speculative.

Should the Commission want to consider allowing AT camping as described, Staff recommends considering the following additional measures to limit its scope:

• Limit to primitive camping with simple shelters and privy facilities, similar to current shelters along the AT.

- Allow access only via the AT corridor with no vehicle parking or access from public roads this would help limit use of the campgrounds by AT hikers as opposed to outside individuals or groups.
- Require all campground facilities to be located within a limited distance from the AT.

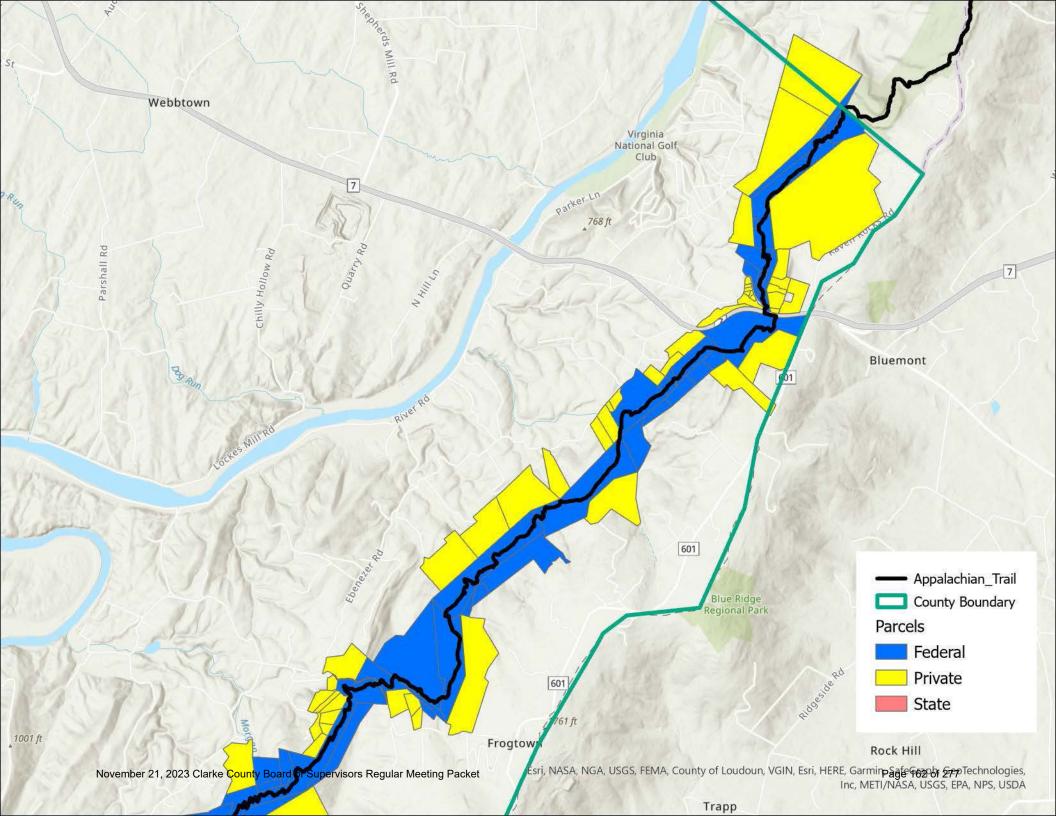

In the event that the text amendment is modified, Staff notes that the public hearing notice will likely need to be amended and re-advertised for the September 1 Business Meeting. Staff recommends providing clear direction on any potential text amendment so that we may develop a draft for your review at the July 7 Business Meeting.

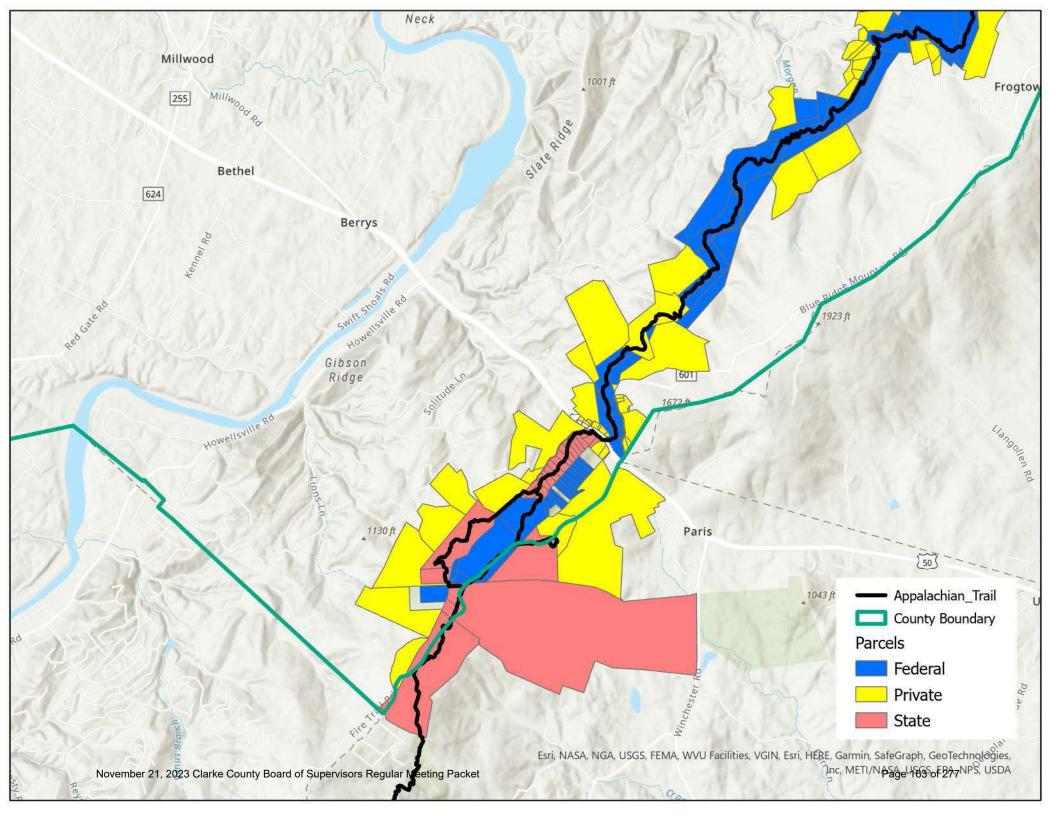

The current proposed text amendment, unchanged from the June 2 Business Meeting, is included at the end of this report for your reference.

Staff Recommendation:

Staff recommends that the Planning Commission provide direction on whether to amend the proposed text amendment. Staff has no outstanding concerns with the adoption of this text amendment in its current form.

