4. Planning Session

Discussion highlights include:

Chair Milleson read the following email from Chris Bates, who was not in attendance: "I think you have grasped the key issues. The issue of where we intersect with other committees is key to the success of all of them. And since the supervisors are now funding part of downtown Berryville, we should define our relationship with them. Two projects that appear to fit into our focus should be Millwood and route 601. (Bev has a handle on both)."

Chair Milleson reminded the committee that the EDAC receives instruction from the Board of Supervisors, who set the strategy of what economic development is wanted in Clarke County. Christy Dunkle suggested the committee come up with three or four priorities to present to the Board and go from there.

Millwood Traffic Issues

- Bev McKay provided a brief history of the Lockes Store. Brought up the fact the parking near the Locke Store gets so busy traffic bottlenecks down to one lane. Chris Boies recapped the issue of pedestrians on the roads and parking in inappropriate locations.
- After discussion, the members of the EDAC decided this was a public safety and road issue that needed to be taken to VDOT and the Sheriff's office.

Hay Sale and Small Animal Auction

- Christy Dunkle brought up the Hay Sale from the past, which Bev McKay confirmed is no longer happening.
- Bev McKay and Reid Dodson both brought up how it is difficult to find a source, and this could help small farms/farmers make a valuable connection.
- Bev McKay suggested combining a hay sale and a small animal auction.
- Reid Dodson mentioned that the Purrel Auctions, for a few years, were doing small animal
 auctions at the fairground. The auction, in the last year, moved to Frederick County because they
 could not get any Saturday availability at the fairgrounds.
- Betsy Pritchard felt this kind of activity could work at the fairgrounds.
- Chair Milleson asked how this would benefit the treasurer of Clarke County. Reid Dodson
 responded that it would create an outlet for farmers in the County. Chair Milleson further asked
 how it is revenue generating for the County, to which Bev McKay responded he felt it was not
 just revenue generating for the County but for everyone. Reid Dodson added it would bring
 people into Berryville. Betsy Pritchard added it gets money into the pockets of County farmers.
- Reid Dodson brought up that an auctioneer who is capable of doing it and wants to contribute would need to be found.
- After discussion, it was decided that this would be a good topic for further discussion.

Conversations with the Schools

Christy Dunkle suggested opening a dialogue with the schools again on what farmers are
producing. Previous school administrators were not keen on the idea but felt much information
could come from the Health Department or someone regarding items such as milk production
and packaging.

- Bev McKay brought up the fact that there are many requirements to take something into the schools to which Christy Dunkle felt a conversation would be beneficial.
- Betsy Pritchard added that Rappahannock County does a good job with projects like this in the school systems.
- After discussion, it was decided that this would be a good topic for further discussion.

Horses in Clarke County

- Reid Dodson pointed out that Equine was a rapidly expanding part of Clarke County.
- Betsy Pritchard asked if the Equine Alliance was still active in Clarke County. Felicia Hart stated that Chris Bates is still involved.
- Bev McKay mentioned that many people in the County make good money off retired racehorses through boarding and pasture rentals.
- After discussion, the committee decided there was not a significant need that the County could assist with concerning horses.

Commercial Coop Kitchen

- Reid Dodson stated if there were a commercial kitchen available for rent, he would be using it for his business already.
- Betsy Pritchard added that when her operation was inspected last year, she asked about renting
 the kitchen space out and was told to stop doing so immediately by VDACs because the kitchen
 was only licensed to her business and could not be shared with anyone else.
- Reid Dodson asked if the Health Department would need to be involved.
- Chair Milleson brought up the kitchen spaces in churches rented a minimum of once a month. Felicia Hart informed the committee at the Agritourism event farmers were told to reach out to their local churches if they needed larger kitchen spaces.
- On Friday, Felicia Hart told the group she was meeting with someone about a project like this.
- After discussion, it was decided that this would be a good topic for further discussion.

