### ORGANIZATION AND ADMINISTRATION

### **DRAFT**

### 1-1 Adoption of Personnel Policies

The following is the Personnel Policy Manual for Clarke County, adopted \_\_\_\_\_\_.

It is subject to subsequent amendments as necessary. This manual supersedes all previous manuals.

These rules and regulations are established under authority of Section 15.2-1506 of the Code of Virginia, 1950, as amended. The policies and procedures outlined herein shall apply to all personnel employed by Clarke County, including the Department of Social Services. The policies and procedures shall apply to employees of Constitutional Officers, where the Constitutional Officer has agreed in writing. This includes the Clerk of the Circuit Court, Commissioner of the Revenue, Attorney for the Commonwealth, Sheriff, and Treasurer.

Employees of the Constitutional Officers will be excluded from the Grievance Procedure. Constitutional Officers retain the right to their own hiring practices and terminations in accordance with all applicable statutes and regulations.

These policies and procedures shall not apply to employees of Clarke County Public Schools without specific action by that governing body to adopt the same. In the event that any office or agency of Clarke County not under the Board of Supervisors adopts these policies and procedures, the officer or board involved shall exercise the authority assigned herein to the Board of Supervisors and the County Administrator, unless otherwise specified.

### 1-2 General Policy

It is the fundamental policy of the County of Clarke that a fair and uniform personnel management system be established for its employees in order to insure the most effective provision of services to the citizens of the community. Therefore, it shall be the policy of the County that:

- A. Employment shall be based on merit, suitability, and ability without regard to race, religion, creed, color, national origin, age, sex, marital status, or the presence of any sensory, mental, or physical disability.
- B. Equitable incentives and conditions of employment shall be established and maintained.
- C. Compensation shall be in accordance with duties assigned, and performance shall be the major factor in justifying salary adjustments and increases.
- D. Employees shall be expected to work productively and to demonstrate a considerate and friendly attitude towards persons with whom they come in contact during the course of their work.
- E. Employees shall adhere to the policies and procedures required of them and shall endeavor to serve the citizen and taxpayer to the best of their ability.

The County retains the sole right to exercise all managerial functions including, but not limited to, these rights:

- a. To direct the work force.
- To assign, reassign, supervise, discipline, and dismiss employees.
- To transfer or reassign duties as necessary to provide services to the citizen.
- d. To establish, change, alter, or delete policies as may be deemed necessary to achieve its goals.
- e. To alter at will the organization and structure of the County, as may be deemed necessary, within the Virginia statutory requirements.

### 1-3 Purpose and Scope of Manual

This manual is intended to serve as a source of information about your employment with Clarke County. It answers many of the questions most frequently asked by County employees. If further information or advice about matters covered in this manual is needed, please contact your supervisor, department head, or County Administration.

The policies and procedures contained in this manual are internal guidelines, which do not create contractual rights and should not be interpreted to constitute binding contractual obligations. The County reserves the right, in its sole judgment, to modify, amend, or rescind the provisions of this manual.

Much of the information contained in this manual is drawn from relevant laws, regulations, and policies. Should there be a conflict between any statement, fact or figure presented here, and the current laws, regulations, and policies, the latter takes precedence. This manual is not intended to alter the employment-at-will relationship in any way.

Employees have the responsibility to keep themselves informed of updates and revisions to the County policy. Department heads are also responsible for maintaining a current manual within their department, which shall be available to all employees.

### 1-4 County Administration

The Code of Virginia, 1950, as amended, and the Code for the County of Clarke establish the powers of the Clarke County government. These powers are vested in a Board of Supervisors consisting of five (5) members, one from each of the County's five voting districts. The qualified voters of the respective districts elect members of the Board of Supervisors for a term of four years. These terms are staggered. The Clarke County Board of Supervisors is responsible for all policy matters, allocation and expenditure of funds and contract execution.

The County Administrator is a full-time official appointed by the Board of Supervisors. Board resolution and official Board action specify the duties of this position, which include: Acting as the administrative head of the government, preparing the County's annual budget, and executing resolutions and orders of the Board. The Board of Supervisors delegates to the County Administrator authority in selection, hiring, and dismissal of all other County employees. While actual selection and appointment responsibility is assigned to the County Administrator, the County Board of Supervisors, under Virginia statutes, retains ultimate authority for all personnel under its auspices.

For the purposes of this manual the term "County Administration" will be used and includes the County Administrator.

Compensation payments in lieu of vacation will only be paid to an employee in unusual circumstances and only upon written approval of the County Administrator.

# 4-2.5 Scheduling of Vacation Time

Each department head is responsible for scheduling the vacation leave of employees in their respective departments. Department heads will attempt to schedule vacation leave as requested by the employee; however, the efficient operation of the department will be the first consideration.

In the event of conflicting requests for vacation, the department head will attempt to give preference to the employee who requested the leave first.

Department heads will make every effort to arrange his/ her personal vacation schedule in such a manner that it will not be necessary for the total annual vacation period to be taken in the last month of the calendar year.

# 4-2.6 Requesting Vacation Time

All employees will be required to submit requests for vacation leave on forms provided by County Administration. Employees within a department will submit vacation requests to their department heads for appropriate action.

Department heads will submit their vacation requests to the County Administrator for approval.

NOTE: Leave without pay is not encouraged and will be granted only in unusual circumstances at the discretion of the Department Head with approval by the County Administrator. Should all leave time be

exhausted, leave without pay will only be granted when it DOES NOT present an undue hardship on the County.

Such false statements or abuse will be cause for dismissal or other disciplinary action.

Requests for extended leave of absence without pay must be approved by the County Administrator.

Employees on approved extended leave of absence do not accrue vacation and sick leave credits. An approved leave of absence without pay is not considered a break in service.

The County will continue to pay the group insurance premiums through the Virginia Retirement System for employees on extended leave of absence without pay in the same manner as it does for employees in pay status. The employee will be responsible for paying his/her portion of the group health coverage if applicable.

#### 4-3.9 Donation of Sick Leave

In situations where an employee has depleted all of his/ her accumulated leave, or in situations where the employee has not been employed long enough to accumulate enough sick leave or vacation time, other employees may wish to donate a designated amount of their accumulated leave to the employee. If an employee is interested in donating a designated amount of their leave to another employee, a Donation of Sick Leave Form must be completed and submitted to County Administration for verification purposes. The donation process is designed to assist employees who have catastrophic personal injury or illness such as heart attack, cancer, or a serious car accident. (The examples are not all inclusive.) The County Administrator will review each request. The decision of the County Administrator will be final and is not grievable through the County's grievance procedure.

#### 4-3.10 Sick Leave and Termination

When an employee terminates employment with Clarke County, unused accrued sick leave shall not be paid out to the employee unless the employee is retiring under VRS. In this case, one – fourth (1/4) of the unused accrued sick leave shall be paid to the employee up to a maximum of \$5,000.

The employee may not use civil leave with pay if the employee is a defendant in a criminal case. In this case, the employee may charge the absence to vacation leave or compensatory time, if eligible, or leave without pay.

Civil leave with pay may not exceed the actual time required. With respect to any additional time off resulting from jury duty or summons to court, the employee may charge such time off to vacation leave or compensatory time, if eligible, or leave without pay.

The immediate supervisor must be notified in a reasonable period of time in advance to schedule civil leave, and an employee leave request form must be completed. A copy of the civil leave request must be forwarded to County Administration.

#### 4-5.5 Administrative Leave

An employee may be placed on administrative leave by their Department Head (with authorization of the County Administrator) when it is in the best interest of the County to remove the employee from the worksite. The employee may be placed on administrative leave during an investigation.

The employee will stay on administrative leave as deemed necessary by the Department Head and the County Administrator. The employee will be paid his/her full salary for the duration of the leave. Time designated as administrative leave with pay will not be charged to the employee's paid leave.

The Department Head shall notify County Administration as soon as possible, after placing an employee on administrative leave with pay.

The employee is required to make up the hours missed from the job or account for the hours using accumulated vacation or compensatory time.

# 4-5.7 Voting and Elections

Clarke County encourages its employees to vote as well as participate in the election process. An employee of the County may serve as an Election Official. An employee serving as an Election Official must be a qualified voter of the Commonwealth of Virginia and agree to represent a recognized political party. An Election Official cannot hold an elective office or be the deputy or employee of an elected official. Employees are required to obtain approval of their supervisor in order to participate as an Election Official. The employee will not be required to use accumulated leave for the time missed from work.

# 4-6 Family and Medical Leave Act (FMLA)

The County provides leave to eligible employees in accordance with the Family and Medical Leave Act of 1993 (FMLA). This policy is designed to provide you with some written guidance regarding your FMLA rights and obligations. This policy is not exhaustive in scope. If you have questions regarding the FMLA, please see County Administration.

# 4-6.1 Eligibility Requirements

To be eligible for FMLA leave, an employee must be employed by the County for at least 12 months and have worked at least 1,250 hours during the previous 12 months.

#### 4-6.2 Reasons for FMLA

- 1. The birth and care of a newborn child of the employee.
- 2. Placement with the employee of a son or daughter for adoption or foster care.
- 3. To care for a spouse, son, daughter, or parent with a serious health condition.
- 4. For a serious health condition that makes an employee unable to perform the functions of his or her job.
- 5. For qualifying exigencies arising out of the fact that the employee's spouse, son, daughter, or parent is on active duty or call to active duty status as a member of the National Guard or Reserves in support of a contingency operation.

FMLA may also be granted to an eligible employee who is a spouse, son, daughter, parent, or next of kin of a current member of the Armed Forces, including a member of the National Guard or Reserves, with a serious injury or illness up to a total of 26 work weeks of unpaid leave during a single 12month period to care for the service member.

#### 4-6.3 Duration of Leave

- 1. A total of twelve work weeks of FMLA leave can be taken in a12-month period based upon a rolling twelve (12) month period measured backward from the date of each use of FMLA leave.
- 2. Spouses who are both employed by the County are limited in the amount of family leave they may take for the birth and care of a newborn child, placement of a child for adoption or foster care, or to care for a parent who has a serious health condition to a combined total of 12 weeks.
- 3. Employees may take FMLA leave intermittently or on a reduced leave schedule. When leave is needed for planned medical treatment, the employee must make a reasonable effort to schedule treatment so as not to unduly disrupt the employer's operation. Intermittent leave or reduced schedule for birth, care or placement for adoption of a child is subject to the approval of the County Administrator.

# 4-6.4 Using Accrued Paid Time Off

Depending on the purpose of your leave request, you may choose to use accrued paid leave, if available. Any paid leave that is taken is not exclusive of FMLA leave, and will be deemed to run concurrently with your FMLA leave entitlement.

#### 4-6.5 Maintenance of Health Insurance While on Leave

An employee who is on the County's health insurance while on FMLA will be able to continue coverage during his/ her leave. The County will continue to make the premium payments to maintain coverage through the duration of the leave. Coverage will continue on the same terms as if the employee were working. Whenever appropriate, an employee will be required to make arrangements to pay his/ her share of the health insurance premiums while on leave. FMLA does not require the County to pay the employee's portion of health insurance premiums.