History:	
March 22, 2022.	Policy & Transportation Committee voted 4-0-1 (Dunning absent) to forward the proposed text amendment to the full Commission for consideration.
April 4, 2023.	Placed on the Commission's Work Session agenda for initial discussion.
May 2, 2023.	Placed on the Commission's Work Session agenda for continued discussion.
May 5, 2023.	Commission voted 10-0-1 (Lee absent) to initiate consideration of the text amendment and to schedule public hearing for the June 2, 2023 Business Meeting
June 2, 2023.	Commission voted 8-0-3 (Glover, Ohrstrom, Staelin absent) to defer discussion of the text amendment to the Commission's July 5 Work Session and to continue the public hearing to the September 1 Business Meeting.
July 5, 2023.	Placed on the Commission's Work Session agenda for continued discussion.

PROPOSAL:

CAMPGROUND AMENDMENT TO ZONING ORDINANCE SHOULD TAKE INTO ACCOUNT THE SPECIAL NEEDS OF THE APPALACHIAN NATIONAL SCENIC TRAIL

I. Appalachian National Scenic Trail (AT) uniqueness

- 1. The AT was first envisioned more than a hundred years ago as a string of communities stretching along the crest of the Appalachian mountains established for the purpose of fostering rural based economies and providing places of rejuvenation for harassed city folk, and such communities were proposed to be connected by a continuous foot path
- 2. The AT was planned and built by volunteer activists over the following 15 year period, and has been continuously improved, rerouted as necessary, and maintained since then
- 3. It was the first National Scenic Trail included within the National Trails System Act of 1968
- 4. The AT is recognized in the Clarke County Comprehensive Plan as a valuable resource, with the implication that our Zoning Ordinance should give special consideration to its protection

II. AT management structure

- 1. AT in Clarke County (CC) is situated on land owned by the National Park Service (NPS)
- 2. NPS owns parcels of land bordering the AT, creating a corridor through which the AT passes
- 3. Management and maintenance of AT in CC is coordinated through a complex public/private partnership involving the NPS, Appalachian Trail Conservancy (ATC), Potomac Appalachian Trail Club (PATC), and the County; this is the "Cooperative Management System" (CMS)
- 4. The CMS recognizes the need to blend national goals with the local situation, along with coordinating the volunteer resources that are required to maintain and protect the AT
- 5. AT infrastructure support facilities in CC are located on both Federal and private land (e.g., the Bears Den Trail Center is on land owned by the ATC and managed under lease to the PATC)

III. The AT is special with special needs

- 1. The AT serves multiple functions as a popular venue for day hikers; a challenging, nearly 2200 mile long, foot path for "through hikers"; a wildlife migration corridor; a unique ribbon of nearly undeveloped open space along the Appalachian chain of mountains; a local magnet that provides personal peace and relaxation, etc.
- 2. Through hikers require a place to camp at night
- 3. Necessary attributes for campground infrastructure include: suitable terrain, availability of shelter sites, potable water supply, food preparation and storage facilities, and toilet facilities
- 4. This camping need can be met by staying at an AT shelter on corridor land, tent camping near a shelter or a more remote spot on corridor land, or at a private facility nearby the AT

5. Currently in CC this need is supplied by a trail shelter on NPS corridor land and by the Bears Den Trail Center facility operated by the PATC which provides the option of either staying in the BD lodge or in the BD campground

IV. Planning for the future

- 1. Public use by hikers of the AT, including an increasing diversity of socioeconomic and ethnic backgrounds, has increased rapidly over the past decade, and continues to do so today; and there is no feasible way in CC to limit this increasing demand for hiking activity
- 2. Such increasing use creates challenges for the CMS partners to manage the consequent human impacts to the trail corridor and to the surrounding natural environmental features
- 3. Increased human use of the AT can result in increased public support to protect this valuable resource from proposed incompatible land uses nearby, while at the same time potentially degrading its condition as a naturally functioning ecological system
- 4. Difficult decisions are sometimes required regarding the merit of dispersing camping activities versus concentrating these in centrally managed locations
- 5. In the event that a future need emerges to expand AT related camping facilities to protect the AT and corridor lands from ecological damage, provision should be made now in CC's zoning ordinance to allow for this eventuality
- 6. The draft ZO under consideration today would foreclose on this option, thereby potentially putting at greater risk the ecological integrity of the AT corridor at some time in the future

V. Recommendation

- 1. It is recommended that the draft Camping ZO amendment under consideration today be modified so as to allow new camping facilities on certain parcels that conform to the following specific requirements:
 - a. such parcel (under a conservation easement?) must be adjacent to the AT corridor land owned by the NPS, and be owned by, and if under lease operated by, an entity/entities that are IRS-qualified charitable 501 (c) (3) organization(s); AND
 - b. the principle mission of such entity/entities shall be the maintenance and protection of the Appalachian National Scenic Trail; AND
 - c. the entity/entities have an established record of serving the public interest in providing access to and maintenance of the Appalachian National Scenic Trail, including its campground operations
 - d. the Commission should consider whether this should be a use by right or by SUP
- 2. Accepting this recommendation for modifying the draft ZO amendment under consideration today would allow for the management flexibility of the AT that is required to maintain its ecological integrity as future demands for its use and a changing climate will challenge our ability to retain the natural condition of this valued resource

ZONING ORDINANCE TEXT AMENDMENT (TA-23-01)

Campground Regulations

October 17, 2023 Board of Supervisors Meeting – PUBLIC HEARING

STAFF REPORT – Department of Planning

The purpose of this staff report is to provide information to the Planning Commission and Board of Supervisors to assist them in reviewing this proposed ordinance amendment. It may be useful to members of the general public interested in this proposed amendment.

Description:

Proposed text amendment to add a new temporary use, "camping," to Zoning Ordinance Section 5.4 (Uses, Definitions, and Use Regulations – Temporary Uses) and to delete "campground" and "summer camp" from Section 5.2D (Recreation/Education/Assembly Uses). The purpose is to prohibit new permanent campgrounds including those operated as a business or as summer camps, and to establish new regulations for the duration of camping activities, the long-term lease of a lot for camping, and temporary event camping.

Requested Action:

Conduct advertised Public Hearing and take action on the proposed text amendment.

Summary:

The proposed text amendment would re-define camping as a temporary activity and would prohibit the development of new permanent campgrounds both as businesses and as year-round facilities for groups and organizations. This would be accomplished by removing the current zoning uses "campground" and "summer camp" from the Zoning Ordinance. The new temporary use, "camping," would limit all camping activities to a total of 30 days in any 60-day period and a maximum of 14 consecutive days. This time limitation would allow 180 days of camping in a calendar year and establish a reasonable limit on the duration of a continuous camping activity.