Small Livestock Clinics

- Christy Dunkle asked if there was a community need for classes on how to raise small livestock.
 Betsy Pritchard pointed out that the Cooperative Extension should be able to assist with this but noted they were low on staff, previously offering classes and courses but unsure if that still happened.
- Felicia Hart asked how 4-H fit into this. Betsy Pritchard responded that 4-H was for anyone 21 and under.
- Bev McKay suggested combing this with the hay and small animal auction idea.
- After discussion, it was decided that this would be a good topic for further discussion.

Threats

- Chair Milleson asked what, if anything, could be done about individuals buying commercial properties and leaving them to sit vacant.
- Reid Dodson felt that circled back to the Main Street problems; storefronts sitting vacant; there is nothing in place to deal with this issue.

- Bev McKay added that nutrient banks and solar farms take over production farmland which in turn takes away revenue for the County.
- Betsy Pritchard asked Chris Boies what the County stance is on solar farms. Chris Boies clarified
 that the zoning ordinance only allows solar farms to be located adjacent to a substation, of which
 Clarke County only has two; adding it is by a special use permit, not by right.
- Reid Dodson added that from the meeting packet, a slide mentioned that subdividing agricultural land to build houses costs more in the long run because of the resources it costs rather than keeping it as farmland.
- After discussion, it was decided that there was nothing the EDAC could do with this topic.

Business Call-Ins & Business Tours

- Chair Milleson asked the committee how they felt about going out to talk to businesses. Adding that he was unsure if people felt comfortable with the task.
- Betsy Pritchard commented that the Hospice still needed more space.
- Chair Milleson added he felt the business tours conducted in the spring and fall were his favorite
 meetings because you always learn something new. Betsy Pritchard stated she felt Grafton was
 eye-opening as a resident and had spread that knowledge to many people since that tour took
 place.
- After discussion, it was decided that there was not a need for a formal call-in for businesses; the committee is active in the community and will take anything they hear about to staff. It was also agreed upon to continue having two (2) business tours a year.

Brief Update by Christy Dunkle

- New psychiatrist's office across the street from the government building
- Met with the owners of the vacant lot on Chalmers; she had heard it is under contract, but she was not sure of the actual status.
 - Also spoke about the facade at the laundromat as the same people own that property.
- 37 E. Main and the old funeral home were purchased. The new owner received the grant for the facade update and is going to the Planning Commission for a Change of Use on that building.
- No news regarding the yoga studio.
- 11 & 13 E. Main St. were purchased. The building currently has Blikken Hut, a construction company, and four (4) residential apartments upstairs.
- Her understanding is a new dermatologist is going to buy the building at 15 W. Main St.
- Battletown pharmacy has a couple of people looking but is unsure of the exact status as she has heard it's under contract.
- Battletown Inn has nothing new to report.
- Hawthorne building has repointing, and work is being done on the chimney and roof.
- There is a new awning on Sweet Basil Thai.
- New windows were installed at Homespun, adding that the mural is fabulous, and she had received numerous positive comments.
- Unique Creations Studio went into Mayor Jay's empty yellow building on Main Street.
- Godfrey House has numerous Building and Zoning issues which are being worked out.

5. Next Meeting

- Wednesday, October 19, 2022 Fall Business Tour
 - Felicia Hart added that she is waiting for confirmation from Berryville Graphics on their interest. One company has backed out, and she will be reaching out to Macintosh Fruit Farm to gauge their interest.
- November 16, 2022 Regular Meeting

Recap October Economic Tour

Preliminary Discussion on Grant Opportunity for Commercial Kitchen

Economic Development and Tourism Update by Felicia Hart

Other projects:

Economic Development

An update to the VATI grant is schedule for later this week. Clarke County staff will be participating. Also note that All Points broadband will be presenting to the Board of Supervisors at their December 20th meeting.

Plans are in the works to host a half-day USDA training here in Clarke County at the Barns of Rose Hill in early December. This will be a regional event in partnership with Frederick County and the City of Winchester, along with the Blue Ridge Association of Realtors and the Northern Shenandoah Valley Regional Commission. I'm also exploring having the Virginia Extension office there. Invitations will be sent to elected officials, finance officers, business owners along with farmers/farm markets and realtors with a social media campaign to local business owners.