Under some circumstances the County reserves the right to recover premiums it has paid to maintain health coverage for an employee and his/her family. This will generally occur only when an employee doesn't return to work at the conclusion of his/ her leave, and this was not due to the continuation or recurrence of the employee's (or the immediate family member's) serious health condition.

#### 4-6.6 Job and Benefit Protection

- 1. Upon return from an approved FMLA leave, an employee will be restored to his or her original or an equivalent position with equivalent pay and benefits in accordance with the FMLA and its regulations. An employee on FMLA leave has no greater right to reinstatement or other benefits and conditions of employment than if the employee had not taken FMLA leave.
- 2. Employees on FMLA leave will not lose eligibility/entitlement to any benefits/employment programs accrued prior to the day the leave commenced.
- 3. For the duration of FMLA leave, the County will maintain an employee's medical insurance coverage under the same conditions and coverage level which would have been provided if the employee had not taken FMLA leave.

#### 4-6.7 Advance Notice and Medical Certification

- 1. An employee must provide a minimum of thirty (30) days advance notice when the leave is foreseeable. If the need for leave is not foreseeable, or 30 days is not possible, the employee must provide as much notice as possible.
- 2. Medical certifications supporting the need for leave due to a serious health condition affecting you or an immediate family member must be provided. The County reserves the right to ask the employee to get a second or third medical opinion at the County's expense. Periodic recertification may also be required.

- 3. The County may ask for periodic reports of the employee's status and intent to return to work.
- 4. Medical certification of the employee's fitness for duty will be required before the employee is allowed to return to work if the leave was taken for a serious health condition.

#### 4-6.8 Exhaustion of FMLA Leave

Any employee who does not return or is unable to return to work at the exhaustion of the 12 week entitlement may be subject to termination of his or her employment. An employee who informs the County that he/ she does not intend to return to work at the conclusion of the FMLA leave will be deemed to have resigned.

If the employee has exhausted their FMLA entitlement, and it is medically necessary to remain out of work, the employee must request in writing to the County Administrator the reason for the extension. The employee must also provide medical certification for the extension of leave.

# CHAPTER 5

# INSURANCE AND OTHER EMPLOYEE BENEFITS

#### 5-1 Benefits Introduction

The County has established a variety of employee benefit programs designed to assist employees and eligible dependents in meeting the financial burdens that can result from illness and disability and to help plan for retirement. This portion of the Personnel Policy Manual contains a very general description of the benefits to which employees may be entitled to, and does not provide all the details of these benefits. Therefore, this manual does not change or otherwise interpret the terms of the official plan documents. Employees' rights can be determined only by referring to the full text of the official plan documents, which are available for examination in County Administration.

Benefits generally have a specific waiting period or eligibility requirements described in the official plan documents. To the extent that any of the information contained in this manual is inconsistent with the official plan documents, the provisions of the official documents will govern in all cases.

For more complete information regarding any of the benefits programs, please contact County Administration.

# 5-2 Group Health Insurance

All regular full-time employees are eligible to participate in the Group Health Insurance Plan. Part-time employees who average 30 hours per week are eligible for health insurance.

Employee's coverage will be effective the first day of the following month after their date of hire if hired on or before the 15th of the month. If an employee is hired between the 16th and the last day of the month, the employee will be eligible for coverage the first day of the second month. Additional information concerning the Group Health Insurance Plan can be obtained from County Administration.

# 5-2.1 Continuous Coverage Option (COBRA)

Employees and enrolled family members may continue group coverage for either eighteen (18) or thirty-six (36) months.

Conditions of a continuance of eighteen (18) months:

- (a) Change from full-time to part-time employment
- (b) Lay off or discharge (except for gross misconduct)
- (c) Leave work voluntarily for any reason including retirement

Conditions of a continuance of thirty-six (36) months:

- (a) Surviving spouses or children of an employee who dies. If the spouse turns down coverage children may elect continuous coverage
- (b) Children of active employees who reach the dependent age limit for coverage under the parent's contract
- (c) Spouses or children who are no longer eligible for coverage because of separation or divorce
- (d) Family members who lose coverage because the employee is eligible for Medicare and chooses Medicare as his primary carrier

# 5-2.2 Age 65 Option

The Age Discrimination in Employment Act has been amended to require that all employees, over age 65, and their spouses, over age 65, be provided with the same health insurance, under the same conditions, as younger employees and spouses. Under this regulation, employees age 65 and over can enroll in the County's regular group program as long as they keep an active regular status.

# 5-3 Virginia Retirement System (VRS)

# Need to add 2<sup>nd</sup> and 3<sup>rd</sup> plan information.

Clarke County participates in the Virginia Retirement System (VRS) through the Commonwealth of Virginia. VRS provides a monthly payment to members when they retire and for as long as the member lives. This monthly payment is based upon the average final compensation, which is the average of a member's highest consecutive thirty-six (36) months of salaried employment, the years of service credit, and the member's age.

Membership in VRS is a condition of employment for all regular employees. The County makes contributions to VRS on behalf of each employee. These payments are divided into the employee's share, which is five percent (5%) of the annual salary, and the employer's share. Each share is paid by the County as one of the employee's benefits.

After five (5) years of service with the County, an employee is a vested member. Vested members are entitled to receive VRS benefits upon retirement. An employee may receive full or partial VRS benefits depending upon age at retirement. If an employee terminates service with the County before retirement, he or she may be able to withdraw the employee's share depending upon VRS membership date and the provisions of the VRS.

Employees who have questions regarding the VRS retirement system should refer to their VRS handbook, their department head or the Finance Department.

#### 5-3.1 Group Health Insurance Premium

Employees retiring through the Virginia Retirement System may continue health insurance coverage under the County group plan, provided the total premiums are paid by the retired employee. In the event such employee fails or neglects to pay the increase in premiums, then all health insurance under the County's group plan will be discontinued.

If the employee is not receiving VRS benefits after termination of employment, he shall not be eligible for the County group health insurance benefits.

#### 5-4 Workers' Compensation Insurance

If an employee becomes ill or is injured while performing assigned duties, and the injury or illness is determined to be work related, the necessary medical payments and compensation pay will be made by the County's workers' compensation carrier, as provided for by Virginia State Workers' Compensation laws.

When a workers' compensation claim is filed with the county, an Election of Method of Payment Form must be signed by the employee, or his/her representative. This election form allows the employee to either receive compensatory pay which is paid by the workers compensation carrier only, or subsidize what the carrier pays with accumulated sick leave, so that in total the employee continues to receive his or her regular rate of pay.

All employees are required to report an on the job injury or illness immediately, regardless of how minor it may be, to their department head or immediate supervisor.

The County has established a list of approved physicians for an employee to see for a workers' compensation injury or illness. A claim will be considered if the employee has been seen by an approved physician.

Please contact County Administration for a listing of approved workers' compensation physicians.

# **DRAFT**

#### 5-5 Life Insurance

Each regular full-time employee participates in the group life insurance plan, if eligible. This plan is administered by the Virginia Retirement System and offers life insurance without the requirement of a medical examination upon initial employment. The County covers the cost of the insurance. This insurance provides coverage for twice the amount of each employee's base annual salary when rounded to the next highest thousand for a natural death, and four times the base annual salary when rounded for accidental death. There is also coverage for accidental dismemberment and accidental blindness. Upon retirement, coverage will continue providing that the employee is at least 50 years old and has at least 10 years of service. After retirement, the amount of insurance reduces by 25% annually starting January 1 following the first full year of retirement. Each January thereafter the amount will reduce by 25% until the coverage reached 25% of its value at retirement. Both dismemberment and double indemnity coverage stop at retirement.

Upon employment, a beneficiary must be chosen. The Finance Department must be contacted for any beneficiary changes. The Virginia Retirement System publishes a handbook which includes an explanation of the group life insurance plan. This may be obtained from the Finance Department

# 5-6 Flexible Spending Plans

The Flexible Spending Plan allows an employee to apply "pre-tax" dollars toward health insurance premiums and un-reimbursed medical expenses for dependent and family coverage that is paid for by the employee. Under the Flexible Spending Plan, pre-tax dollars may also be deducted for day care expenses for children or elderly parents. Contact the Finance Department for additional information regarding these benefits.

#### 5-7 Educational Reimbursement

#### 5-7.1 Purpose

Clarke County values continued education and considers it a vital part of employee development. This program is a benefit designed to attract and retain qualified employees, to improve the quality of employee leadership and productivity and to encourage employees to continue their education as a means of improving job skills and enhancing promotional opportunities.

# 5-7.2 Eligibility

All active full time employees under the County's Pay and Classification Plan may apply for educational assistance. The employee must have at least one year of service with the County and a satisfactory work performance. Coursework taken must be directly related to the employee's present position or part of an undergraduate or graduate program where the degree is job related.

Reimbursement is not available if the course is being paid by another source.

#### 5-7.3 Benefit

This is a cost sharing program to aid the employee in furthering their education. Eligible expenses include tuition, fees and books for the coursework. The County will reimburse an employee 80% (up to \$2000/fiscal year) of courses that are directly related to the employee's current position. Courses that meet degree requirements will be reimbursed at50% (up to \$750/ fiscal year). The student must complete the class with a "B" or higher or "pass" to qualify for reimbursement.

An employee agrees to repay the educational assistance received by continuing employment with the County for a minimum of one year after all coursework is completed. If the employee's employment is terminated for any reason, before completing the minimum period of service, the employee agrees to repay, on a prorated basis, the dollar amount not repaid by service. For example, if the employee leaves after 6 months, 50% of the County cost will be paid back by the employee.

#### 5-7.4 Procedure

Employees requesting educational reimbursement should complete a Request for Educational Reimbursement Form with his/her Department Head. The completed form will be submitted to County Administration for approval prior to submitting with the department's annual budget. Budgetary considerations will be a determining factor in the decision concerning such reimbursement.

# CHAPTER 6

# EMPLOYEE RESPONSIBILITIES

#### 6-1 Standards of Conduct and Performance

Clarke County has established Standards of Conduct, rules of personal conduct and standards of acceptable work performance for its employees. Violation of the established rules and/or unacceptable work performance may result in the imposition of corrective action. Such action is designed, and is to be used, as a corrective measure and shall not be based on an employee's race, color, religion, national origin, marital status, political affiliation, disability, sex or age.

The Standards of Conduct in this policy are designed to protect the well-being and rights of all employees; to assure safe, efficient County operations; and to assure compliance with public law.

The Standards serve to:

- 1. Establish a fair and objective process for correcting or treating unacceptable conduct or work performance;
- 2. Distinguish between less serious and more serious actions of misconduct, and provide corrective action accordingly, and;
- 3. Limit corrective action to employee conduct occurring only when employees are at work or when otherwise representing the County in an official or work-related capacity, or where the conduct is otherwise work related.