In addition to these changes, new regulations would be included to allow property owners to lease their lots on a long-term basis (minimum 30-day written lease) to tenants specifically for camping. These rules are proposed to recognize the long-standing practice of seasonal "river lot" rentals along the river and to ensure that these locations are not operated as commercial campgrounds. Lots leased for camping would also be limited to two campsites per lot of record including a maximum of one recreational vehicle per campsite.

Other rules proposed include a prohibition on temporary or permanent onsite connections for recreational vehicles to utilities, no advertising of properties as being open to the public for camping, and a zoning permit review process for camping in conjunction with a temporary public event.

The text amendment was developed by the Commission's Policy & Transportation Committee over a series of five meetings with Planning Staff.

Background:

Camping comes in several different forms. The bullets below describe how each form is currently regulated in the Zoning Ordinance.

- <u>Campgrounds in general</u>. The Zoning Ordinance identifies a "campground" as a camping activity involving three or more campsites for periods of overnight or longer regardless of whether compensation is offered, required, or accepted. Campgrounds are a special use in the AOC and FOC Districts and require approval of a special use permit and site development plan. Since camping activities can be considered campgrounds regardless of whether money is exchanging hands, all overnight camping activities with three or more campsites are considered to be campgrounds.
- <u>Commercial campgrounds</u>. A campground operated as a business, such as Watermelon Park, requires approval of a special use permit and site development plan so long as at least three campsites are offered for use. By definition, a commercial campground which only offers two campsites for rental would not require zoning approval. Use regulations are also silent regarding what types of accessory uses can be included in a commercial campground such as clubhouses, swimming pools, and camp stores.
- <u>Summer camps.</u> A summer camp is an establishment that provides entertainment, education, recreation, religious instruction or activities, physical education, or health in addition to overnight camping for twelve or more persons under the age of 18 who are not related to the property owner. In other words, a summer camp is a youth camp which can be operated as a business or non-profit. A summer camp is allowed with approval of a special use permit and site development plan in the AOC and FOC Districts as they can have similar impacts and intensity to commercial campgrounds. In addition to allowing camping in tents, campers, and RVs, accommodations may also be provided in buildings. Summer camps may only operate from the Saturday immediately preceding Memorial Day through Labor Day, and the minimum lot size is 3 acres.
- <u>Leased lots for camping</u>. A property owner may lease the right to camp on a lot of record without zoning approval so long as the camping activity is limited to two campsites at a time. If three or more campsites are offered, it would be considered a campground and require approval of a special use permit and site development plan. A property owner can also lease the right to camp on a lot of record to multiple tenants without zoning approval so long as no more than two campsites are operated at a time.
- Private camping. A property owner is permitted to camp on their property without zoning approval and is not limited as to the number of campsites they may have for the property owner's use. The definition of "campground" specifically excludes camping by a property owner on their land but does not extend this exclusion to the property owner's guests. While Staff has not applied the campground regulations to private camping in the past, the regulations can be interpreted to require a special use permit and site development plan if the property owner has three or more campsites on their lot that are used by guests, family members, or other individuals who are not owners of the lot.

• Temporary event camping. Staff has not historically applied the campground regulations to overnight camping in conjunction with public or private events although some events can have three or more campsites established. Some past special events approved under County Code Chapter 57, such as multi-day music festivals, have included overnight camping for patrons and/or vendors who will be in attendance for the duration of the event. Chapter 57 does not include specific regulations for overnight camping and was recently amended to state that camping activities are regulated by the Zoning Ordinance. Other types of temporary events such as horse shows can have overnight camping for participants and have not been interpreted by Staff to constitute a "campground" for zoning purposes.

History

Current terms and definitions for "campground" and "summer camp" were established in 1997. Prior to this date, the Zoning Ordinance contained uses for "campground," "day camp," and "board camp." The 1997 text amendment consolidated "day camp" and "board camp" into the current "summer camp" use. Definitions were created for "campground" and the related terms "camping unit" and "campsite" using similar definitions taken from the Code of Virginia with modifications. No recent changes have been made to these terms and definitions.

Current Zoning Ordinance use and use regulations

The "campground" use is defined as follows:

Any area, place, or lot, by whatever name called, on which three or more campsites are occupied or intended for occupancy, or facilities are established or maintained, wholly or in part, for the accommodation of camping units for periods of overnight or longer, whether the use of the campsites and facilities is granted gratuitously, or by rental fee, lease, or conditional sale, or by covenants, restrictions, and easements, including any travel trailer camp, recreation camp, family campground, camping resort, or camping community. "Campground" does not mean a summer camp, migrant labor camp, or park for mobile homes as defined in Code of Virginia, or a construction camp, storage area for unoccupied camping units, or property upon which the individual owner may choose to camp and not be prohibited or encumbered by covenants, restrictions, and conditions from providing his sanitary facilities within his property lines.

The use regulations contain definitions for "camping unit" and "campsite":

- "Camping unit" -- a tent, tent trailer, travel trailer, camping trailer, pickup camper, motor home, and any other vehicular type structure for use as temporary living quarters or shelter during periods of recreation, vacation, leisure time, or travel.
- "Campsite" -- any delineated area within a campground used or intended for occupation by the camping unit.

These definitions appear to have been adapted from the Virginia Department of Health's (VDH) campground regulations. They are similar to but not precisely the same as the current wording of the VDH definitions.

One additional use regulation limits the duration of camping at a campground to a maximum of 15 days in any 30-day period. Campgrounds are allowed with special use permit and site development plan approvals.

Policy questions discussed by the Committee

In developing this text amendment, the Planning Commission's Policy & Transportation Committee deliberated the following policy questions pertaining to the current campground and summer camp regulations:

- What is the scope of "camping?" Per the definition, a campground includes any camping activity with three or more campsites regardless of whether a fee is being charged or if there is a lease arrangement. This includes commercial campgrounds (such as Watermelon Park) and lots leased for camping and containing three or more campsites. The definition is less clear when it comes to private camping, noting that a campground does not include "property upon which the individual owner may choose to camp and not be prohibited or encumbered by covenants, restrictions, and conditions from providing his sanitary facilities within his property lines." While this language is cumbersome, it does appear clear that a property owner can camp on their own property without being considered a campground. It is open to interpretation as to whether this extends to camping by the property owner's friends and family.
- What is a "campsite?" The definition of "campsite" references a "delineated area" within a campground for a "camping unit" (tent, RV, etc.). This definition most likely contemplates lots within a commercial campground used as campsites by individual patrons. It is less clear when applied to private camping in which an entire property or portion of a property is used for camping but without delineated lots. If a property owner leases a river lot to a single tenant who has 5 tents and/or RVs situated around a single campfire, it is open to interpretation as to whether this constitutes one campsite or five campsites.
- What structures, vehicles, and equipment can be used for camping? Campgrounds are only permitted to allow tents, RVs, and similar recreational equipment for overnight camping. Permanent structures like cabins are not allowed although the overnight rental of a conforming single-family dwelling, tenant house, or minor dwelling could be considered a short-term residential rental use. Yurts are also open to interpretation as some can be constructed to meet building code requirements for use as a dwelling.
- Are commercial campgrounds a compatible special use in the AOC and FOC Districts or should this particular use be prohibited or limited in scope? Commercial campgrounds can be impactful on surrounding properties both in their development and ongoing operations. Since campground sites are often chosen for the pristine surrounding environment or access to unique natural areas or features, commercial campgrounds could be located in remote and undeveloped areas with access via secondary roads where significant vehicular traffic (including large RVs) is currently not occurring. Given that only one special use permit application has been filed in recent memory for a new commercial campground, it may be prudent to evaluate whether a compatible commercial

campground could be developed in the AOC or FOC Districts today and whether the use should be limited in scope with new regulations or prohibited entirely.

- If commercial campgrounds are a compatible use, what accessory uses should be allowed? Use regulations are silent regarding amenities that may be developed at a campground such as swimming pools, clubhouses, bath houses, stages, dump stations, pedestals for utility hookups, and camp stores.
- Should private camping be regulated as a campground use, as a different use subject to different regulations, or not regulated at all? Private camping with three or more campsites meets the definition of a campground requiring a special use permit and site development plan because the regulations do not factor in whether money is exchanging hands for the camping activity. On the one hand, this requirement helps with enforcement as Staff does not have to determine that the camping activity is commercial in nature which can be difficult to prove at times. On the other hand, enforcing the requirements against private camping activities may be viewed as infringing on private property rights and akin to applying zoning regulations for public assembly activities against private parties and events.
- How should temporary camping in conjunction with events be regulated? As noted above, overnight camping by participants, vendors, and organizers has been allowed in conjunction with temporary events. In some cases such as multi-day music festivals, overnight camping is encouraged for the safety of the patrons to avoid having them leave the event site at late hours. Temporary event camping can consist of numerous campsites constituting a "campground" by definition, however it is clear that the zoning regulations did not contemplate this form of camping. It should be noted that the Virginia Department of Health has a permitting process for "temporary camping" that most commonly applies to temporary events. It should also be noted that draft revisions to County Code Chapter 57 (Special Events) would currently direct regulation of event camping to the Zoning Ordinance.

Proposed Text Amendment:

The Committee and Staff developed this text amendment based on four policy positions:

- Campgrounds operated as a business, permanent campgrounds for non-profit or similar
 organizations, and summer camps should be eliminated as a permissible use. Due to their
 size and potential adverse impacts on surrounding properties, members agreed that the
 uses should be eliminated because it is unlikely that there are any compatible locations in
 the county for new campgrounds and summer camps to be developed.
- The long standing practice of "river lot" camping should be preserved but regulations should be established to ensure that intensity and potential impacts to surrounding properties are minimized.

- Camping on private property in the AOC and FOC Districts by the property owner and/or their invited guests should not be specifically regulated.
- Camping is a temporary and periodic recreational activity and regulations should be developed to emphasize that it is not a permanent use.

The most significant proposed change is the deletion of two permanent camping uses from Section 5.2D (Recreation/Education/Assembly Uses) – "campground" and "summer camp" – and the creation of the new temporary use "camping" in Section 5.4 (Temporary Uses). The new "camping" use would be defined as follows:

A recreational activity conducted on a lot of record involving overnight accommodations on a temporary or periodic basis. Camping operated as a business or in exchange for a fee or other compensation, except as described in use regulation 5 below, is prohibited.

This change would prohibit any new campgrounds operated as a business except for the long-term lease of a campsite on a lot of record (described later in this report). New summer camps would also be prohibited. Any existing commercial campgrounds or summer camps that were previously approved by the county would be allowed to continue as nonconforming uses (e.g., Watermelon Park Campground, Northern Virginia Lions Youth Camp). The regulation would also prohibit camping for a fee as an accessory activity to a business such as offering camping in conjunction with a short-term residential rental or at a farm winery, farm brewery, or farm distillery (e.g., Harvest Hosts).

To emphasize the temporary and periodic nature of camping, use regulation 1 would establish the following time limits on all forms of camping:

1. The duration of all camping activities conducted on a lot of record shall not exceed a total of 30 days in any 60-day period and shall not be conducted for more than 14 consecutive days.

These time limits would allow property owners and/or their invited guests to camp for a generous 180 days in a calendar year and a maximum of 14 days in a row. The proposed time limits would also help distinguish between a legitimate camping activity and individuals residing on a property in a recreational vehicle, tent, or other camping structure. The time limits would also enable property owners to allow invited groups (e.g., church congregations, scouts) to camp on their property without enabling the property to be established as the permanent location for an organization's camping activities. The use regulation calculates the duration of all camping activities conducted on a lot of record regardless of whether camping is taking place simultaneously on the lot in separate locations.

Use regulation 2 emphasizes that camping activities are not allowed to have site improvements that would make a location more of a permanent campground:

2. Camping shall be limited to recreational vehicles and temporary structures such as tents or yurts or similar forms of temporary shelter not permitted for permanent

residential use. Temporary or permanent onsite connections for recreational vehicles to water, sewage disposal, electric power, or other utilities are prohibited.

Camping would be allowed only in recreational vehicles (e.g., motor homes, travel trailers, fifth wheels, truck campers) or in temporary structures including tents and yurts that can be easily removed from the property. Proposed "camping" in a legally permitted dwelling (single-family dwelling, tenant house, or minor dwelling) for compensation would be treated as a short-term residential rental.

This use regulation also prohibits the use of temporary or permanent onsite connections to utilities on a subject property for recreational vehicles in conjunction with a camping activity. This would include water, sewer, propane, and electrical hookups and would also include any connection to satellite dishes, cable television, or internet located on the property. The use regulation would not apply to the use of water, sewer, propane, electrical, satellite, or internet located on board or brought to the campsite with the recreational vehicle.

Use regulation 3 would prohibit properties from being advertised as open to the public or the permanent campground for a non-profit or similar organization:

3. No camping activity shall be publicized as being open to the public or as being the permanent campground for a non-profit or similar organization.

This use regulation is added to deter the establishment of permanent campground facilities and mitigate potential violations of the time limitation requirements. Evidence of such publication either through advertisements or permanent signage would be a clear violation of this proposed use regulation.