I continue to work one-on-one with the Laurel Ridge Small Business Development Center (LRSBDC). A copy of their latest numbers per locality is attached for your review. Our GOVirginia Small Business Resiliency Team grant is also being managed through the LRSBDC. Just as a reminder, this program assists small businesses with free access to marketing, financial guidance, creation of an e-commerce website and accounting software.

We just completed the WoW! (Worlds of Work) event hosted at the new Shenandoah University Event Center. This is in partnership with Frederick County, Page, Shenandoah, Warren Counties along with the City of Winchester. Clarke County had 5 businesses participate who had hands-on booths to showcase potential career opportunities to over 8,000 8th graders throughout the region.

Work continues at the LGV Group site. Their plans are to build 2- 60,000 square foot warehouses – one of which will, when completed, house their new facility. Upon completion, their current facility on Station Road will be moved to this new warehouse and then that facility closed.

The Agritourism Summit sub groups in partnership with Winchester/Frederick County still continues to meet. We're working on putting together manageable goals.

I continue to work directly with Shaine Coleman from Clarke County High School to make introductions to our local businesses for those students who may not be attending college. This includes working to find potential jobs in our area, and also allows the students to "shadow" an employee to determine if they really are interested in that profession. We just hosted a "field trip" for several students at the Winchester Airport.

I continue hosting weekly meetings with Frederick County and City of Winchester EDAs. Also part of the group is Christine Kriz with Laurel Ridge Small Business Development Center and Cynthia Snyder with the Top of Virginia Chamber.

Work continues on the regional "talent website." New information and photos of Clarke County are being added to this site. This site provides an overview of our area and the quality of life that we offer.

Page **1** of **4** 11/10/2022 11:12 AM

I continue to work closely with the Clarke County Farmer's Market to not only help promote their events, but assist them with regional/state/federal events and potential fundings for their members. I've given them the information for the Virginia Tourism Corporation's newest grant. Members of this group and I talk regularly about needs and opportunities.

I continue to work closely with local realtors to get a heads up of properties that will be coming on the market. This allows us to work one on one with them and make introductions to appropriate potential business owners.

We recently hosted the Fall EDAC Business Tour that included Berryville Graphics and Mackintosh Fruit Farm. It was educational for those in attendance.

We are already working on our next regional Employer Expo. Last years' was very successful and we expect the same going forward.

We continue to make introductions for local companies who have an immediate hiring need. Introductions include Clarke County High School, Top of Virginia Chamber, Christine Kriz at Laurel Ridge Small Business Development Center, United Way, Clarke County Department of Social Services and numerous local and state agencies.

I continue to have monthly phone calls with representatives of the Virginia Economic Developers Association (VEDA).

I continue to have monthly phone calls with representatives of the Virginia Economic Developers Partnership (VEDP).

Continue to meet with Christy Dunkle for updates/catch up.

Continue to meet regularly with Clarke County's Planning and Zoning Director for updates.

The last (for this year) New Resident Meet and Greet was just hosted with plenty of local non-profits set up. A copy of the invitation is attached.

We are about a year out since our first local Business Meet and Greet and I am looking at hosting our next one. More information will be provided as it becomes available.

Tourism

Just recently, our ARPA grant request from the Virginia Tourism Corporation (VTC) was approved for the full \$30,000. I want to thank Brenda Bennett for her help in managing/submitting the paperwork on our behalf.

Our approved request includes:

• Love Local campaign – a logo designed to showcase locally made (Clarke County) product. Full color stickers will be produced and provided to local businesses (including the farm markets) to showcase their County pride. The logo will also be made available for website and social media use.

Page **2** of **4** 11/10/2022 11:12 AM

- Restaurant Week campaign working with all County restaurants, a week will be
 determined by them to showcase what our restaurants have to offer. Social media and a
 print campaign will be included.
- Berryville/Clarke County Visitors Center enhancements campaign includes flags to show
 they are open, a "selfie" backdrop, production of town/county map for distribution to
 businesses to be able to provide to tourists, table display pieces will be purchased for their
 participation at off-site events like those at the fairgrounds, and a social media campaign
 through iHeart that will be tied in to a larger event at the fairgrounds for capturing tourist
 data is also included.
- Clarke County Ruritan Fairgrounds campaign includes on-site community calendar highlighting upcoming events, website enhancement and additional signage to help showcase what Berryville/Clarke County has to offer.
- Farm Tour a program that will play off the previously successful farm tour.