The Standards of Conduct listed in this policy are intended to be illustrative but not all-inclusive. Accordingly, any action, even if not specifically listed in the policy, that in the judgment of the Department Head seriously undermines the effectiveness of the County activities or the employee's performance shall be treated consistent with the provisions of this policy.

#### 6-1.1 Standards of Conduct

- A. The effective operation of the County requires that all public officials and the employees be independent, impartial and responsible to the citizens.
- B. Decisions and policy will be made through the proper channels of our government.
- C. The employees of Clarke County will maintain ethical conduct by setting forth actions that are compatible with the best interests of the County.
- D. No employee shall grant special consideration, treatment or an advantage to a citizen, or employee, which is not available to any other citizen or employee.
- E. Employees are expected to maintain timely and regular attendance at work.
- F. Employees are expected to meet established performance standards. Conditions or circumstances, as they become known, which will prevent employees from performing effectively or from completing their assigned tasks should be reported to the supervisor.

# 6-2 Performance Management

#### 6-2.1 Definition

The performance evaluation system is a uniform procedure which permits the evaluation of the performance of employees in accordance with certain standards and criteria known to both those whose performance is being evaluated and those responsible for conducting the evaluation.

#### 6-2.2 Purpose

#### Need to develop forms.

The employee performance evaluation is designed to encourage improvement and development of employees within the organization. A more efficient working organization can be brought about by a common understanding that employees and supervisors are all working together for a common purpose. Further, effective periodic ratings tend to improve supervisory practices by bringing supervisors and employees into closer contact and producing mutual understanding.

A formal review of an employee's performance is done annually during the months of September and October. Interim review dates for employees may be established if determined to be appropriate.

The performance evaluation is made by the employee's supervisor and reviewed by the County Administrator. The review should cover the entire preceding review period.

The goal of the performance evaluation system is to permit the supervisory personnel to evaluate the performance of employees in the accomplishment of their assigned duties and responsibilities. The evaluation of the performance of employees is to determine how and to what extent employee performance relates to position requirements. This system is intended to serve three main purposes:

- 1. The first is to insure that each employee is fully aware of performance standards which apply to his/her job. The performance evaluation system contains criteria on which performance is evaluated. Each of these criteria is used to measure how employees performed their assigned duties and responsibilities as explained in the position specifications.
- 2. The second purpose served by the system is to assist supervisory personnel not only in completing performance ratings, but also in discussing these ratings with the employees. In fairness to an employee, a supervisor should agree with him/her on the standards against which the employee will be rated. This system is designed to more clearly identify the elements of satisfactory performance and the reasons for a given rating. When properly applied, this system, as explained in this manual will take the "guess work" out of evaluating the performance of the employee. There are five levels of performance that can be used to describe an employee's performance in each category. These five performance levels are: (1) Unsatisfactory, (2) Below Satisfactory, (3) Satisfactory, (4) Above Satisfactory, and (5) Exceptional.
- 3. The third purpose of this system is to assist the supervisor in identifying development needs of subordinate personnel. Instead of forcing the supervisor to guess at employee development needs, the guide encourages a detailed review of actual performance deficiencies and weaknesses as they are identified in the performance evaluation. When reviewing the employee's performance evaluation with the employee, these deficiencies can be discussed in detail and specific development programs can be provided to assist the employee in improving his/her total

performance. The system requires the supervisor to discuss each employee's development and growth potential, completed goals and objectives and set future goals and objectives.

# 6-2.3 Use of Employee Evaluations

Once an employee performance rating form is completed, it is made a permanent part of the employee's personnel file. The information collected can assist management in identifying deficiencies, outstanding performance, or areas where actions are necessary to better develop the employee. Each Supervisor sets goals and objectives for each employee to complete during the upcoming year. This enables both the supervisor and employee to know exactly what is expected. When used properly, the performance evaluation can be advantageous to management and can improve services.

# 6-2.4 Salary Adjustment

Elevation of employees within the salary range shall be made according to satisfactory completion of the requirements of the position in which the employee is functioning. The amount of salary increase available to any covered employee is directly tied to the individual's job performance. Superior performance results in greater merit increases.

Employees would generally be expected to be granted merit increases based on their overall rating and the midpoint of their pay bracket; budgetary conditions permitting.

# 6-3 Secondary Employment

It should be known that the employment with the County is primary. In order to minimize the potential for conflict of interest, the County discourages any secondary employment. Any employee seeking secondary employment shall discuss this with his/ her immediate supervisor and obtain approval prior to accepting a position outside of County employment.

In the event that the secondary employment interferes with the employee's performance, attendance or ability to do his/her job, the employee may be asked to discontinue dual employment.

Employees who have secondary employment at the time of hire must notify their immediate supervisor and County Administration of this.

#### 6-4 Conflict of Interest

As provided in The Virginia Conflict of Interests Act, Sections 2.2-1300 et seq, Code of Virginia, 1950, as amended, no employee of the County shall engage in any financial or other interest which might impact the performance of his/her duties.

Employees shall not, without proper authorization, disclose confidential information concerning Clarke County.

Employees shall not accept any gift or favor from a citizen, corporation, or firm that is intended to influence his/her decision or discharge of his/her duties.

Employees shall not represent private interests before the interests of the County, unless he/she is doing so as a member of a civic organization or is speaking on an issue of general public interest.

# 6-5 Appearance

Personal appearance, cleanliness, and neatness are vitally important to one's job and relationships with others. Common sense and consideration for others must be exercised in matters of personal hygiene.

Excessive use of shaving lotion, perfume, cologne, makeup, or jewelry should be avoided.

Employees are expected to dress in an appropriately professional manner. Dress slacks may be worn. Warm-up suits, halter tops, tank tops, gym shoes, rubber flip-flops, etc., are considered inappropriate. Seethrough blouses, tight fitting clothing and extremely high heels are equally inappropriate.

If necessary, questions of proper attire will be addressed by the County Administrator whose decision will be final.

Exceptions are made on days set aside specifically for cleaning or moving as specified by the Department Head.

#### 6-6 Attendance

Every employee is expected to be on the job during all hours assigned. Excessive absences or tardiness may lead to disciplinary action, up to and including termination.

All employees shall, in the event of a sick leave absence, notify his/her immediate supervisor as soon as possible or at least two hour prior to shift time. When requesting leave or reporting an absence, the employee must personally contact the supervisor. Failure to notify a sick leave absence, as required, may subject the employee to disciplinary action.

#### 6-7 Inclement Weather

During inclement weather conditions all county offices will remain open to serve the citizens of Clarke County and employees are expected to report to work.

In situations of extreme weather conditions, the County Administrator will make the decision to delay opening, close early or close for the entire day. In these situations, essential personnel/ offices are required to report to work. The time that is worked by any essential employee who does not work for a 24/7 type of operation, and is required to work, will be counted as comp time.

Employees who are concerned about their travel safety should use their discretion and will be allowed to use their vacation leave for any time that they have missed for work.

There are times that the County offices will be closed for the day, delayed opening or early closings. In these instances, there may be times when essential personnel are required to work.

#### 6-8 Use of Computer Systems, Internet and Phones

Computer and networking systems, including e-mail, internet and all other County resources and equipment are considered County property. The use of these systems, networks and equipment is limited to business purposes only, except as specifically set forth below.

Infrequent and very limited use of County telephones for brief local calls or short local faxes generally is permitted so long as it does not interfere with performance of the employee's duties, is consistent with all other County policies, is not disruptive to the County, and is not potentially disruptive or offensive to others.

Use of all other County resources, such as long distance telephone service, postal and shipping service, copiers, long-distance faxes, vehicles, equipment and/or office supplies and materials for any non-business purposes is generally not permitted, and may only be used with prior management approval as set forth below.

Use of computers and computer systems and networks for personal/professional development or continuing education reasons is permitted only where approved by management in advance. Please note, however, that such approved personal use of County computers may be considered a taxable fringe benefit.

#### 6-8.1 Incidental Use

During or after normal working hours, employees may occasionally wish to access the Internet for non-work-related purposes, just as they might currently browse a newspaper in the County lobby or make occasional, short, non-work-related local telephone calls. The County recognizes that its employees have busy lives and long workdays and that this sometimes warrants such infrequent and limited personal use of the County's computers to access e-mail or the Internet for non-business purposes. Such infrequent and limited non-business use is generally permissible (subject to the restrictions below) so long as it does not interfere with the performance of the employee's duties, is consistent with all other County policies, is not disruptive to the County, and is not disruptive or potentially offensive to others. If an employee has any doubts about the meaning of infrequent and limited, he or she should consult his or her immediate supervisor or County Administration.

The County reserves the right to block and/or monitor Internet access to any sites that the County deems to be offensive or undesirable. In addition, employees found to be visiting sites that are not blocked but are subsequently found to be offensive are subject to review and possible disciplinary action. These offensive sites include, but are not limited to, sites focusing on pornography, violence, hate groups, games, and similarly objectionable material of no business relevance.

The County strives to maintain a productive, efficient workplace free of harassment of any type. The County therefore prohibits any use of its telephone systems, fax systems, computer systems and networks, e-mail, or the Internet that is disruptive and potentially offensive to others. The display or transmission of sexually explicit images, messages, or cartoons is prohibited. This also includes but is not limited to ethnic slurs, racial or sexual comments, off-color jokes, vulgarities, obscenities; or anything that may be construed as harassment, discrimination, or which is disrespectful of others.

Individuals should refrain from using computer systems, e-mail and the Internet for personal reasons except as permitted under this policy.

E-mail should be used no differently from County letterhead. All e-mail communications are considered County documents and are subject to subpoena. All e-mail correspondence should be complete and accurate in content. E-mail may not be used to solicit others for commercial ventures, religious or political causes, outside organizations or other non-business matters. Users of e-mail cannot assume privacy of the transmission. Users of e-mail and all other computer or internet resources waive any right to privacy in these communications and consent to the access and disclosure by authorized County employees. The County reserves the right to read and preserve the contents of e-mail and all other computer or internet communications, including contents of all files or messages created, transmitted, or stored using County resources.

#### 6-8.2 Use of Licensed Software

The County purchases and licenses the use of various computer software for business purposes and does not own the copyright to this software.

Employees may only use software on County networks according to the software license agreement. County policy prohibits the illegal duplication of software and its related documentation.

The County maintains and supports hardware, software and network services for business use. Employees should use only the software and hardware provided. County policy prohibits the loading of files and software or the altering of software setup and configuration without authorization from the systems administrator.

Some licenses allow for use of software by an individual on the computer in his or her office and on his/ her home or portable computer, provided that only one copy of the software is in use at a time. But not all vendors allow such copying. Employees should use the software only in accordance with the terms of the license agreement. Before you make a copy of software applications for use on a computer other than your primary work computer, check with the systems administrator.

Likewise, software that employees have licensed for use on their home computers may not be appropriate or authorized for use on their computers at work. Installing software not authorized by the County on your work computer can cause system problems. "Shareware" or software acquired for use at home cannot be supported by the network systems administrator and could introduce viruses into the system. Use of non-authorized software on County computers is prohibited, and can lead to disruption of work.