Use regulation 4 requires camping operators to comply with the Virginia Department of Health's (VDH) temporary campground permit process and to maintain their approval in good standing throughout the duration of the camping activity:

4. A temporary campground approval from the Virginia Department of Health shall be obtained, if required, and maintained in good standing throughout the duration of the camping activity.

VDH requires temporary campground permits for camping activities containing three or more campsites and a time limitation of 14 days in a 60-day period. Camping which exceeds this time frame would require a VDH permanent campground permit to be obtained, however it is unlikely that camping permitted by this text amendment would require such a permit. Temporary campground permits would most commonly be issued for camping in conjunction with temporary events such as those held at the Ruritan Fairgrounds or approved by special event permit. VDH staff indicated that some private camping events not associated with a temporary event could require a temporary campground permit depending on their size, scale, and duration.

Use regulation 5 establishes regulations for the long-term lease of a lot or portion of a lot for camping activities, more commonly referred to in the county as "river lot" camping but applicable on any AOC or FOC zoned lot:

- 5. The long-term lease of a lot by the property owner to a lessee and their guests for a charge is permissible subject to the following requirements:
 - A. The minimum duration of a long-term lease shall be 30 days and shall be evidenced by a written agreement between the property owner and each lessee.
 - B. No more than two campsites shall be allowed per lot of record and each campsite shall be limited to no more than one recreational vehicle including but not limited to travel trailers, fifth-wheel campers, motor homes, and pickup campers. A campsite is an area designated in a lease for camping by the specified lessee.

As previously noted, the Committee wanted to allow the practice of "river lot" camping to continue subject to reasonable regulations to limit their scale and impacts. In order to differentiate the leasing of a lot or portion of a lot for camping from a commercial campground, the leasing arrangement must be for a minimum of 30 days and documented in a written lease. Any leasing situation for less than 30 days or without a written agreement in place would be considered a prohibited commercial campground.

The use regulation also limits leased lot camping to a maximum of two "campsites" per lot of record defined as "an area designated in a lease for camping by the specified lessee." Each campsite would be allowed to have a maximum of one recreational vehicle so no more than two such vehicles could be located on the lot of record at one time.

The long-term leasing of a lot for camping traditionally is seasonal in nature as leases are issued for the warm months (May to September). The time limitation on camping would apply to long-term leasing as well but would not unreasonably impede a lessee's ability to maximize camping during the season. Under the limitation of 30 days in any 60-day period with maximum of 14 consecutive camping days, a lessee with a 4 month lease could:

- Camp for consecutive three-day weekends throughout the lease period.
- Camp for 14 days in a row and still have 16 camping days available for use over the remaining 46 days in the 60-day period.
- Use the campsite during the day for recreational purposes without staying overnight without having the day count towards the total number of camping days used.

Use regulation 6 deals specifically with camping at temporary events:

6. Camping may be permitted in conjunction with a temporary event held in accordance with an approved agritourism activity zoning permit, a special event permit issued per

County Code Chapter 57, an ancillary activity to a temporary event held at a fairgrounds, or as specifically approved by other zoning action. Such camping shall be subject to the following requirements:

- A. Temporary event camping shall require approval of a zoning permit unless approved in conjunction with an agritourism activity zoning permit.
- B. A temporary campground approval from the Virginia Department of Health shall be obtained, if required, and maintained in good standing throughout the duration of the event.
- C. Camping activities shall be limited to the duration of the temporary event or as set forth in the approved agritourism activity zoning permit or special event permit.
- D. A camping plan shall be provided with the zoning permit application which delineates the area reserved for campsites, all facilities required in conjunction with the VDH temporary campground permit, and any other pertinent information required by the zoning administrator.

This is the only form of camping that would require approval of a zoning permit or zoning approval through other process (e.g., agritourism activity zoning permit). The zoning administrator would be the approval authority and applicants would be required to submit a camping plan that shows where the campsites would be located and any other pertinent information required by the zoning administrator. The zoning permit review would be coordinated with VDH's temporary campground process – VDH approval would be a prerequisite to approval of the zoning permit and the applicant would be required to show all facilities required by VDH on the camping plan.

Public Comments:

The Planning Commission held a public hearing on this proposed text amendment at the June 2, 2023 Business Meeting. In his public hearing comments and written handout provided to the Commission, Lowell Smith said that the proposed text amendment should take into account the possible future need for public camping facilities along the Appalachian Trail (AT). He proposed that new camping facilities be allowed, either by-right or by special use permit, on lots that meet the following requirements:

- Such lot must be adjacent to the AT corridor land owned by the National Park Service and be owned by, or if under lease be operated by, an entity/entities that are IRS-qualified charitable 501(C)(3) organizations (possibly in conservation easement)
- The principle mission of such entity/entities shall be the maintenance and protection of the Appalachian National Scenic Trail
- The entity/entities have an established record of serving the public interest in providing access to and maintenance of the AT including its campground operations

Mr. Smith noted that while dispersed camping is allowed on Federal lands, increased usage of the AT and impacts to it in the future could result in prohibition of dispersed camping. Currently, the only other camping facilities for hikers are a trail shelter on National Park Service property and the Bears Den Trail Center facility which includes the lodge and its existing primitive campground containing two campsites.

In response to Mr. Smith's comments, the Commission voted to defer discussion of the text amendment to the Commission's July 5 Work Session and to continue the public hearing to the September 1 Business Meeting. The public hearing was continued to a later meeting in the event that the Commission decided to make changes to the text amendment requiring changes to the public hearing notice. The Commission discussed Mr. Smith's concerns at the July 5 Work Session but chose to make no changes to the proposed text amendment.

Planning Commission Recommendation:

Following a duly advertised public hearing on June 2, 2023 and a continued public hearing on September 1, 2023, the Commission voted unanimously to recommend adoption of the proposed text amendment.

Staff Recommendation:

Staff has no outstanding concerns with the adoption of this text amendment.

History:	
March 22, 2023.	Policy & Transportation Committee voted 4-0-1 (Dunning absent) to forward the proposed text amendment to the full Commission for consideration.
April 4, 2023.	Placed on the Commission's Work Session agenda for initial discussion.
May 2, 2023.	Placed on the Commission's Work Session agenda for continued discussion.
May 5, 2023.	Placed on the Commission's Business Meeting agenda to consider scheduling public hearing.
June 2, 2023.	Commission voted 8-0-3 (Glover, Ohrstrom, Staelin absent) to defer consideration to the July 5, 2023 Work Session and to continue the public hearing to the September 1, 2023 Business Meeting.
July 5, 2023.	Commission discussion of citizen concerns with the proposed text amendment.