We continue to showcase the fair grounds and the rental opportunities there. I've arranged onsite meetings with two other larger events hosted in other localities to see what Clarke County has to offer.

- HamFest will be back
- Watermelon Pickers is expected to be back
- Luckett's Fair will be back for two events and possibly a holiday event later this year
- Fiber Festival is expected to be back
- We can provide them links to "Places to Stay" and "Things to Do" while their vendors and attendees are here – and share any specials or discounts, local businesses would like to offer.
- A "Welcome" piece was developed and given to the Ruritans to hand out to organizations who are renting/leasing fairground space. It provides my contact information and gives ideas on ways that I can assist them in not only promoting their event, but making introductions to local businesses who can be of assistance to them.
- The Ruritans have recently invested a considerable amount to clean up buildings and the grounds there. A number of buildings have been pressured washed and painted, the recent damage from a storm to the Horticulture Building has been rebuilt, fencing repaired and numerous other projects to enhance the facilities have been completed but still a work in progress. Fund raising has begun for the dairy barn.
- As a reminder, the Board of the Ruritans have approved my request to house the LOVE artwork on permanent display there along the Rt. 7 side for enhanced visibility. This will allow Clarke County to be a participant in the State WonderLOVE Trail through VTC.
 Now, I just have to work with local artists/craftsmen to get it designed and built.

I just participated in the first webinar for the VA250 Commemoration Committee on next steps for their event. This is the Virginia American Revolution 250 Commission that is working in partnership with the Virginia Tourism Corporation. More information will be provided as it becomes available.

I continue to write blogs for state, regional and local use.

Page **3** of **4** 11/10/2022 11:12 AM

We have expanded blog opportunities listings with the Shenandoah Valley Tourism Partnership (SVTP) and the Shenandoah Valley Travel Association (SVTA) and are sharing these with the Virginia Tourism Corporation (VTC).

We continue producing Welcome Bags with information about the Town/County, coupons/brochures from local businesses, information about local non-profits. Additional bags are provided to the Town of Berryville, the Commissioner's Office, the Treasurer's Office, local realtors and the Visitors Center.

Virginia's September Unemployment Rate Held Steady at 2.6 Percent; The Labor Force Participation Rate Decreased to 63.6% and Employed Virginians Rose by 993

RICHMOND— Virginia's seasonally adjusted unemployment rate held steady in September at 2.6 percent, which is 0.8 percentage points below the rate from a year ago. According to household survey data in September, the labor force increased by 108 to 4,346,936, as the number of unemployed residents decreased by 885 to 113,220. The number of employed residents rose by 993 to 4,233,716. Virginia's seasonally adjusted unemployment rate continues to be below the national rate, which declined 0.2 percentage point to 3.5 percent. The Commonwealth's labor force participation rate decreased by 0.1 of a percentage point to 63.6 percent in September. The labor force participation rate measures the proportion of the civilian population age 16 and older that is employed or actively looking for work.

Virginia's nonagricultural employment, from the monthly establishment survey, rose by 8,000 jobs in September to 4,093,600. August's preliminary estimate was revised upward by 300, adding to that month's job gain. In September, private sector employment increased by 7,000 November 16, 2022 Clarke County Economic Development Advisory Committee Regular Meeting Packet

jobs to 3,367,800, while public sector employment increased 1,000 to end at 725,800. Increases within that sector occurred in state government employment (+800 jobs), federal government (+200 jobs), and local government held steady.