Employees should notify their immediate supervisors, Information Systems, or any member of County Administration upon learning of any violations of this policy. Employees who violate this policy will be subject to disciplinary action up to and including termination of employment.

#### 6-9 County Owned Vehicles

County employees are responsible for the proper use and maintenance of County owned vehicles used in their work.

Any defects noted by the employee should be reported to the immediate supervisor as soon as possible.

Vehicles are to be used for County business only.

#### 6-9.1 Accidents Involving County Owned Vehicles

Employees involved in any accident while driving a County owned motor vehicle must:

- (a) Immediately call 911 for first aid assistance if it is necessary.
- (b) Notify the Sheriff's Office or other law enforcement agency if accident is outside of Clarke County.
- (c) Obtain the names and addresses of the other person(s) involved in the accident.
- (d) Obtain the names and addresses of all witnesses present.
- (e) As soon as possible, notify their Department Head of the accident. It is the Department Head's responsibility to notify County Administration of the accident.

#### 6-10 Keys to Facilities

Employees will be issued keys to the offices and/or buildings on an as needed basis. The keys are considered County-owned property and should be treated as such.

All new employees will sign a receipt form for each key that they are issued.

No key is to be reproduced. In the event that the key is lost, the employee may be responsible for all costs incurred in changing the locks.

#### 6-11 Harassment

The County's support of its Equal Employment Opportunity policy includes its commitment to prohibit harassment against employees because of sex, gender, race, color, religion, national origin, age, disability or any other class protected by law. This prohibition covers illegal harassment by anyone in the workplace including supervisors, co-workers and even nonemployees.

The County expects its employees to treat each other with respect and courtesy.

County employees have the right to be free from inappropriate comments, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, or based on a person's protected class, when submission to or rejection of this conduct explicitly or implicitly affects an individual's employment, unreasonably interferes with an individual's work performance, or when such conduct creates an intimidating, hostile or offensive work environment. The County will not tolerate discrimination or harassment.

#### 6-11.1 Procedure

The following procedure applies to any harassment complaint:

- a. Any employee who feels he/she has been discriminated against or harassed because of his/her sex, gender, race or for any other improper reason should report the matter immediately to his or her immediate supervisor or the County Administrator. The employee may inform any of these persons of the complaint. Thus, for example, if the employee prefers not to report it to his or her supervisor, the employee should report it to the County Administrator.
- b. Employees should not assume that the County management knows about the situation. Please inform your supervisor, or the County Administrator promptly of your problem so that it may be addressed.
- c. Employees should report the situation before it becomes severe or pervasive.
- d. Such reports or complaints can be made without fear of retaliation.
- e. Once on notice of complaint, the County will investigate it in a prompt, thorough, and impartial manner. The County will ensure as much confidentiality as is possible. The County will not retaliate against anyone who provides information during the County's investigation.
- f. The County will take immediate and appropriate corrective action if it determines that harassment has occurred in violation of this policy. Such action may include the suspension or discharge of the offender.

If you have any questions regarding this policy, or need information on complaint procedures, we urge you to contact County Administration.

#### 6-12 Drug Free Workplace

In compliance with the Drug Free Workplace Act of 1988, the County shall:

- 1. Publish a policy notifying employees of the County's drug prohibitions in the workplace and specify any actions that will be taken against employees for violations of such policy.
- 2. Notify employees who are subject to the County's drug and alcohol abuse policy, that as a condition of employment with the County the employee will:
  - a. Abide by the terms of the drug and alcohol policy, and
  - b. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.
- 3. Notify any contracting agency within ten (10) days after receiving actual notice of such conviction.
- 4. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program by any employee who is so convicted.
- 5. Make a good faith effort to continue to maintain a drug free workplace through implementation of this program.

#### 6-12.1 Inspection

Inspections and searches conducted under this policy shall be for the purpose of determining adherence to County policy, fitness for duty and appropriate discipline. Law enforcement personnel investigating criminal activity shall not conduct inspections or searches pursuant to this policy.

The County reserves the right to search County-owned property, including vehicles, structures, buildings, equipment, computer and other electronic communication systems, furniture, offices, desks, lockers, files, file cabinets and containers at any time and for any reason. All County employees are therefore strongly encouraged to refrain from storing on or in County owned property any personal article (including personal correspondence) they wish to protect from inspection by County officials.

By accepting or continuing employment, each County employee is deemed to have consented to unannounced searches of his or her own work area upon request.

Searches of an employee's person, personal vehicle or personal containers such as vehicles, purses, brief cases or lunch pails will not be conducted without the employee's consent. However, an employee's refusal to consent to reasonable searches of his person, vehicle or personal containers while on County property may result in disciplinary action up to and including discharge.

#### 6-12.2 Drug Policy

Clarke County has long been committed to a safe and healthful working environment for its employees. Additionally, we have an obligation to the general public to conduct our operations safely and efficiently.

With this commitment and obligation in mind, the County is reaffirming its rules prohibiting alcohol and drug abuse. The County is also reaffirming its willingness to assist employees with alcohol or drug related problems to find the appropriate treatment for rehabilitation and recovery. In accordance with our long-standing policy, this notice is to reemphasize to our employees (and employees of other companies and contractors) that the abuse of drugs and alcohol poses a serious threat to the safety of our employees and the County's operations and to the public. Accordingly, the use, possession, being under the influence or having a detectable presence of drugs or alcohol in one's system (except where expressly authorized) or manufacture, distribution or sale of such substances on County premises or on-the-job or any off-the-job abuse of such substances which adversely affects an employee's job performance or other County interests is prohibited.

Drugs and alcohol include any substance with the potential to produce effects of intoxication and/or the potential to produce physical, mental, emotional or behavioral changes which could adversely affect as employee's ability to safely and efficiently perform his job and specifically include marijuana, cocaine, amphetamines, barbiturates, heroin, opium and phencyclidine. This prohibition includes any prescription or over-the-counterdrug unless an employee's possession and use of such drug on County premises, or on-the-job, has been expressly approved by the County. The term County premises in this notice is used in its broadest sense, and includes all land, property, buildings, structures, cars, trucks, and all other means of conveyance owned or leased by the County, or otherwise being utilized for County business. The term on-the-job includes paid and unpaid meal periods during the business day and paid and unpaid overtime.

Employees who have drug and/or alcohol abuse problems are encouraged to request assistance through community agencies. The County will take no disciplinary action against employees who voluntarily seek such assistance. The existence of, or employee participation in, an employee assistance program does not, however, relieve any employees from compliance with the terms of this notice or other applicable standards governing performance and conduct.

Employees who violate this Drug and Alcohol Free Workplace Policy will be subject to disciplinary action up to and including discharge and may be allowed to participate in approved treatment as an alternative to discharge. Employees of independent contractors and temporary agency employees who violate this policy will not be allowed to perform additional services on behalf of the County.

To further insure safe and healthy working conditions, the County may request an employee to participate in drug or alcohol testing for justifiable reasons. The County also reserves the right to take other justifiable measures including the inspection of all County premises and the personal property of employees on County premises in order to insure compliance with this policy. Participation in such testing and inspection is voluntary, but employees who refuse shall be deemed in violation of this Policy and subject to termination of employment. Contractor employees who refuse shall not be permitted to perform further work for the County.

All records and information obtained by the County regarding alcohol and drug testing and the results and treatment of employees for chemical dependency will be confidentially maintained by restricting access on a need to know basis to those designated by management.

#### 6-13 Workplace Violence

Due to the increasing incidence of violent activities in the workplace, the County is implementing this policy to state our strong opposition to acts of aggression or violence in the workplace. This includes, but is not limited to, intimidating, threatening or hostile behaviors, physical abuse, vandalism, arson, sabotage, or use of weapons.

In addition, jokes or offensive comments regarding violent events will not be tolerated and may result in disciplinary action.

The purpose of this policy is to minimize the risk of personal injury to employees and others at work, and damage to County property.

It is our belief that through the steps outlined below we can identify stresses in the workplace early on and develop a risk-reducing violence prevention program.

It is important that you become familiar with the provisions of this policy.

We wish to stress that the County does not expect you to become an expert in psychology or to physically subdue a threatening or violent individual. In fact, we discourage employees from engaging in a physical confrontation with a potentially violent individual. However, we do expect that you exercise reasonable judgment in identifying potentially dangerous situations. It is essential that all employees recognize that before any physical acts of violence occur, there often are behaviors exhibited by individuals engaging in such acts. Such behaviors include:

- Co-workers displaying overt resentment, anger and hostility;
- Co-workers making ominous threats like bad things are going to happen to a particular person or a catastrophic event might occur;
- Co-workers whose work performance has deteriorated suddenly and/or significantly;
- Co-workers who display irresponsible, irrational or inappropriate behavior;
- · Co-workers who brandish weapons in the workplace.

#### 6-13.1 Prohibited Conduct

Threats, threatening language, or any other acts of aggression or violence made toward or by any County employees WILL NOT BE TOLERATED.

For purposes of this policy, a threat includes any attempts to intimidate or instill fear in others, menacing gestures, flashing of concealed weapons, stalking, verbal or physical abuse, or other hostile, aggressive, injurious, and destructive actions undertaken for the purpose of domination or intimidation, where one may fear bodily injury.

County property covered by this policy includes, without limitation, all County owned or leased building and surrounding areas such as sidewalks, walkways, driveways, and parking lots. County vehicles are covered by this policy at all times regardless of whether or not they are located on County property.

The County reserves the right to conduct searches and inspections of employee's personal effects or County provided materials in situations meeting the definition of "reasonable-cause" and when two supervisors agree on the "reasonable-cause" decision. Illegal and/or unauthorized articles discovered or articles deemed to be dangerous weapons may be taken into custody and may be turned over to law

enforcement representatives, as appropriate. Any employee who refuses to submit to a search, or who is found in possession of prohibited or dangerous articles, will be subject to disciplinary action up to an including termination.

#### 6-13.2 Threat Reporting Procedures

All potentially dangerous situations including threats should be reported to a manager and/or supervisor in your office. The key is to report any incident involving conduct prohibited by this policy. Employees who feel they have been subjected to any of the behaviors listed above are required to immediately report the incident to a Supervisor. Complaints will be treated seriously and will be investigated.

Employees who observe or have knowledge of any violation of this policy should immediately report it to management.

All threats will be investigated. We will take appropriate action and look to employees for support of this policy.

Based upon findings, disciplinary action may be taken against the offender.

Employees are empowered to contact the proper law enforcement authorities without first advising County Administration (or simultaneously with informing above mentioned) if they believe an immediate safety threat exists.

#### 6-14 Domestic Violence

In order to create a safe, productive workplace, Clarke County is committed to providing information, resources, and support for employees and management who are responding to domestic violence concerns. Clarke County treats all employees fairly and will not discriminate against an employee in any employment actions because the employee is, or perceived to be, a victim of domestic violence. To enable employees to seek assistance for domestic violence needs, it is encouraged that management respond to employees who are victims of domestic violence in an open minded manner. Respecting the employees' need for confidentiality whenever possible, we reserve the right to disclose limited information and take action when it is clearly necessary to protect the safety of Clarke County employees.