September 1, 2023. Commission voted unanimously to recommend adoption of the proposed text amendment.

September 19, 2023. Board of Supervisors voted unanimously to schedule public

hearing for the October 17, 2023 meeting.

October 17, 2023. Placed on the Board of Supervisors Meeting agenda and

advertised for public hearing.

Ordinance Amendment Text (changes shown in bold italics with strikethroughs where necessary):

CAMPING	
Permitted Use	AOC, FOC, ITL (fairgrounds only)
Accessory Use	None
Special Use	None

Definition:

A recreational activity conducted on a lot of record involving overnight accommodations on a temporary or periodic basis. Camping operated as a business or in exchange for a fee or other compensation, except as described in use regulation 5 below, is prohibited.

Use Regulations:

- 1. The duration of all camping activities conducted on a lot of record shall not exceed a total of 30 days in any 60-day period and shall not be conducted for more than 14 consecutive days.
- 2. Camping shall be limited to recreational vehicles and temporary structures such as tents or yurts or similar forms of temporary shelter not permitted for permanent residential use. Temporary or permanent onsite connections for recreational vehicles to water, sewage disposal, electric power, or other utilities are prohibited.
- 3. No camping activity shall be publicized as being open to the public or as being the permanent campground for a non-profit or similar organization.
- 4. A temporary campground approval from the Virginia Department of Health shall be obtained, if required, and maintained in good standing throughout the duration of the camping activity.
- 5. The long-term lease of a lot by the property owner to a lessee and their guests for a charge is permissible subject to the following requirements:

- A. The minimum duration of a long-term lease shall be 30 days and shall be evidenced by a written agreement between the property owner and each lessee.
- B. No more than two campsites shall be allowed per lot of record and each campsite shall be limited to no more than one recreational vehicle including but not limited to travel trailers, fifth-wheel campers, motor homes, and pickup campers. A campsite is an area designated in a lease for camping by the specified lessee.
- 6. Camping may be permitted in conjunction with a temporary event held in accordance with an approved agritourism activity zoning permit, a special event permit issued per County Code Chapter 57, an ancillary activity to a temporary event held at a fairgrounds, or as specifically approved by other zoning action. Such camping shall be subject to the following requirements:
 - A. Temporary event camping shall require approval of a zoning permit unless approved in conjunction with an agritourism activity zoning permit.
 - B. A temporary campground approval from the Virginia Department of Health shall be obtained, if required, and maintained in good standing throughout the duration of the event.
 - C. Camping activities shall be limited to the duration of the temporary event or as set forth in the approved agritourism activity zoning permit or special event permit.
 - D. A camping plan shall be provided with the zoning permit application which delineates the area reserved for campsites, all facilities required in conjunction with the VDH temporary campground permit, and any other pertinent information required by the zoning administrator.

Required Review Processes:

A Zoning Permit per Section 6.2.1 is required for camping in conjunction with a temporary event as described above.

CAMPGROUND	
Permitted Use	None
Accessory Use	None
Special Use	AOC, FOC

Definition:

Any area, place, or lot, by whatever name called, on which three or more campsites are occupied or intended for occupancy, or facilities are established or maintained, wholly or in part, for the accommodation of camping units for periods of overnight or longer, whether the use of the campsites and facilities is granted gratuitously, or by rental fee, lease, or conditional sale, or by

covenants, restrictions, and easements, including any travel trailer camp, recreation camp, family campground, camping resort, or camping community. "Campground" does not mean a summer camp, migrant labor camp, or park for mobile homes as defined in Code of Virginia, or a construction camp, storage area for unoccupied camping units, or property upon which the individual owner may choose to camp and not be prohibited or encumbered by covenants, restrictions, and conditions from providing his sanitary facilities within his property lines.

Use Regulations:

- 1. Additional terms. For the purposes of this section, the term "camping unit" shall mean a tent, tent trailer, travel trailer, camping trailer, pickup camper, motor home, and any other vehicular type structure for use as temporary living quarters or shelter during periods of recreation, vacation, leisure time, or travel. The term "campsite" shall mean any delineated area within a campground used or intended for occupation by the camping unit.
- 2. <u>Duration of accommodations</u>. A campground shall be for the temporary accommodation of a camping unit for not more than 15 days in any 30-day period.

Required Review Processes:

- 1. Special Use Permit Review is required per Section 6.3.1.
- Site Development Plan Review is required per Section 6.2.2.

SUMMER CAMP	
Permitted Use	None
Accessory Use	None
Special Use	AOC, FOC

Definition:

Any building, tent, or, vehicle, or group of buildings, tents or vehicles, if operated as one place or establishment, or any other place or establishment, public or private, together with the land and waters adjacent thereto, which is operated or used in the Commonwealth from the Saturday immediately preceding Memorial Day through Labor Day for the entertainment, education, recreation, religion instruction or activities, physical education, or health of persons under eighteen years of age who are not related to the operator of such place or establishment by blood or marriage within the third degree of consanguinity or affinity, if twelve or more such person at any one time are accommodated, gratuitously or for compensation, overnight and during any portion of more than two consecutive days.

Use Regulations:

- 1. The minimum lot size for a summer camp is three acres.
- Applicants for such uses shall demonstrate that all applicable regulations of the
 Department of Health and Commonwealth of Virginia (specifically including <u>Title 35.1</u>,

 <u>Code of Virginia</u>), have been met.

Required Review Processes:

- 1. Special Use Permit Review is required per Section 6.3.1.
- 2. Site Development Plan Review is required per <u>Section 6.2.2</u>.

Item

Description

A. <u>FY24 Supplemental Appropriation Request for Additional Position in Treasurer's Office</u>: (see attached memo) As of December 1, 2023, the State Compensation Board is funding an additional position for a Deputy I in the Treasurer's Office. The Treasurer is requesting funding for this position. The attached memo outlines the estimated expenses, the corresponding FY24 State revenue from the Compensation Board, and the local funds needed.

2023-11-06 Summary: Following review, the Finance Committee recommends:

"Be it resolved that the FY24 Treasurer's Office operating fund budgeted expenditure and appropriation be increased \$52,545, revenue budget and appropriation be increased \$14,711, and fund balance designation for Government Savings be decreased in the amount of \$37,834, all for the purpose of providing an additional staff position and recognizing additional revenue of \$14,711 from the State Compensation Board."