Employment rose in nine of eleven major industry sectors and declined in two. The largest job gain during September occurred in Construction, with an increase of 3,300 jobs to 209,100. The second largest increase occurred in Trade, Transportation, and Utilities (+2,400 jobs) to 673,900. Professional and Business Services was third, with a gain of 1,600 jobs, rising to 796,300. Other increases included Education and Health Services (+1,000) to 568,900; Government (+1,000) to 725,800; Manufacturing (+900) to 240,400; Information (+800) to 70,500; Miscellaneous Services (+400) to 188,400; and Financial Services (+300) to 206,200.

The largest job loss during September occurred in Leisure and Hospitality (-3,500 jobs) to 406,800. The remaining loss was in Mining and Logging, with a decrease of 200 jobs to 7,300.

^{*}Current month's estimates are preliminary.

Seasonally adjusted total nonfarm employment data is produced for ten metropolitan areas. In September, seven metropolitan areas experienced over-the-month job gains while three saw an employment decrease. The largest absolute job increase occurred in Virginia Beach-Norfolk-Newport News (+2,700 jobs). The next largest absolute job gain occurred in Richmond (+2,000 jobs). The third largest increase occurred in Charlottesville (+800 jobs). Other over-the-month job gains occurred in Blacksburg-Christiansburg-Radford (+500), Lynchburg (+300 jobs), Roanoke and Winchester (+100 jobs). The largest decrease was in Harrisonburg (-900). The second largest decrease was in Northern Virginia (-300 jobs). The third largest was Staunton-Waynesboro (-300).

Over-the-year, seasonally adjusted total nonfarm employment increased in all ten metropolitan areas. The Northern Virginia metropolitan areas experienced the largest absolute job gain 4 up 1

38,400 jobs (\pm 2.6%). Virginia Beach-Norfolk-Newport News was next, with a gain of 18,500 jobs. Richmond was third, with a gain of 10,900 jobs. Other over-the-year job gains occurred in Charlottesville (\pm 4,500 jobs), Lynchburg (\pm 3,400 jobs), Roanoke (\pm 2,600 jobs), Blacksburg-Christiansburg-Radford (\pm 2,200 jobs), Staunton-Waynesboro (\pm 1,400 jobs), Harrisonburg and Winchester (\pm 1,200 jobs).

Not Seasonally Adjusted Data

Virginia's unadjusted unemployment rate decreased 0.6 of a percentage point in September to 2.6 percent. This is 0.8 percentage point lower than the rate from a year ago. Compared to a year ago, the number of unemployed decreased by 32,141, household employment increased by 134,992, and the labor force increased by 102,851. Virginia's not seasonally adjusted unemployment rate continues to be below the national unadjusted rate, which decreased 0.5 percentage point in September to 3.3 percent.

Compared to last month, the September unadjusted workweek for Virginia's 156,100 manufacturing production workers increased by 0.1 hour to 43.0 hours. Average hourly earnings of private-sector production workers increased \$0.45 to be \$22.56 in September and average weekly earnings increased by \$21.56 to \$970.08.

###

Technical note: Estimates of unemployment and industry employment levels are obtained from two separate monthly surveys. Resident employment and unemployment data are mainly derived from the Virginia portion of the national Current Population Survey (CPS), a household survey conducted each month by the U.S. Census Bureau under contract with BLS, which provides input to the Local Area Unemployment Statistics (LAUS) program (often referred to as the "household" survey). Industry employment data is mainly derived from the Current Employment Statistics (CES) survey, a monthly survey of approximately 18,000 Virginia businesses conducted by BLS, which provides estimates of employment, hours, and earnings data broken down by industry for the nation as a whole, all states and most major metropolitan areas (often referred to as the "establishment" survey). Both industry and household estimates are revised each month based on additional information from updated survey reports compiled by the BLS. For national figures and information on how COVID-19 affected collection of the BLS establishment and household surveys in April 2020, refer to the BLS **September 2022 Employment Situation** press release for details.

The statistical reference week for the household survey this month was the week of September 11-17, 2022.

The Virginia Employment Commission plans to release the September local area unemployment rates on Wednesday, November 2, 2022. The data will be available on our website www.VirginiaWorks.com. The October 2022 statewide unemployment rate and employment data for both the state and metropolitan areas are scheduled to be released on Friday, November 18, 2022.