#### 6-14.1 Education and Training

Clarke County believes that offering employees opportunities to increase their awareness of domestic violence helps to prevent and reduce the impact of domestic violence in the lives of our staff. The County provides workplace educational and informational resources to employees whenever feasible.

#### 6-14.2 Safety and Security

Clarke County will not tolerate any acts of threat or domestic violence against any employee while on County property or while conducting County business. Employees who threaten, harass, or abuse any one either at the workplace or from the workplace, may be subject to disciplinary action, up to and including termination.

Employees who become aware of threats or acts of domestic violence that may occur or have occurred in the workplace must immediately inform their supervisor. In addition, employees with Orders of Protection or restraining orders that reference the worksite, must provide their supervisor with a copy of the order.

#### 6-14.3 Employees Who Commit Acts of Domestic Violence

An employee who is found guilty of committing an act of domestic violence in the workplace may be subject to disciplinary action, up to and including termination. Further, if an employee is found using any County resources such as work time, workplace phones, fax machines, mail, electronic mail or any other means to commit an act of domestic violence may be subject to disciplinary action, up to and including termination.

#### 6-15 Discipline

It is the policy of the County that all employees are expected to comply with the County's standards of behavior as set forth in these policies. Any non-compliance with these standards must be remedied and can be subject to one or more disciplinary actions. The supervisor shall consider the severity of the non-compliance and shall utilize the disciplinary action available in a progressive manner.

#### 6-15.1 Progressive Discipline

In general, the County follows a progressive discipline approach. This will give most employees an opportunity to correct the problem before more serious disciplinary actions are taken.

In addition to the process outlined below, alternate strategies such as performance improvement plans, mediation, conflict resolution and demotions may be used on a case by case basis. These actions are to be utilized when it serves the County's best interest to resolve the problem in the least negative and most cost effective manner.

In the event it becomes necessary to take disciplinary action against an employee the supervisor shall have the following guidelines available:

- a. Discussion- Meet with and advise the employee of the nature of the problem and the action necessary to correct the situation. This action may be considered to be informative in nature and usually will not result in any entry in the employee's personnel file; however the Supervisor should document the conversation for reference.
- b. Warning- A verbal reprimand of the employee followed by a written entry in the personnel files indicating the actions taken.
- c. Written Notice- Issue a written reprimand to the employee advising him or her of facts involved and advising that such action is being recorded in the employee's personnel file.
- d. Suspension- Place the employee on leave with or without pay pending completion of any investigation, court action or other such matter that is deemed to be serious enough to warrant suspension. Employees suspended from work will not accrue or receive any employee benefits during their suspensions. Suspension shall not exceed thirty (30) working days.
- e. Termination- Terminate the employee from his/ her employment. This should be a last resort when serious misconduct remains uncorrected or when initial misconduct is so significant that the employment must be terminated. In the event a supervisor recommends dismissal a complete review will be made by the County Administrator of the facts surrounding the request. If dismissal is warranted, the employee will be given a final notification form and an opportunity to respond.

#### 6-15.2 Resignation with Pending Charges to Terminate

An employee who wishes to resign during the termination process may do so by submitting a letter of resignation to the Department Head. If the letter of resignation is accepted in lieu of termination, the appropriate documentation will be placed in the employee's personnel file.

#### 6-15.3 Appeal

Employees who believe they have been improperly disciplined may use the grievance procedures set forth herein to have their views considered.

#### 6-15.4 Notification

No disciplinary action that results in suspension or dismissal shall occur until the employee has been notified in writing by the supervisor or County Administrator.

#### 6-15.5 List of Less Serious Offenses

Listed below are some of the infractions which are typically addressed through progressive discipline, however disciplinary action is not limited to the offenses listed. Whatever the reason for the separation, this final employee action which closes the entire personnel file, must be documented.

An exit interview will be held between the exiting employee and County Administration. This interview is encouraged in all voluntary terminations and retirement. During the exit interview, the employee may discuss reasons for leaving and the status of benefits and compensation. This is not intended as a counseling or grievance session.

## CHAPTER 7

## **GRIEVANCE PROCEDURES**

#### 7-1 Grievance Procedures

The purpose of the Clarke County Grievance Procedure is to afford an immediate and impartial method for the resolution of disputes which may arise between County Administration and its employees.

#### 7-1.1 Coverage of Personnel

Unless otherwise provided by law, all non-probationary regular full-time and part-time employees are eligible to initiate a grievance under this policy.

An employee or person who comes within one or more of the following groups is <u>not</u> eligible to initiate a grievance under this procedure:

- 1. Probationary employees Unless there is a claim of unlawful discrimination or retaliation
- 2. The County Administrator
- 3. All Department Heads and their equivalents
- 4. Temporary, limited terms (grants), and seasonal employees.

The County Administrator, or designee, shall determine the employees (by position) excluded from this grievance procedure, and shall maintain in the County Administration list of such excluded positions.

#### 7-1.2 Definition of Grievance

A grievance is a complaint or dispute by an employee relating to his or her employment, including but not necessarily limited to:

- 1. Disciplinary actions including demotions, suspensions, and dismissals resulting from formal discipline or unsatisfactory job performance.
- 2. The application of personnel policies, procedures, rules and regulations, and the application of ordinances and statutes.
- 3. Discrimination based upon race, color, creed, religion, political affiliation, age, disability national origin or sex.
- 4. Acts of retaliation taken as the result of utilization of this grievance procedure or the participation in the formal grievance (under this grievance procedure) of another County employee.
- 5. Acts of retaliation because the employee has complied with any law of the United States or of the Commonwealth of Virginia, has reported any violation of such law to a governmental authority, has sought any change in law before the United State Congress or the General Assembly of Virginia, or has reported an incidence of fraud, abuse or gross mismanagement.

#### 7-1.3 Local Government Responsibility

The County reserves to itself the exclusive right to manage the affairs and operations of Clarke County. Accordingly, complaints involving the following management rights are not generally grievable:

- 1. Establishment and revision of wages or salaries, positions classification, or general benefits.
- 2. Work activity accepted by the employee as a condition of employment, or work activity which may reasonably be expected to be a part of the job content.
- 3. The content of ordinances, statutes, or established personnel policies, procedures, rules, and regulations.

- 4. Failure to promote, except where an employee can show that established promotional policies or procedures were not followed or fairly applied.
- 5. The methods, means, and personnel by which work activities are to be carried out, with due regard to safety, legality and ethics.
- 6. The hiring, promotion, transfer, assignment, and retention of employees in positions within the County service.

- 9. Termination, layoff, demotion, or suspension from duties because of lack of work, reduction in the work force, or job abolition, except where such action affects an employee who has been reinstated within the previous six (6) months as the result of the final determination of a grievance.

In any grievance brought under the exception to chapter 7-1.3 item 9, the action shall be upheld upon a showing by the County that (a) there was a valid business reason for the action, and (b) the employee was notified of the reason in writing prior to the effective date of the action.

#### 7-1.4 Determination of Grievability

The issue of grievability may occur at any step of this procedure prior to the panel hearing. However once the issue is raised, it must be resolved as provided herein before further processing of the grievance.

Decisions regarding grievability will be determined by the County Administrator, or a designee, at the request of the Supervisor or grievant within ten (10) calendar days of the request. A copy of the decision will be sent to the grievant. If the issue of grievability is not resolved prior to the panel hearing, it will be deemed to have been waived and the procedure will move forward.

The decision of the County Administrator may be appealed by the grievant to the Circuit Court for a hearing on the issue of whether the grievance qualifies for a panel hearing.

Proceedings for review of the decision of the County Administrator, or the designee, may be instituted by the grievant by filing a notice of appeal with the County Administrator within ten (10) calendar days from the date of receipt of the decision and giving a copy thereof to all parties. Thereafter, within ten (10) calendar days the County Administrator, or the designee, shall transmit to the Clerk of the Court to which the appeal is taken, a copy of the decision of the County Administrator, a copy of the notice of appeal, and the exhibits. A list of the evidence furnished to the Court shall also be furnished to the grievant. The failure of the County Administrator, or the designee, to transmit the record shall not prejudice the rights of the grievant.

Within thirty (30) days of receipt of such records by the Clerk, the Court, sitting without a jury, shall hear the appeal on the record transmitted by the County Administrator, or the designee, and such additional evidence as may be necessary to resolve any controversy as to the correctness of the record. The court, in its discretion, may receive such other evidence as the ends of justice require. The court may affirm the decision of the County Administrator, or the designee, or may reverse or modify the decision. The decision of the Court shall be rendered no later than the fifteenth (15) day from the date of the conclusion of the hearing. The decision of the Court is final and cannot be appealed.

#### 7-1.5 Compliance with Procedures

All stages of the Grievance Procedure beyond the first step shall be in writing on forms supplied by County Administration.

Personal face-to-face meetings between the grievant and the designated County representative are required at each step of the severance procedure.

Both sides may have appropriate witnesses present at Step 2 and beyond.

The grievant is entitled to representation at or beyond the Step 3. Such representation shall be at the grievant's expense and choice.

When the employee expresses his or her grievance in writing, he or she shall first obtain the required forms from County Administration.

That office shall thereupon open a file on the grievance and shall assist the grievant, the Department Head and the County Administrator in insuring that all papers are transmitted throughout this process in a timely fashion.

In the event that an employee files more than one grievance, the County Administrator may, at any time prior to the panel hearing, consolidate those grievances for joint processing. If the grievances are consolidated, the processing of the first grievance shall be suspended until such time as the last filed grievance proceeds to the same point in this procedure. Once consolidated, the grievances shall be processed at the same time.

After a grievance is committed in writing, failure of either party to comply with all substantial procedural requirements of the grievance procedure, including the panel hearing, without just cause shall result in a decision in favor of the other party on any grievable issue, provided the party not in compliance fails to correct the noncompliance within five (5) work days of receipt of written notification by the other party of the compliance violation. Such written notification by the grievant shall be made to the County Administrator or the designee.

The County Administrator or the designee may require a clear written explanation of the basis for just cause extensions or exceptions.

The County Administrator or the designee shall determine compliance issues. Compliance determinations made by the County Administrator are subject to judicial review by filing a petition with the Circuit Court within thirty (30) days of the compliance determination.

#### 7-1.6 Step 1 - Immediate Supervisor Level

An employee who has a grievance must discuss the problem directly with the immediate supervisor within twenty (20) calendar days after the occurrence which prompts the grievance. The supervisor shall give serious attention to the grievance, and must give the employee an answer within three (3) workdays following the meeting.

Step 1 is intended to provide for an informal, initial processing of employee complaints by the immediate supervisor through a non-written, face-to-face discussion format.

If a satisfactory resolution is not reached by this informal process, the employee shall reduce his grievance to writing, identifying specifically and in detail the nature of the grievance and requested remedy. The written grievance will be presented to the immediate supervisor within three (3) workdays of the date of supervisor's verbal reply to the verbal grievance. The supervisor will reply in writing within three (3) workdays of receipt of the written grievance.