- B. <u>FY24 1st Quarter Expenditure Review</u>: (see attached expenditure report)
 2023-11-06 Summary: The Finance Committee reviewed the expenditure report, no action was taken.
- C. <u>FY24 1st Quarter Revenue Review</u>: (see attached revenue report)
 2023-11-06 Summary: The Finance Committee reviewed the revenue report, no action was taken.
- D. <u>FY24 Fund Balance Designations</u>: (see attached document) This fund balance document shows an estimated FY23 ending fund balance. The final ending FY23 fund balance amount will be obtained during the FY23 audit and provided during the Finance Committee meeting.
 - 2023-11-06 Summary: Following review, the Finance Committee recommends approving the fund balance designations as shown in the attached document.
- E. <u>FY24 Appropriation of Remaining ARPA Funds</u>: The remaining amount of ARPA funds is \$98,584.16. The Finance Committee discussed using these remaining funds for FY24 Capital Projects expenses.
 - 2023-11-06 Summary: Following review, the Finance Committee recommends,

"Be it resolved that FY24 Government Capital Projects fund budgeted expenditure and appropriation be increased \$98,584.16, and that deferred revenue in the same

amount be recognized, all for the purpose of completing various small capital projects."

F. <u>Bills and Claims</u>: (see attached) The Finance Committee should consider approval.

2023-11-06 Summary: Following review, the Finance Committee recommends approval of the October 2023 Invoice History Report.

- G. Standing Reports:
 - Year to Date Budget Report
 - Reconciliation of Appropriations
 - Capital Projects Report

2023-11-06 Summary: Review only, no action taken.

OFFICE OF TREASURER OF CLARKE COUNTY P.O. BOX 537 BERRYVILLE, VIRGINIA 22611

Sharon E. Keeler Treasurer

(540) 955-5160 Fax (540) 955-5179

To: Board of Supervisors

From: Sharon Keeler, Treasurer

The Compensation Board has approved funding for another Deputy I position in the Treasurer's office. I am asking the Board of Supervisors to provide additional local funds for this position. I estimate the salary for this position to be maximum of \$35,000.00. Based on this estimate, the additional funds needed would be as follows:

Estimated cost of Treasurer's Office deputy I position FY24

•		Annual
		Employer
	Rates	Costs
Salary	\$35,000	35,000
FICA	0.0765	2,678
VRS	0.1151	4,029
*Health Ins	· 846.14	10,154
VRS Life	0.0134	469
Disability	0.00528	185
Workers Comp	0.0900	32

^{*} Health Insurance estimate above is for employee only plan. The annual cost could be as high as \$21,950 if a different plan is chosen.

Total Estimated Salary and Benefits 52,545

SUPPLEMENTAL NUTRIONAL ASSISTANCE PROGRAM-SNAP

The overall goal of SNAP is to alleviate hunger and malnutrition by increasing resources for the purchase of food for a nutritious diet. SNAP supplements the food budget of low-income households. Eligibility for SNAP is based on income and household size.

The SNAP Program is 100% Federally Funded.

FISCAL YEAR	FY20	FY21	FY22
APPLICATIONS	585	237	298
RECIPIENT COUNT	687	782	876
SNAP DOLLARS SPENT	\$747,898.	\$1,260.093	\$1,784,954.

MEDICAL ASSISTANCE SERVICES-MEDICAID

The Medical Assistance (MA) Program was established under the Title XIX of the Federal Social Security Act to enable states to provide medical and health-related services for certain individuals and families with low incomes. The Medicaid, FAMIS, and Medicaid Expansion programs are financed with state and federal funds. Virginia Department of Social Services (VDSS) works in partnership with the Department of Medical Assistance Services (DMAS), the state agency responsible for the general administration of the Medicaid program in Virginia. Determination of eligibility for Medicaid and related social services is the responsibility of the local department of social services. Medicaid is 48% State Funded and 52% Federally Funded.

FISCAL YEAR	FY20	FY21	FY22
APPLICATIONS	585	482	416
RECIPIENT COUNT	1,880	2,038	2293
MC DOLLARS SPENT	\$14,942,466.	\$17,668.279.	\$19,037,407.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES-TANF

The purpose of TANF is to provide temporary cash assistance and employment related services to enable families with children to become self-supporting. TANF is 62% State Funded and 38% Federally Funded.

FISCAL YEAR	FY20	FY21	FY22
APPLICATIONS	59	28	50
RECIPIENT COUNT	37	32	49
TANF DOLLARS SPENT	\$25,529.	\$32,175.	\$50,283.

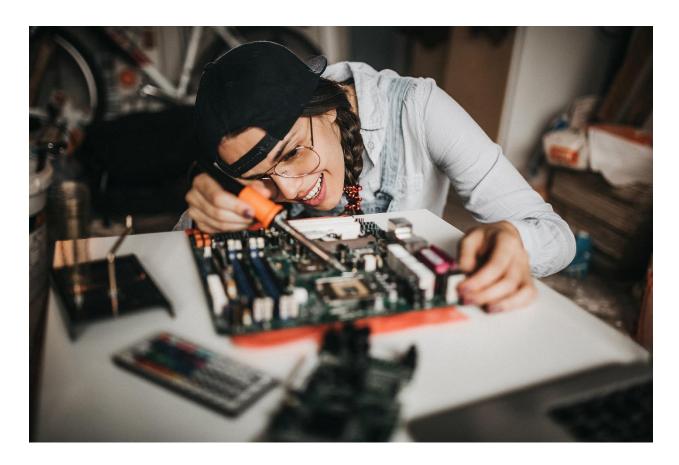

VIRGINIA INITIATIVE FOR EDUCATION AND WORK-VIEW

Virginia Initiative for Education and Work (VIEW) program is a program of employment, education, and training opportunities to assist individuals in attaining the goal of self-sufficiency. The VIEW program promotes economic independence through participation in employment-related activities, education, and training, and needed support services.

The VIEW Program is 15% Locally Funded, 73%State Funded and 12% Federally Funded.

FISCAL YEAR	FY20	FY21	FY22
INDIVIDUALS REFERRED	0	4	13
TOTAL ENROLLED	2	1	5
VIEW DOLLARS SPENT	\$6,432.	\$6,654.	\$4,448.

CHILD CARE SUBSIDY

The purpose of the Child Care and Development Fund is to increase the availability, affordability, and quality of childcare services. Child Care Program also has implemented a quality rating system for childcare providers and programs, provides education to parents about high quality childcare, and provides a professional development system for the childcare workforce.

The Child Care Subsidy Program is 25% State Funded and 75% Federally Funded.

FISCAL YEAR	FY20	FY21	FY22
APPLICATIONS	16	30	16
RECIPIENT COUNT	25	24	20
CHILDCARE DOLLARS SPENT	\$93,811.	\$74,275.	\$130,869.