In the event that the employee's immediate supervisor is the Department Head, then the grievant shall pass Step 2 of this procedure and proceed immediately to Step 3.

#### 7-1.7 Step 2 - Department Head Level

If the Step 1 written response is not a satisfactory resolution of the grievance, the employee may so indicate on Grievance Form A and submit the grievance to his department head within five (5) workdays. Within five (5) workdays of such submission, a meeting shall be held with the grievant and the department head to review the grievance. The time may be extended by mutual agreement of the department head and the employee.

At the meeting provided for above, the only persons who may be present are the grievant, one (1) person representing the appropriate management level at which the grievance is being heard, and appropriate witnesses for each side. Witnesses shall be present only while actually providing testimony. The meeting may be adjourned to another time or place by agreement of the parties. The Department Head shall provide the employee with a written reply to the grievance within five (5) workdays after the meeting.

#### 7-1.8 Step 3- County Administrator Level

If a satisfactory resolution of the grievance has not been reached at the termination of Step 2, the employee may submit Grievance Form B to the County Administrator or his designee. Submission to the County Administrator must occur within five (5) workdays following receipt of the response from the Department Head.

The County Administrator shall then meet with the employee within five (5) workdays or indicate that an extension is necessary. The extension shall not exceed three (3) additional days, except by mutual agreement.

The employee, at his option, may have a representative of his choice at the Step 3 meeting. If the employee is represented by legal counsel, the County Administrator likewise has the option of being represented by counsel.

The County Administrator shall render a written response to the grievance within five (5) workdays following the Step 3 meeting.

County Administration shall ensure that a tape recording of such meeting is made and retained in the file for not less than twelve (12) months. The grievant shall be entitled to a copy of the tape recording upon payment of a reasonable fee.

#### 7-1.9 Step 4- The Panel Hearing

If a satisfactory resolution to the grievance is not reached at the Step 3, the grievant may submit the grievance to an impartial grievance panel. The request for a hearing before a panel shall be indicated by the grievant on Grievance Form C provided for that purpose by County Administration and submitted to the County Administrator within five (5) work days of receipt of the Step 3 response.

#### 7-1.10 Composition of Grievance Panel

The Grievance Panel shall be composed of three (3) impartial members who will be chosen in the following manner:

One (1) member shall be appointed by the grievant,

One (1) member shall be appointed by the County Administrator,

The first two members shall appoint a third member.

To ensure an impartial panel, such panel shall not be composed of any persons having direct involvement with the grievance being heard by the panel, or with the complaint or dispute giving rise to the grievance. Managers who are in a direct line of supervision of a grievant, persons residing in the same household as the grievant and the following relatives of a participant in the grievance process or a participant's spouse are prohibited from serving as panel members: spouse, parent, child, descendants of a child, sibling, niece, nephew, and first cousin.

No attorney having direct involvement with the subject matter of neither the grievance nor a partner, associate, employee or co-employee of such attorney shall serve as a panel member. Both the grievant and the County Administrator shall select their respective member of the panel within five (5) workdays after the request for a panel hearing shall have been filed. These members shall, in turn, select the third member within ten (10) workdays after the request for a panel hearing shall have been filed. In the event that an agreement cannot be reached as to the final panel member, the Chief Judge of the Circuit Court shall select the third panel member.

The third member of the grievance panel shall serve as Chairman, shall set the time for the hearing, and notify the grievant and the County Administrator thereof.

The hearing shall be held within twenty (20) workdays after selection of the third panel member. This time limit may be extended by mutual agreement of the grievant and the County.

Both the grievant and the County may call upon appropriate witnesses and be represented by legal counsel or other representatives at the panel hearing. Such representatives may examine, cross-examine, question and present evidence on behalf of the grievant or the County before the panel.

The decision of the panel shall be final and binding and shall be consistent with the provisions of law and written policy.

The question of whether the relief granted by panel is consistent with written policy shall be determined by the County Administrator, or his\her designee, unless such person has a direct personal involvement with the event or the events giving rise to the grievance, in which case the decision shall be made by the Attorney for the Commonwealth of the jurisdiction in which the grievance is pending.

#### 7-1.11 Rules for Grievance Panel Hearings

- 1. A panel's responsibility is to ensure the proper application of the County's policies and procedures. Panels do not have the authority to formulate or to change policies or procedures; however, they may consider mitigating circumstances and modify the County's action concerning discipline. Panels do not have the authority to consider matters which the grievance procedure makes nongrievable. A panel by a majority vote may uphold or reverse the action of the County or, in appropriate circumstances, may choose a modified remedy. Panel decisions, however, must be consistent with provisions of law and written policy. Where a panel decision directs reinstatement of an employee, the panel has the authority to award full, partial, or no back pay for the period of separation as determined to be appropriate based on the circumstances of the case. In no case does a panel have authority to award damages or attorney's fees.
- 2. The grievance procedure is an administrative process designed for the resolution of sensitive personnel matters, and the panel hearing is the concluding step of the administrative process. The panel shall have the discretion to determine the propriety of attendance at the hearing of persons not having a direct interest in the hearing. However, at the request of either party, the hearing shall be private.
- 3. County Administration shall provide the grievance panel with copies of all documents and records germane to the grievance prior to the hearing and provide the employee with a list of documents furnished to the grievance panel. The employee and his attorney, at least ten (10) working days prior to the scheduled panel hearing, shall be allowed access to all relevant documents intended to be used in the grievance proceeding.
- 4. The grievance panel has the authority to determine the admissibility of evidence without regard to the burden of proof, or the order of presentation of evidence, so long as a full and equal opportunity is afforded to all parties for the presentation of their evidence.
- 5. All evidence shall be presented in the presence of the grievance panel and the parties, except by mutual consent of the parties.
- 6. Documents, exhibits, and lists of witnesses shall be exchanged between the parties in advance of the hearing.

#### 7-1.12 Conduct of the Grievance Panel Hearing

The grievance panel shall conduct the hearing as follows:

- 1. Opening and closing statements made be made by each party.
- 2. In disciplinary actions the County must present its evidence first and must show by a reasonable amount of evidence that the disciplinary action was warranted and appropriate under the circumstances.
- 3. With respect to all other actions, the employee must present his or her evidence so that a proper claim is present.
- 4. Formal rules of evidence do not apply, however, the panel shall have the authority to determine the admissibility of evidence and to exclude evidence which is irrelevant, immaterial, repetitive or confidential by law.

- 5. Non-party witnesses are not to be present in the hearing except to give testimony and be cross-examined.
- 6. Exhibits offered may be received into evidence and made part of the record.
- 7. The hearing must be recorded verbatim. County Administration has the responsibility of arranging for proper recording equipment. The panel is responsible for the recording and is to preserve the recorded tapes as part of the grievance record. Either party may receive a copy of the recording, if requested, for the cost of reproduction. A court reporter is not required. If a party requests a court reporter, that party is responsible for the cost. If a transcript is ordered, the other party may obtain a copy for cost.
- 8. The hearing officer has the authority to determine the propriety of attendance of all persons not having a direct involvement in the hearing including witnesses and spectators.

#### 7-1.13 Decision of Grievance Panel

The panel decision must be in writing and contain the findings of fact and the basis for those findings. The decision shall state in full the reasons for the decision and the remedy to be granted.

In granting relief the panel should be guided, but not bound, by the relief of question in the written grievance. Appropriate relief can include reinstatement to the employee's former position or, if occupied, to an objectively similar position in terms of duties and salary, normally in the same work organizational unit; an award of no, partial, or full back pay; and restoration for benefits, seniority and other legal entitlements. Against an award of full or partial back pay interim earnings are to be deducted. Damages and attorney's fees cannot be awarded.

Appropriate relief may also include an order to create an environment free from discrimination or retaliation or to take corrective action necessary to cure the violation and/or minimize its reoccurrence. Other prospective relief cannot be ordered.

The County cannot be ordered to promote, hire or transfer any employee. However, the panel can recommend such action and the County may act upon such recommendation.

If the policy has been unfairly applied or misapplied the panel may direct the County to reevaluate the challenged employment action in accordance with applicable policies and procedures.

The Panel may affirm in all respects the decision of the County Administrator or any supervisor of the County.

The majority decision of the panel, acting within the scope of its authority, shall be final and binding, subject to existing policies, procedures and law; the panel decision shall be provided to the County and the employee within fifteen (15) days from the conclusion of the hearing, and the decision shall be effective from the date issued.

Within five (5) workdays from receipt of the decision, either party may petition the panel for reconsideration or reopening of the record for good cause shown and stating the basis for such request. Good cause may include newly discovered evidence or evidence of incorrect legal conclusions. The panel has sole authority to grant such requests.

Either party may petition the Circuit Court having jurisdiction in the locality in which the grievant is employed for an order requiring implementation of the panel decision.

#### 7-1.14 Time Frames

For purposes of this regulation the term "calendar days" means a period of time during consecutive calendar days. If a final day for taking action falls on a Saturday, Sunday or legal holiday, the next following business day will be the deadline for purposes of this grievance policy.

Reference to "work days" are the days during which the County Administration office is customarily open, from Monday through and including Fridays, not including holidays observed by the County.

Time frames established under this procedure are intended to be strictly construed and enforced. Time frames may be extended by mutual agreement of the County and the grievant; provided, however, that if the County Administrator consolidates grievances, the employee's consent need not be obtained.

#### 7-1.15 Forms

At Steps 2, 3, and 4 of this procedure, the grievant must complete and file a Grievance Form, in accordance with the terms of this procedure and in accordance with the instructions contained on the Grievance Form itself. The Grievance Form is available from County Administration.

Grievance Form A: This form will be initiated by the grievant upon completion of STEP 2 and will constitute a statement of the grievance at STEP 3 of the Grievance Procedure.

Grievance Form B: This form will be initiated by the grievant upon completion of STEP 3 and will constitute a statement of the grievance at STEP 4 of the Grievance Procedure.

  - DEQ was notified via email that the basin was completed on June 18, 2013.
- 2. By July 1, 2013, move the manure solids separator to the compost building, and compact all traffic areas around the reception pit and compost buildings to reduce solids in stormwater runoff.
  - Project has been under construction for approximately 3 weeks.
  - Steel is on-site and welders are working on welding end caps, etc. (7/2/13).
  - Additional engineering for concrete push walls, vibration isolation equipment, etc. delayed the project.
  - White Post Dairy has requested a 30 day extension.
  - The press has been relocated to the compost building and should be operational within the next week. Grading around reception pit and old separator building has not been completed.
- 3. By August 1, 2013, construct walls on the former sand settling basin to prevent overflow of manure.
  - Complete
- 4. By July 1, 2013, submit plan to DEQ to improve leachate drainage from mortality compost pile at the old dairy to the old manure pit.
  - White Post Dairy has requested an extension. Plan to be submitted by July 3, 2013.

- 5. By July 1, 2013, prepare a spill prevention and response plan that contains detailed steps for the worst case scenario for each possible manure storage facility or conveyance on the farm including:
  - a. how to shut down the source of the spill
  - b. how to contain the spill
  - c. equipment and material needed to keep on site to contain spills.
  - White Post Dairy has requested an extension. Plan to be submitted by July 3, 2013.
  - Plan was submitted on July 3rd. DEQ has requested revisions to the site map with a due date of September 20, 2013.

  - White Post Dairy has requested an extension. Plan to be submitted by July 3, 2013.
  - Plan was submitted on July 3rd. DEQ has requested revisions to the site map.
- 7. By July 1, 2013, submit a plan to DEQ to eliminate the current stormwater basin, and route the stormwater drainage from the area surrounding the compost buildings, reception pit, and settling basins around the north end of the manure storage pit in a manner that will not compromise the integrity of the manure storage pit liner.
  - White Post Dairy has requested an extension. Plan to be submitted by July 3, 2013.
  - White Post Dairy has had their engineer onsite twice to collect information for plan development.
  - DEQ is reviewing the Facility's request to maintain the current stormwater basin and had agreed to provide guidance by September 13, 2013.

- 9. By September 1, 2013, ensure that any materials specified in the spill prevention and response plan are available for use on site.

- Materials available on site.
- 10. Within 60 days of DEQ approval of leachate drainage plan, complete approved leachate drainage improvements from the mortality compost pile at the old dairy.
- 11. Within 60 days of completing all physical improvements, prepare a training plan for employees for the spill prevention and response plan, provide training and send copy of training records to include employee names, date, times and nature of training.
- 12. Within 90 days of DEQ approval of the stormwater plan, per the approved plan, eliminate the current stormwater basin, and route the stormwater drainage from the area surrounding the compost buildings, reception pit, and settling basins around the north end of the manure storage.
- 13. By January 1, 2014, either obtain access to the manure storage pit access road and the GW monitoring well # 2 that is now located on the Roberts' property, or propose an alternative plan for monitoring down gradient groundwater resources.

Ian Williams Chairman Clarke County Sanitary Authority Address

Date

Dear Ian,

The Board of Supervisors has learned that a developer is proposing to extend a Boyce wastewater sewer line across the back of the Boyce Elementary School. As the County owns the Boyce Wastewater Treatment System and also has interest in the school property my Board requests that the Board of Supervisors review and approve any sewer easement crossing the Boyce school land before the Sanitary Authority accepts any such easement into the County owned system.

Please be aware that the Supervisors are not trying to stop the developer's project. We only want to make sure that the school property, which is owned by the citizens of Clarke County, is not encumbered in a way that will unduly restrict the future use of the property.

Sincerely,

Michael Hobert

- 2. FY 14 Supplemental Appropriation and Transfer Requests. The following actions would not trigger the need for a public hearing if they were adopted:
  - a) **Voting Equipment.** "Be it resolved that FY 14 Electoral Board expenditures be increased \$3,644, and the same appropriated, by recognizing \$1,000 revenue from the Commonwealth, and by transferring \$2,644 from the minor capital contingency, all for the purpose of providing handicapped accessible optical scan equipment."
  - b) Compensation Plan update. The estimated cost of updating the Government's Pay and Classification plan, including updating certain Job Descriptions, is \$7,500: "Be it resolved that \$7,500 be transferred from the Personnel contingency to County Administrator Purchased Services, for the purpose of updating the Government pay and classification plan."
  - c) FCWA Septage Agreement. This budget will require an additional \$500 by year end based on the O&M factor calculated by FCWA at the outset of the fiscal year. "Be it resolved that \$500 be transferred from the General Fund contingency for professional services to the Sanitation account."
  - d) **Historic Preservation Grant.** The Chapel Hill Historic District and Josephine City projects were not completed by June 30, so it is necessary to carry over the grant as follows: "Be it resolved that FY 14 expenditures of the Historic Preservation Commission be increased \$9,000, and the same appropriated, and that revenue from the Commonwealth be increased in the same amount, all for the purpose of completing certain historic preservation projects."
  - e) Gang Task Force Grant. The Gang Task Force Grant has received an extension of time for expenditure of their allotment, thereby enabling more expenditure in the grant: "Be it resolved that \$15,000 be transferred from Sheriff salary and benefits, to Gang Task Force salary and benefits."
  - f) Economic Development. "Be it resolved that \$1,750 be transferred from the contingency for minor capital to the Economic Development accounts for the purpose of purchasing two 'Welcome to Clarke County' signs."
  - g) Water Quality Testing. "Be it resolved that FY 14 Water Quality Management expenditures be increased by \$12,000, the same appropriated, and revenue from the Chesapeake Bay Restoration Fund recognized in the same amount, all for the purpose of conducting water quality testing."
  - h) Conservation Easement Fund Grant. "Be it resolved that FY 14 budgeted expenditure for the Conservation Easement Fund be increased \$21,250, the same appropriated, and revenue from the Farm and Ranchland Protection Program recognized in the same amount, all for the purpose of providing conservation easements on certain Clarke County properties."
  - i) National Fish and Wildlife Grant. The County was awarded a grant in 2012 which requires appropriation to FY 14. It should be made clear to account managers in the future that approval of the grant application is distinct from the legal requirement for appropriation action, which can occur only after the grant has been awarded. A copy of the grant is

attached, along with correspondence from the Board of Supervisors supporting the grant application. The following issues have been addressed since the August meeting:

- The invoice from the Downstream Project is being redrafted to exclude charges incurred prior to January 1, 2013 (grant start date).
- The unusual arrangement whereby the County transfers grant funds to the same organization that is providing the match has been confirmed as legitimate by the Fish and Wildlife in this case because it was approved as part of the initial grant application.

"Be it resolved that the FY 14 General Government Capital Projects Fund be amended to increase expenditure by \$141,603, to appropriate the same, and to recognize revenue from the Fish and Wildlife Foundation in the same amount, all for the purpose of watershed improvements to C-Spout Run, and be it further resolved that these funds be disbursed only to the extent that actual work has been performed, and that the matching grant amounts have been collected and expended by the sub-grantee agencies."

- 3. Conservation Easement Fund checking account. The Conservation Easement Authority has been utilizing a checking account for eight or more years with donations as the source of funds for this account. The existence of this account was not known to the Treasurer or JAS, and has therefore not been subject to audit. The following actions are recommended:
  - a) The account should be audited for FY 13.
  - b) The checking account should be closed, and the balance merged with that of the Conservation Easement Fund so all expenditure and revenue can be tracked in one system of accounts.
- 4. Parks and Recreation Field Lighting Project (FYI only). The Parks and Recreation Advisory Committee is supporting the purchase and installation of ball field lighting at the Chet Hobert Park. The Committee continues to work to secure 100% of the funding for this project, but uncertainties such as rock removal costs, will likely lead them to request in October that the Board of Supervisors put at their disposal \$25,000 of funds currently budgeted for Parks Westside Improvements. See documentation attached.
- 5. Acceptance of August Bills and Claims. Note that, as usual for this time of year, this report contains invoices paid against FY 13 as well as FY 14. The Finance Committee recommends approval of August Bills and Claims.
- 6. **Standing Reports.** The following are included: Capital Projects (FY 13). Reconciliation of Appropriations (FY 14). General Government Expenditure Summary (August). *The final FY 13 General Government Expenditure Summary will be presented in October.*

SUBJECT:

Voting Equipment

Earlier this year we presented a 5-year capital request for transitioning our voting equipment from DRE (direct recording electronic) devices to digital scan (attached). The plan identified equipment purchases to begin in FY2015 through 2018. The first phase of the transition includes the purchase of 1-ADA OS marking device with the addition of 2-units each subsequent year until fully transitioned.

In August we became aware of grant funds available through the State Board of Elections which will off-set 50% of the cost of ADA (Americans with Disabilities Act) compliant equipment. We would like to take advantage of the grant to purchase 1-ADA marking device to be used in our Central Absentee Precinct. The device is compatible with the M-100 Optical Scan tabulator currently in used in CAP.

The unit price of the ES&S AutoMark, through PrintElect, is \$1,999.00 (attached). Additional fees associated with training and delivery are quoted as \$1,645.00. The State grant in the amount of \$999.50, 50% of the unit price, has been approved (attached).

We are requesting a FY14 Electoral Board (13100-8201) supplemental appropriation in the amount of \$3,644.00 to purchase the AutoMark voter assist terminal. \$999.50 will be reimbursed to the County upon providing SBE with the paid invoice.

# Optical Scan Tabulator / DS200

We must begin considering an alternative to the DREs which can no longer be purchased (24.2-626). Our iVotronics DREs were puchased in 2005 and will need to be replaced within the next few years.

FY2015 6 - OS Tabulators / 1-unit for 5-precincts + 1-reserve: FY2016 2- OS Tabulators for remaing 2-precincts; FY2017 & 2018: 4 - OS Tabulators to provide 2-units in the larger precincts. (cost is estimated and subject to change)

# ADA Compliant Optical Scan Marking Device/AutoMark

Our current ADA iVotronics will be phased out and the use of the Optical Scan Marking Device will be its replacement. §24,2-626.1 requires the provision of at least one unit for individuals with disabilities per precinct. The initial purchase will include training - subsequent years will be the cost of the unit plus delivery.

FY2015 1 - ADA OS Marker / 2 - units each subsequent year to replace ADA DREs. (cost is estimated and subject to change)

#### Voting Booths

Code requires 1 Voting/Privacy Booth for each 425 voters. FY2015 reflect the initial purchase with additions/replacements in subsequent years.

#### Electronic Pollbooks

The goal is to add 4 EPBs (for a total of 21) by the 2016 Presidential Election and anticipating the need for replacing units in 2017 & 2018.

State funds  $\underline{may}$  be available to off-set a portion of the cost, but we should anticipate incurring the full burden of replacing the equipment.

SUBJECT:

Update Spout Run TMDL

DATE:

April 27, 2012

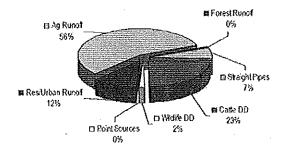

Spout Run has been designated an impaired waterway by the Department of Environmental Quality (DEQ) due to levels of bacteria and sediment that exceed water quality standards. Because of this designation a Total Maximum Daily Load (TMDL) study was completed in 2009 for Spout Run to identify sources of pollution and reductions needed to attain water quality standards. This is a similar process to that which has recently been completed for the Chesapeake Bay Watershed.

In order to develop the TMDL for Spout Run, DEQ conducted a series of meetings in the County to explain the TMDL process and requirements and get input from local stakeholders and citizens to make sure that the technical aspects of the study (including model inputs and assumptions) were accurate as well as acceptable to the community. In March 2010 the TMDL study was published.