ENERGY ASSISTANCE PROGRAMS-EAP COOLING, HEATING, AND CRISIS ASSISTANCE

The Energy Assistance Program (EAP) consists of three components: Fuel Assistance, Crisis Assistance and Cooling Assistance. The EAP assists low-income households in meeting their immediate home energy needs. To be eligible, households must have a heating or cooling expense and their gross monthly income may not exceed 130 percent of the federal poverty level.

Energy Assistance Programs are 48% State Funded and 52% Federally Funded.

FISCAL YEAR	FY20	FY21	FY22
EA APPLICATIONS	85	77	122
EA DOLLARS SPENT	\$39,469.	\$41,855.	\$560,028.

ADULT SERVICES-APS & AS

ADULT PROTECTIVE SERVICES, ADULT SERVICES, & GUARDIANSHIP SERVICES

Adult Services (AS) allows the adult individuals to remain in the least restrictive setting and function as independently as possible by establishing and/or strengthening appropriate family and social support systems or by supporting the adult in self-determination. AS supports impaired adults aged 18 or older, and their families when appropriate. AS may include the provision of case management, home-based care, transportation, adult day services, nutrition services, placement services, and other activities to aid the adult.

Adult Protective Services (APS) investigates reports of abuse, neglect and exploitation of adults aged 60 and over and incapacitated adults over 18 years of age and provides services when person is found to be in need of protective services. The goal of APS is to protect a vulnerable adult's life, health, and property without a loss of liberty. Adult Service Programs are 20% locally funded and 80% Federally Funded.

FISCAL YEAR	FY20	FY21	FY22
APS REPORTS	120	68	148
ONGOING AS CASES	70	59	39
GUARDIANSHIP CASES	32	36	28
AUXILLARY GRANTS	3	2	1
AUXILLARY GRANT DOLLARS EXPENDED	\$11,795.	\$12,700.	\$7,150.
COMPANION CARE DOLLARS EXPENDED	\$39,469.	\$41,855.	\$20,905.

CHILDREN'S SERVICES ACT-CSA

The Children's Services Act (CSA) is a law enacted in 1993 that establishes a single state pool of funds to support services for eligible youth and their families. The purpose of CSA is to provide high quality, child-centered, family-focused, cost-effective, community-based services to at-risk youth and their families. State funds, combined with local community funds, are managed by local interagency teams who plan and oversee services to youth.

Pooled funds are supported 47.97% locally and 52.03% State.

FISCAL YEAR	FY20	FY21	FY22
CHILDREN SERVED	16	7	15
CSA DOLLARS SPENT	\$217,316.	\$105,332.	\$266,301.

ADOPTION SERVICES

The primary purpose of adoption is to help children, whose parents are incapable of assuming or continuing parental responsibilities, to legally become part of a permanent family. Permanency is both a value and a goal of best practice to ensure that no child grows to adulthood without a lifelong connection to a caring adult.

Adoption Assistance is funded by 57% State funds and 43% Federal funds.

FISCAL YEAR	FY20	FY21	FY22
ADOPTIONS COMPLETED	1	0	0
CHILDREN RECEIVING ADOPTION ASSISTANCE	7	6	6
ADOPTION DOLLARS SPENT	\$36,784.	\$70,432.	\$211,556.

FOSTER CARE

The foster care program provides services to children and families when circumstances require the child to be removed from their home. Foster care provides a safe and stable environment for children and older youth until the issues that made placement outside the home necessary are resolved. When a child cannot return home, another permanent home is found for the child through adoption or legal custody by a relative.

FISCAL YEAR	FY20	FY21	FY22
CHILDREN in FOSTER CARE	3	4	6

CHILD PROTECTIVE SERVICES-CPS

"Child protective services" (CPS) means the identification, receipt and immediate response to complaints and reports of alleged child abuse or neglect for children under 18 years of age. CPS also includes the assessment, and arranging for and providing necessary protective and rehabilitative services for a child and family when the child has been found to have been abused or neglected or is at risk of being abused or neglected.

FISCAL YEAR	FY20	FY21	FY22
CPS REPORTS	67	107	156
INVESTIGATIONS	18	11	20
FAMILY ASSESSMENTS	20	30	33
FOUNDED INVESTIGATIONS	4	8	13

IN-HOME & PREVENTION SERVICES

Prevention services are an integral part of the continuum of all child welfare services. They include, but are not limited to, providing information and services intended to accomplish the following goals:

- * Strengthen families
- * Promote child safety, well-being, and permanency
- * Minimize harm to children

In-home services target resources and services that prevent entry into foster care and allow children to safely remain in their homes or with relatives/kin caregivers. In home services work requires a focus on family engagement, identifying individualized needs, creating, and monitoring service plans and progress with families, while continually assessing safety, risk, and protective capacities.

Prevention services are funded through Promoting Safe and Stables Families funding (PSSF).

PSSF funding is 84.5% State and 15.5% Local Funds.

FISCAL YEAR	FY20	FY21	FY22
PREVENTION	2	2	5
IN-HOME SERVICES	0	5	4
PSSF FUNDING DOLLARS	\$2,024.	\$14,870.	\$14,413.

CLARKE, FREDERICK, WINCHESTER (CFW) FOSTER PARENT CONSORTIUM

Foster Families of CFW, an interagency foster care training and recruitment program, came into existence in 1996. It provides a collaborative effort between Clarke County, Frederick County, and the City of Winchester to serve the needs of children and families in our community.

CFW provides a consistent support and competency-based training to all resource foster families. Foster parents are a critical resource for the local department of social services.

Every year each locality participates in equal funding this critical consortium to recruit, train, support, and maintain a local foster parent roster to keep our children in their local communities and lessen the trauma of foster care. In FY22, CFW provided support to 38 approved foster families, and followed up with over 79 community inquires regarding foster parenting, adoption, and how to support the local child welfare system.

CFW funding is a combination of local funds and State foster parent training grants.

If you are interested in becoming an approved foster parent, please contact the CFW program at:

540-665-5688

- 8) Contract Extension Date (If Applicable)

No Milestones expected to be achieved this month. No Milestones overdue this month. No Milestones rescheduled for this month

Low Level Design is underway. Materials procurement is underway. APB has collected field data on approximately 16,000 poles, submittedjust over 8.900 pole attachment requests. While more than 1,000 Notice to Proceeds (NTPs) have been received, APB needs significantly more NTPs to reach a large queue of constructable fiber miles. APB is redesigning a portion of the planned middle mile which was originally designed to rely on REC as the middle mile provider. Due to cost increases, APB will not be able to rely as heavily on REC's middle mile as originally planned.. Preliminary Design Ride Out (PDRO) has been completed in all project counties. APB is increasing the frequency of county and commission updates.