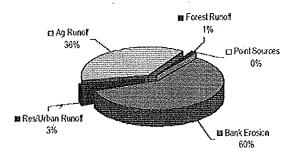

A TMDL considers point sources such as residential, municipal, or industrial discharges and non-point sources such as residential, urban, or agricultural runoff. DEQ used a computer model to track bacteria from the source, to the land, to the stream, and then downstream to the Shenandoah River. To make sure that the predictions were accurate, the model was compared to bacteria samples collected from the stream from 1991 to 2008. The model was found to be accurate within about 5% of the measured data. For predicting sediment loads, DEQ used a computer model that considered the slope, soils, land cover, erodibility, and runoff to estimate the amount of soil eroded in the watershed and deposited in Spout Run. Similarly to the bacteria model, the sediment model was calibrated against real-world suspended sediment and flow measurements taken from the stream.

For Spout Run the following Pie Charts depict the sources for bacteria and sediment as identified through the study.

#### **Bacteria Sources**

#### **Sediment Sources**

After figuring out where the bacteria and sediment in Spout Run are currently coming from, the computer models were used to figure out how much bacteria and sediment loads need to be reduced to clean up Spout Run and its tributaries. The following tables describe the reduction needs. More detailed results can be found in the report.

	Bacte	ria Reduction Needed	l (%)
Source	Page Brook	Roseville Run	Spout Run
Straight Pipes	100%	100%	100%
Cattle DD	91%	83%	67%
Wildlife DD	0%	0%	0%

Agricultural Runoff	50%	50%	67%
Residential/Urban Runoff	91%	83%	67%

Res/Urban	30%
Crop	30%
Pasture	30%
Degraded Riparian	
Pasture	67%
Forest	0%
Transitional	30%
Point Sources	0%
Bank Erosion	67% .

These are the basic results of the TMDL study. The current phase of the project is the development of the Implementation Plan, which was kicked off on April 3, 2012. This is the plan that lays out how the reduction goals will be reached. Typical ways that the reductions can be made include:

- Fencing out cattle from streams and provide alternative water sources
- Conducting stream bank restoration projects in areas where banks are actively eroding
- Leave a band of 35 100 ft along the stream natural so that it buffers or filters out bacteria and sediment from farm or residential land (a riparian buffer)
- Find and fix failing septic systems
- Pick up pet waste on residential and commercial land

These and other actions will be listed in the implementation plan with associated costs and how much of each action it will take to meet the goals. The clean-up plan will also identify potential sources of money to help in the clean-up efforts. Most of this money will probably be available in the form of cost-share programs, which share the cost of improvements with the landowner. Here is the link to the report.

## C-SPOUT RUN:

Building a Model for Comprehensive Watershed Restoration and Community-Based Stewardship

#### Project Abstract

This project will build upon an existing community partnership, formed to restore water quality and aquatic habitat in the Spout Run watershed through private landowner stewardship and an innovative multimedia outreach campaign. This initiative with be furthered through two targeted streambank restoration projects designed to maximize reductions in nutrient and sediment loading from agricultural land, and restore riparian and aquatic habitat to support reintroduction of brook trout in Spout Run. Restoration projects will utilize natural stream channel design techniques, and will be implemented in concert with additional best management practices including livestock exclusion on agricultural properties. In addition, a "Beautiful Buffers" program will be developed to encourage residential landowners to plant streamside buffers in areas falling within the county's stream protection overlay district. A targeted neighborhood stewardship program will be implemented in a highly visible subdivision located directly on Roseville Run, a tributary of Spout Run. Homeowners will be encouraged to reduce their stormwater footprint by installing rain barrels and a series of rain gardens to treat rooftop runoff. The highlight of this neighborhood stewardship program will be a contiguous 1000 foot riparian buffer, which will serve as a demonstration of how residential buffers can be designed to serve as an attractive landscape feature. In order to address urban sources of nutrients and sediment in the watershed, a stormwater retrofit will be completed based upon the results of a county wide assessment of retrofit opportunities using a new and innovative tree planting BMP developed by the Center for Watershed Protection.

Re: Chesapeake Bay Small Watershed Grant: C-Spout Run

Dear Ms. Bassow,

I am writing to express support for Clarke County's Chesapeake Bay Small Watershed Grant to foster enhanced landowner stewardship and the restoration of riparian and aquatic habitat in the Spout Run watershed. There is a critical need for projects that target restoration activities to maximize pollutant reductions while restoring habitat of significant ecological value in the Chesapeake Bay watershed today. If we are to meet the aggressive nutrient and sediment reductions established through the Chesapeake Bay TMDL, local governments will not only need to encourage the targeted implementation of practices that address the greatest sources of nutrients and sediment, but also those that restore natural resources of local significance. In order to truly improve water quality in our local streams and the Chesapeake Bay, a comprehensive and inclusive approach that considers agricultural, residential and urban pollutant loads is necessary. The holistic nature of the C-Spout Run project and the partnership that is behind it make it an excellent opportunity to improve a unique and ecologically valuable local stream and the Chesapeake Bay.

Spout Run is one of several spring creeks in the Shenandoah Valley that shows great promise for the reintroduction of brook trout. The local watershed community is both aware of, and enthusiastic about the streams potential to support a coldwater fishery. However, Spout Run and its tributaries are currently listed on Virginia's 303(d) list for a biological impairment due to excess sediment, and an *E.coli* impairment. A TMDL was developed for Spout Run in 2010, and an implementation plan is currently under development. Consequently, the local community has been actively engaged in the process of identifying measures that can be taken to restore the stream. Based on the findings of the TMDL study, much of the sediment in Spout Run is coming from the streambanks (approximately 60% of the total load). This means that in order to address the biological impairment, considerable streambank stabilization will be needed. Based on local knowledge of the watershed and preliminary stream surveys, it is clear that there are several sections of streambank that are contributing a large portion of the overall sediment load. This project will strategically target these stream segments.

The C-Spout Run project has engaged a diverse group of local stakeholders including non profits, local government and state agencies. The partnership that is in place in the watershed today will facilitate a comprehensive approach to watershed restoration that effectively addresses residential, urban and agricultural sources of bacteria and sediment in Spout Run. This holistic approach to improving water quality is critical to fostering broad based community stewardship, which was called for in the President's Executive Order for the Chesapeake Bay and associated action plan. Engaging the local community to do their part to reduce runoff from their roofs, lawns, pastures and parking lots will play an important role in cleaning up the Chesapeake Bay as well as our local rivers and streams.

Clarke County will be responsible for coordinating and developing the private landowner stewardship in the residential and urban areas of the watershed. This will include:

- Coordinating with the Interstate Commission on the Potomac River Basin (ICPRB) to conduct rain barrel workshops.
- Developing "attractive" riparian buffer program to begin vegetating setbacks in residential areas
- Working with the Center for Watershed Protection to identify 1-2 high priority stormwater projects in the watershed for targeting reforestation

We believe that this project will place a critical role in improving water quality and the overall health of Spout Run. We fully support this proposal. Please feel free to contact our Natural Resource Planner, Alison Teetor, (540) 955-5134, should you have any questions about Clarke County's role in this project.

Sincerely,

J. Michael Hobert Chair, Clarke County Board of Supervisors

#### MEMORANDUM

TO:

Tom Judge

FROM:

Lisa Cooke 776

DATE:

September 5, 2013

SUBJECT:

**Advisory Board Capital Budget Request** 

As we discussed on the telephone, at a special meeting of the Clarke County Advisory Board on August 28, 2013, the group unanimously voted to recommend to the Clarke County Board of Supervisors that we supplement the fundraising efforts of Clarke County Little League in their efforts to put lights on Field 3 at the Clarke County Park. To date, the group is \$7,198.00 short of the known costs of the project and has applied for a grant from Rappahannock Electric for this amount. It should be known by mid-September about this grant. Clarke County Little League also has an additional fundraiser planned in October for the project which historically nets \$3,000.

The Advisory Board voted to recommend the appropriation of up to \$25,000 of our capital funds to cover the unknown costs of the project which includes rock removal, the unloading of light fixtures at the Park and money that may be needed in the event the grant is not awarded.

Enclosed you will find supporting information for the project such as quotes, a letter of need of lighting from Little League, as well as a letter stating that Little League will pay electric cost at 100% when they are using lights.

If you have any other questions or need any additional information from me, please give me a call.

Why Lights? A lighted field would potentially affect over ¾ of our players who play for Clarke County Little League. Field 3, in the back of Chet Hobert Park, is a flat multiuse field. It can be used as a Tee Ball field, a machine pitch baseball field, and as a softball field for all of our girl teams. With the addition of a portable mound, which we co-use with a travel team, the field can also be used by our baseball teams. For the 2013 Spring Season, CCLL had 285 players. Of these, all but 39 players could practice or play games on this field. We have baseball players, including Tee Ball from ages 4-12, and softball players, ages 7-16, that play on this field. Of note, the only players that would not use Field 3 are our baseball teams with boy's ages 13-16 who have access to the larger lighted (Lloyd) field.

During the 2013 season, we had 25 teams. Each team practices at least once and has two games per week. We have several fields to use, but lose access to Hobert Field two days a week once the adult coed softball season starts. We also do not have Field 3 until 5:30pm due to the CCHS JV softball team that uses this field for practices during their season. This makes scheduling very difficult since every team needs practice time during the week. We try to schedule two teams per night on a field for practice, but two things make this challenging. First, parents who work out of town, have a difficult time making it to a practice that starts at 5pm on time. The other factor would be darkness. Early in our season or on cloudy days, it sometimes gets dark before a team has even had an hour to practice.

Rained out games, that need makeup's to be scheduled, limits the number of open time slots on any field. During 2013, we had several Saturday rainouts, and during the later part of May, a whole week of rainouts resulting in some teams having at least three games not being rescheduled due to lack of field time. Field 3, this past season, had games every night of the week played on it and from 9am until at least 3pm on Saturday. Also, we had to schedule three teams on a field for practice on numerous occasions thus giving a team only one hour to practice making it hard for them to get a lot accomplished.

Having a lighted ball field has the potential of doubling field usage. It will cut down on the field prep time and expense that the park and county employees incur. It will relieve the need for another field, and it will give our players the experience of playing and practicing under lights.

Another area that lights would enhance our program is during the fall. Every day gets shorter with the amount of daylight, so by the end of the season, the October practices have to be stopped by 6:30pm. We cannot host any home games during these weeks thus making our players and families travel out of county to play on week nights.

Field 3 with lights would also offer the High School a field to host night games especially during tournament time. Our league has been successful in providing both competitive teams and recreational

opportunities for the youth of Clarke County for the last 27 years. Just this last season, we had three teams win their district tournaments and were competitive at the state tournament level.

We feel we have a great deal of community support. In 2012, our fundraiser dinner sold 312 tickets with that number going up to 350 for 2013. Over 54 parents and board members have sold calendars in support of the field lighting effort. We are still continuing to raise funds as noted on the attached fundraising and donation reports.

On behalf of the Clarke County Little League Board of Directors, we believe that it is time to light Field 3. Our Light Fundraising Committee, along with the League, has worked hard raising funds and hope the remaining money can be designated or released to this project.

Thank you for your time and consideration.

Clarke County Little League will be responsible for paying the electric bill for the use of the lights on Field 3. We understand this will be a separate meter. An agreement will be worked out with the Park if groups other than CCLL use the lights.
